Satisfies More Than Sentiment
Much Candy is selected because of its popular name or on account of its attractive container. This is especially true of candies which are bought for gift purposes. But when

GOOD CHOCOLATES
are selected there's something more than sentiment involved in the purchase. Their fine QUALITY is universally acknowledged. Freshness and purity are always guaranteed because of the frequent shipments which we receive direct from the factory. We stock PAGE & SHAW'S, NEILSONS & MOIRS. Let your next candy purchase be made here. We also handle an excellent assortment of BULK CHOCOLATES—and other Candies—the kind the kiddies like.

Serve with Oatmeal

—To bring the rose tint to women's and children's cheeks.

—To increase men's energy and vim.

Do this, madam, for tomorrow's breakfast: Stew some raisins according to the recipe printed here, and mix with the oatmeal that you serve tomorrow morning.

Do it for the added flavor—to make oatmeal more attractive.

But do it mainly for the food-iron that raisins send into the blood, and for the raisin's mildly laxative effect.

The bloom of youth

The tonic food-iron of raisins helps to bring the bloom of youth to cheeks that perhaps are paler than they should be. Then the nutriment of raisins—1560 calories per pound—gives men and children the energy they need.

For regulating, tonic and nutritious properties combined, one can find no other food that's so effective. The luscious flavor makes it easy to serve stewed raisins frequently, so there's every argument in favor of their daily use.

Try it for a month and see. Look in your pantry now. Begin tomorrow.

Send for free book, "100 Raisin Recipes." But first try the recipe printed here.

SUN-MAID RAISINS

Use Sun-Maid Raisins in all your cooking, for they are the finest grown. Made from tender, juicy, thin-skinned California table grapes.

Packed in an immaculate plant in California. Clean, sweet, wholesome, American raisins—the kind you know are good.

Three varieties: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). All dealers. Insist upon the Sun-Maid Brand.

Send for free book, "Sun-Maid Recipes," describing scores of ways to use.

Stewed Raisins

Soak raisins over night, pour water off and place in stewpan, putting in not quite enough water to cover and cook slowly for about an hour, then sugar to taste and add a bit of vanilla. Some raisins do not require much or any sugar.

What Dr. J. H. Kellogg says:
(Dr. Kellogg is head of the famous Battle Creek Sanitarium.)

"Raisins are served on the Battle Creek Sanitarium Table every day. A pound of Raisins has twice the food value, an equal amount of iron and seven times as much food lime as a pound of choicest lean steak. The sugar of Raisins is much more wholesome than cane sugar, requiring no digestion and being absorbed in one-fourth the time required for ordinary sugar. If the American people would eat more Raisins and less meat, the results would be better digestion, less rheumatism, less Bright's disease, less heart disease, greater efficiency and longer life."

Seed Wheat

A Change of Seed Wheat always pays, and doubly so this year when so little of the Island Grown Wheat is fit for Seed. A two bushel bag (sufficient for one acre), will give a supply of Seed Stock for next year, but it will also pay several times over to sow an entire change of Seed.

Our Stock of Seed Wheat is all grown in Ontario and Ontario's Seed Wheat always does well when grown in this Province, as the climate is similar.

We have in Stock and to Arrive
White Fife: (extra choice.)
White Russian: (extra choice.)
Red Fife: (equal to number one hard.)
Colorado Bearded: (Choice Stock.)
All done up in bags of two bushels each. See samples at our Seed and Feed Warehouse, or write us for prices and samples.
Our importation of Seed Wheat is sold by Merchants all over the Province. If you cannot get what you want from them write us.

M. L. A. Visit

Technical School

On the invitation of Hon W M Lea, Commissioner of Agriculture, a large number of members of the Legislature visited the Agricultural and Technical High School on Wednesday and shown through the various departments of the institution. The members were first conducted to the library where they were welcomed by Mr Vernon Crockett, principal of the School. They were then conducted through the wireless department (where Mr Keith Rogers explained the wonderful apparatus to them) the manual training department (where they watched the class at work) the Dairy Department (where they were addressed by Mr Barr) and through the motor mechanics department. A demonstration in stock judging was given for their benefit by Mr Reid of the Agricultural Department. The members were then conducted to the Recreation Hall where they saw the students at physical and military drill. At the conclusion of their visit they were conducted to the shooting gallery

in the basement of the building which has been arranged for cadet rifle practice. Mr Brodie, M L A., tried his skill at one of the targets and pulled down a bull's eye. Many of the visiting members commented enthusiastically upon the efficiency of the various departments.
