

A Novel & Safe Way Of Dealing With COUGHS & COLDS.

THERE is no safer treatment for colds, chills, sore throats and bad coughs than to take a few Peps tablets.

Peps soothe the tender throat and air-tubes and remove mischievous germs. They keep the delicate respiratory organs healthy and protect chest and lungs from harm in this trying wintry weather.

Sealed up in every Peps tablet are powerful medicinal fumes which are carried with the breath straight into chest and lungs. That is the secret of their valuable "direct" action.

NO HARMFUL DRUGS Free from opium, alcohol and other harmful drugs, Peps are adapted for old and young. Dr. Gordon Richards and other eminent authorities acknowledge Peps as the safest and most effective throat and chest remedy ever discovered.

PAYNTER—PROFIT, SHERITT—STEWART.—A very pretty double wedding was solemnized at St. Andrew's Episcopal Church, Marlboro St., on Tuesday evening when Miss Myrtle Profit was married to Mr. Harold Paynter and his sister, Mrs. Bessie Stewart, was married to Mr. Stanley Sheritt. The brides were gowned in blonde crepe de chine, trimmed with broad edged velvet and wore hats to match. They wore pearls, gifts of the grooms and carried Lady Coolidge roses. The ceremonies were performed by Rev. Cuthbert Fowler, rector of the church, and the wedding marches were played by Mrs. Alice Reynolds. The brides were given in marriage by Mr. Francis J. Techa of Cambridge. The ushers were Mr. William Reynolds of Belmont and Mr. Elmer Bernard of Medford. After the ceremony about forty guests were conveyed to the home of Mr. and Mrs. F. J. Techa, 72 Lawn St., Cambridge, where the reception was held. They were assisted in receiving the guests by their aunt, Miss Frances May Profit and their sister, Miss Fanny M. Profit. Many beautiful and useful gifts were received by both couples. After the reception the happy couples left on a wedding trip to New York City and on their return will reside in Cambridge. The bride formerly lived in Kensington, P. E. I., but for the past few years have made their home in Belmont. (—Other papers please copy.)

INSIDIOUS EYE STRAIN

We use this adjective advisedly. Sufferers from Eye Strain may have perfect vision and therefore do not suspect the presence of any eye defect. The motive power of the entire human organism is Nerve Energy. Normal eyes, it is computed, utilize about 20% of this Nerve Energy, but when Eye Strain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy, may seriously affect the functioning of other organs of the body, and produce ill health.
