Deans Turn In Great Performances

Horse Memoirs

(C. R. MacKenzie)

PARKSIDE (1928).

The writer has recently received from an interested friend a number of breeding cards issued by owners of some of our best sires in the province during the latter eighties and nineties.

The subject of today's sketch is Parkside 222%, owned by the late W. A. Brennan, Parkside Farm, Summerside. He is described as follows: Bay horse foaled in 1888, Standard and registered in Wallace's American trotting register Volume VII. Bred by Senator Leland Stanford at Palo Alto Farm, Santa Clara Valley, California.

This horse was a rich mahogany bay with black points, standing sixteen hands and weighing over 1100 pounds. He had a remarkable substance, power and quality, splendidly proportioned and beautifully finished.

Parkside in breeding was what one might call and aristocrat in those halcyon days of horse breeding. Sired by Clay 225, who in 1894 had five in the charmed list, Parkside leading. Clay was a son of the then world renowned Electioneer, sire of Arion 207%, Sunol 208%, Fole 208%, Bellflower 213%, Advertiser 214% and one hundred and thirty two others with records lower than 2.30, and was also the sire of thirty-four sons that had sired one hundred and seventy-nine 2.30 performers, as well as the dams of thirty-four mares producing 2.30 speeders.

Electioneer being a son of Hambletonian 10—his dam being the noted Green Mountain Maid, dam of nine 2.30 performers. Green Mountain Maid was sired by Henry Clay who made a record of 2.29 in 1864.

Parkside's dam Unta was a daughter of Gen. Binton sire of twenty in the 2.30 list, also sire of the dams of Scumol 208%, Truman 216%, Starlight 216% and many others.

Gen. Binton bred back through Jim Scott to the famous Abdallah I. and through his dam to Mambrino and Chief.

Thus we see that Parkside was a representative of the Hambletonian-Clay-General Binton-Mambrino-Chief thoroughbred combination extremely rich in all its branches

and at that time was the only representative in Canada of this gifted combination.

With the breeding given above one would naturally look for performance and transmission of these qualities that go to make a real horse and the records of performances of this horse and his stock proves that it paid to breed to the best.

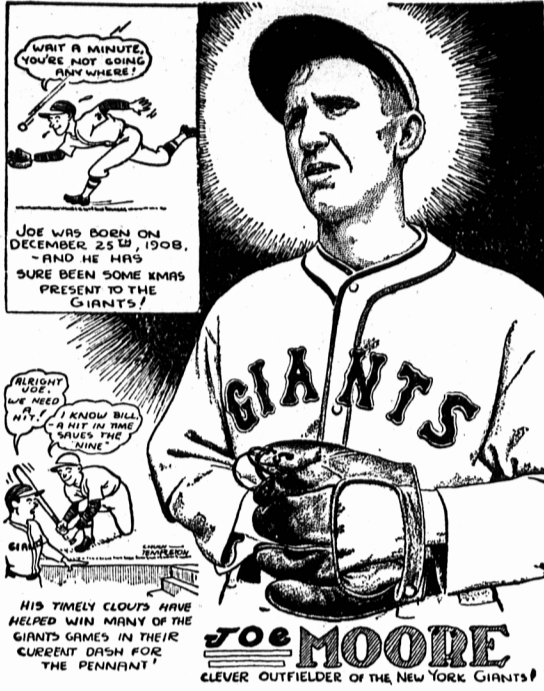

Of this horse's turf history one finds that he started out in his two-year-old form. His first appearance was on Summerside track on September 20th, 1890 in the futurity stake races for foals of 1888. There were eleven starters in this contest and Parkside drew a very unfavorable position, yet despite this fact he won the following position in the summary, namely: 9 3 5. His next public appearance was on the same track on July 1st, 1891 on the three year old class, his competitors on this occasion being Maritima bay filly by All Right, Lulu Chief, black filly by Island Chief, Peerless, bay filly by Principal and John L., a bay gelding by All Right. This race was decided in a single heat Parkside winning in 2.42 1/2, all the others outside the distance flag.

His next appearance was at the 1891 futurity for three year olds, the other contestants being Dot, by Administrator, Almost Wilkes, by stallion by Hernando and Peerless by Principal. This race was one of the most hotly contested and exciting ever trotted in the province. Parkside won the first heat in 2.37 1/2 an dthe second in 2.41. Dot then came up and won the next three heats in 2.41, 2.38 1/2 and 2.41 1/2. A few days later at Amherst N. S. in the Maritime Colt Stakes, Sept. 10th, 1891, Parkside met and defeated C.P.R. by All Right, High-lawn Belle by Alcantara and Lucy A., by Peter Blair. This race was decided in one heat, Parkside at the head and without a skip or break made the mile in 2.37 1/2, all the others getting the distance flag. He started again at Halifax on September 30th, 1891 in a field of seven, but on account of sickness of the flag in the first heat in the slow time of 2.39 1/2.

Parkside's last 1891 appearance was at Charlottetown on October 9th when he won the three year old race in straight heats defeating his old competitors Dot and Almost Wilkes; the time being 2.40 1/2, 2.38 and 2.34, which gave him the Maritime Province three-year-old record.

A continuation of this noted horse's performances as well as the performances of a number of his colts will be given in next week's Guardian.

JOE MOORE, CLEVER OUTFIELDER OF THE NEW YORK GIANTS

Sport Briefs

(Continued from Page 6)

The course was George J. Rogers.

Lorne Unsworth carried off the honors of the day, winning the quarter mile bicycle race in 35 3/4, the half mile in 1.15 3/4, the two miles in 6.13 2-5, the three miles in 9.33 1-3. B. C. Prowse, afterwards Senator Prowse, won the one mile bicycle championship in 2.54 4-5. Other cyclists who were very prominent in the above sports were Billy Cook (Lt.-Colonel), Creel McArthur (Senator), Wendall Harvey, Grady, Colwell and Mollison from Summerside.

The half-mile running race was won by Lou McMillan in 2.08 1-5, which was a new P. E. I. record for the run. The quarter mile run was won by Bill Edmonds with Hurtle McGregor second, time 55 2-5 seconds.

There was a lot of excitement over the hundred yard dash which had some excellent sprinters. Hurtle McGregor, Gerald McLean, Eddie Redmond, Paddy Duffy, D. J. McDonald, W. A. Edmonds, Vic Goodwill. They were divided up into heats. The first heat was won by Paddy Duffy in 10 2-5 seconds. The second heat was won by D. J. McDonald (Post Office Dan) in 10 2-5 seconds, but Bill Edmonds came through to win the final heat in the same time.

There was a quarter mile horse reel race between teams representing the Hook & Ladder, Rollo and Ramblers. Rollo team won, time 1.19 1-5, the Hook & Ladder second, time 1.21 3-5, Ramblers third, time 1.22 2-5.

Following were the teams: Rollo-Bert Newson (Capt.), Harry Mathieson, James Mathieson, Patrick Duffy, Phil Egan, Rufe Hogan, Henry Gaudet, Berne McQuillan, J. A. Miller and John Turner. Hook & Ladder-D. Finlayson (Capt.), Ed Hughes, Jerrold McLean, Vic Goodwill, F. Kennedy, John Martin, Hooper Horne, Vic Douse, Robert Smith, A. Gaudet, Ramblers-T. Ranaghan (Capt.), W. A. Edmonds, J. Hennessy, T. Howatt, J. Praught, H. McKegre, L. McMillan.

I was very much impressed with the riding ability shown by several of the bicyclists on Thursday afternoon. The mile which Brynton won in 2.34 with McIntyre a close second, was an excellent performance with the heavy semi-racer type of wheel they were using. Fitted out with a modern racing wheel which would weigh in the vicinity of twelve to fifteen pounds

and given about three weeks training under a coach, these two boys should be able to go out and smash the Maritime record for the mile which is we believe in the vicinity of 2.20.

The greatest gathering of women athletes the world has ever known saw Germany come through with a smashing victory in London recently over competitors from seven other countries. The German girls won nine of the twelve events on the track and field program at the women's fourth world games. Of the remainder two went to Poland and one to Czechoslovakia. The English team who were formerly at the top in women's athletics, gained only one second place and five thirds.

The Japanese turned the tables on the visiting American track and field stars at Osaka, Japan, last Monday, when they won with a final score of 77 1-2 points to 75 1-2 points for the American team. Japan won the hop, step and jump, 110 metre hurdles, running high jump, 16 lb. hammer throw and Swedish relay.

Hymie McArthur and Joey Beaton, members of last season's Abbies, leave for England from Halifax on one of the Cunard steamers next Monday. Other players which will make up a team are going by the same boat. They will tour Europe playing matches against English, French, German and Czechoslovakian hockeyists. The former Abegweit front liners along with Ron Hudson formed what was known as the "Kid Line." Both Joey and Hymie left yesterday afternoon by the Hochelaga.

Hockey is very much in the air, particularly as the residence rule comes in October 1st. So on that date Canadian Press despatches will carry the story of the lineups which Charlottetown, Halifax, Saint John and Moncton will parade.

From what we can gather Saint John looks very strong with Haws Marsh, Red Farrell of the Hamilton Tigers as goalie and defence respectively, Hugh O'Leary of Port William's Thundering Herd and Jack Draper also defence, and our friend Bill Walker added there, they should be able to carry on. Nine forwards have also been mentioned so that their roster will run up to fifteen or sixteen that we know of. Perhaps they may intend to put two teams in the League or else they are preparing for a lot of casualties.

A traveller who is a great hockey fan, discussing the various hockey

IRON DUKES WIN OPENER

(C. P. by Guardian's Special Wire) SPRINGHILL, N. S., Sept. 21—Springhill's "Iron Dukes" defeated Sydney Mines Sea Gulls 8-6 today in the first game of baseball championship series. Tired from a long journey which ended only half an hour before the game began, the Sea Gulls let the Dukes swing into an early lead which was never relinquished. Helped by a triple from Bell's hefty bat, three other runs and one error, the Dukes picked up five runs in the first inning. Another one in the second when Dykens made a home run and two more in the fourth. It was not until the fourth that the Sea Gulls got under way, scored their first two runs, and never let their opponents score again. They garnered three more runs in the fifth and another in the seventh. Springhill then tightened up its defense and were able to stop the Sydney comeback just before it was complete.

RYN WINS FROM SHIELDS

(A. P. by Guardian's Special Wire) LOS ANGELES, Sept. 21—The court strategy of John Van Ryn, Philadelphia, was too much for Francis X. Shields, the United States ranking player, in the quarter-finals of the Pacific southwest tennis championship today. The "forgotten man" in the Davis Cup selections won a straight set match from the New Yorker 7-5 6-2, 12-10. In victory, Van Ryn kept his slate with Shields clean for the New Yorker has never won a singles match from him in major competition. Van Ryn will meet the winner of the George Lot-Pred Perry quarter-finals match Saturday. Perry the defending titlist, did not play today. Two British feminine stars were ushered out of the women's singles play. Josephine Cruickshank Bart, Ana, turned in an easy victory over Freda James, England 6-0, 6-4. Mrs. Ethel Arnold, Los Angeles, champion here two year ago, took straight sets from Betty Nuthall, England 6-2, 8-6.

Has Valuable Specimens Of Northern Life

(C. P. Cable by Guardian's Special Wire) ST. JOHN'S, Nfld., Sept. 21—Returning from the north with valuable specimens of wild life and much scientific data, Captain Bob Bartlett arrived in St. John's today on the ice-sarred schooner Morrissey and described his trip as "the most successful" of any of his many adventurous voyages. The veteran explorer was unable to break his way through the ice to the Peary monument but from a position within 25 miles of it could see the sun's rays reflected from the bronze top. Under the auspices of the Academy of Natural Sciences of Philadelphia, he led a scientific party into lonely northern channels late in June and spent the summer collecting material believed to be of great value.

RETURN TO DESKS

MONTREAL, Sept. 21—About 90 percent of the 1200 to 1500 pupils of Baron Byng and Commercial high schools who staged a walkout as a protest against increased tuition fees were back at their duties here today. Of the remaining 10 percent, quite a few absentees were accounted for due to illness so that only a negligible number of the original strikers continued to play hooky. teams with the writer said, "Saint John will win all their games at home." "Why?" I asked. "Because of the peculiar shape of their rink; it gives them about twenty percent advantage."

THE BACK STRETCH

(Continued from Page 6)

Two Canadian Futurities, one for three-year-old trotters and one for three-year-old pacers, each carrying a purse value of \$3,000, were raced at the Canadian National Exhibition, Toronto, Wednesday, September 19th. Rita R. won the three-year-old trotting feature in straight heats from ten opponents, time 2:19 3-4, 2:17 1-2, 2:18, while Cream of Tartar 2:09 1-2 carried off first honors in the pacing division after losing the first heat to Worthy Widow (3) 2:13, a full sister to Baldwin 2:02 1-2. Time 2:13 1-2, 2:14 1-4, 2:13 3-4.

It is not often that a sire and his daughter win at the same meeting, but at the above races Juliette Todd 2:13 1-4, a stallion with a rather feminine name, won his race, best time 2:13 1-4 and the next day Rita R. four-year-old filly also won. The Todd horse is an inbred Bingen, tracing back to Bingen on both his sire and dam's pedigree.

One of the great performances at the Syracuse Grand Circuit meeting the first week in September which we failed to touch upon, was a new world's record established by the trotting stallion Van Sandt, son of San Francisco 2:07 3-4, when he won the third heat of the Free-for-All Trot in 2:00 3-4, thereby hanging up a new world's record for a third heat trotting in a race.

Harry Bruse, whom we mentioned earlier in these notes, was very much in the limelight at Brockton Fair last week, winning the 2:25 Pace with Lochinvair, a bay gelding by McGregor the Great. Harry was 1.1, 1.1 in 2:29, 2:08 1-4, 2:08 1-4. Only a month before Harry had picked up this four-year-old pacer for \$100, at the Rockingham Grand Circuit meeting. He made a few adjustments in his shoeing and the youngster from the West became a stake prospect almost overnight. His name reminds us of the old poem we read in our school books years ago.

"O Young Lochinvair is come out of the west, Through all the wide border his steed was the best, And save his good broadsword, he weapon had none, He rode all unarmed, and he rode all alone. So faithful in love and so dauntless in war, There never was knight like the young Lochinvair."

A stallion is made or broken very quickly in the United States today. If he gets out and win some futurities, he rapidly sinks into oblivion. Just now Walnut Hill's young stallion Volomite (2) 2:03 1-4, is very much in the limelight through the performances of world's record breaking Tara (3) 2:03 1-4, Princess Peg 2:03 1-2.

At the Reading, Pa. Fair a week ago Wednesday, Princess Peg won the three-year-old Futurity which carried with it a purse of \$5,000, and a valuable trophy from a very high class field, time 2:07 1-4, 2:06 1-2, 2:08 1-2. The 2:06 1-2 is a new futurity record for Reading, Pa.

At the same meeting Ray Henley won the 2:07 Class Pace, stepping the first and third heats in 2:03 1-4, 2:03 3-4. We may remark that Reading track is one of the fastest in the U. S. A.

A feature of the racing at Frederick Exhibition was the winning of the 2:19 Trot and Pace by Mac Forbes, driven by the veteran John Willard, the second and third heats being in 2:10 1-2 and 2:09 1-2. John Willard is over seventy-five years of age but still retains the faculty of plotting winners. It was away back in 1921 that he arrived here with John R. Braden and won the Free-for-All in straight heats, stepping the third heat in 2:08 3-4 a then new track record which remained unbroken until 1931 when it was lowered to 2:06 by Ed's H. Windsor Lad, whose name and fame rang throughout the world as

St. Louis Cards Win 2 Games From Dodgers

Paul Pitches No Hit, No Run Game As Brother Allows But Three Hits In Opening Tilt.

(A. P. By Guardian's Special Wire) NEW YORK, Sept. 21—Paul Dean, the 20-year-old junior member of St. Louis Cardinals' great one-family pitching staff, wrote his name high on the scroll of major league pitchers today at Brooklyn when he shut out Brooklyn Dodgers without a hit or a run in the second game of a double header after his elder brother, Jerome Herman (Dizzy) Dean had failed by a very narrow margin to perform that feat. Dizzy allowed just three hits, all of them in the last two innings, and behind this superb hurling the Cards won the two games, 13-0 and 3-0 to slash a half game off New York Giants' lead in the National League pennant race.

Memphis Bill

Manager and First Baseman of the New York Giants, hopes to lead his team to victory in the World Series in 1935 and has been with them ever since. He succeeded John McGraw as manager in 1932.

the winner of the Derby last Spring galloped to another victory in the St. Leger at Doncaster, England, September 12th. It was the last of the English turf classics for three-year olds for the season of 1934.

The colt for which M. H. Benson paid the Maharajah of Raptipala \$250,000, following his victory in the Derby, defeated nine of the best three-year-olds that England and the continent could pit against him. Only twenty-six other horses in the long history of the Derby and St. Leger have won both stakes. Notable among these was Hyperion, owned by Lord Derby, who won both last fall.

There was a big turnout of racing fans to witness the harness horse races at the Mount Royal race track Sunday afternoon, September 16th. The five mile race for the Mount Royal Hotel Trophy and the purse of \$400, was won by the world's five mile record holder Angus Peter 2:09 1-4. The time for each mile was 2:24, 2:25, 2:26, 2:27, 2:25, total 12:07. The 2:17 pace was won by Iris Grat-tan in straight heats, best time 2:09 1-2. There were two other classified races on the program.

William Miller, Campbellton, a great lover of horses but known more particularly by his success as a lumberman and as the father of Bill Miller, star utility man of the Moncton Hawks, was in Charlottetown and attended the races Thursday. The result of his visit is likely to take away with him a well known trotter.

Calumet Brownie 2:01 3-4 was sold by Mrs. Margaret Ballard, North Sydney at the conclusion of the Frederick Free-for-All, to Thomas McKinlay, Halifax, and he will be in the stable of R. L. Isnor.

The Giants, by beating Boston in a single contest, remained three games ahead with seven games to go for them and nine for St. Louis. Although many pitchers have turned in no-hit games since Joseph E. Borden first performed the feat for Philadelphia in 1875, few have come as close to perfection as the younger Dean did today when he let only one runner reach first base, and even fewer have gained the distinction of doing it as major league "freshmen." Paul, a rookie from the Cards Columbus farm, joined up with St. Louis this year and now has won 18 games and lost nine. His no-hit game was the first in either major league since 1931, when Wes Ferrell of Cleveland and Bob Burke of Washington turned the trick, and the first in the national since Carl Hubbell's in 1929.

In addition to his pitching he made two of the Cards' seven hits off Ray Benge and scored the first run of the second game when he doubled in the fifth and came home on Pepper Martin's two-bagger.

Had a no-hit game of his own in hand until the eighth inning when Ralph Boyle beat out a slow roller for a single. New York Giants rang up their fourth straight victory at Boston as they relieved the tension of fat Freddy Fitzsimmons a bit by getting him enough runs to beat Boston Braves 8-1 in the series opener. But they saw their first-place lead dwindle to three games as the rushing Cardinals twice defeated Brooklyn.

Pittsburgh at home blasted out a double triumph over Cincinnati, 9-3 and 16-3 and advanced to within half a game of the first division in the National League.

The Pirates pounded four Red pitchers in both games for a total of 37 hits. Lucas and Smith tossed steady ball for the Bucs.

How They Stand

Table with columns: Team, Won, Lost, P.C. (Percentage). Lists standings for New York, St. Louis, Chicago, Boston, Pittsburgh, Brooklyn, Philadelphia, Cincinnati.

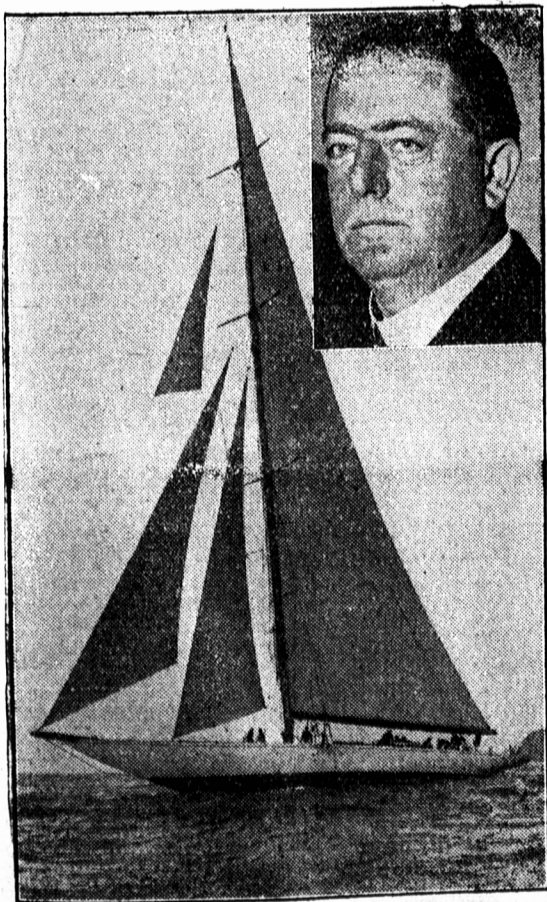

Tightwad—I didn't see you in church Sunday. Keen—I presume not; I took up the collection.

A new record for two-year-olds bred on Prince Edward Island, was made at Thursday's races by Bud Aubrey in winning the first heat of the Futurity Trot, and Pace, time 2:28 1-2.

Let us again remind you that the two and three year old Futurity Stakes for colts and fillies born in 1932-33 close with the Secretary F. J. E. Wright, Summerside, October 1st. Be sure and keep your colts eligible.

—BY GEORGE MCMAN

Another Challenger

According to press reports, there is another British challenger in the Yfing, should Sopwith and his Endeavour fall in their effort to lift the America Cup. C. Richard Fairley, prominent British aviation writer, admitted he would have challenged next year if T. O. Sopwith had not made his bid, and if the Endeavour loses, and he loses the cup, Mr. Fairley will...

BRINGING UP FATHER
