Sees Opportunity For Charlottetown As A Show Center

"A certificate of registry is one thing; elimination of the poorer foxes by inspection is another. Both are important and necessary. But the greatest thing in fox farming is breeding a champion fox and allowing fellow breeders to see it. That is why this exhibition is held."

"If I may suggest a policy for our future guidance it would be that this city and province realize the great possibilities of this site as an exhibition centre. If a great coliseum were built, a horse show, fox show, mink show, fruit show and flower show all combined would be a great success financially and put Charlottetown on the map."

"In fact I may as well say bluntly that this exhibition is so excellent that champions here will have as much right to be called world's champions as any others."

—Pres. J. Walter Jones, at opening of Fox Show.

Little Liquor Seized In Cape Breton this Year

OTTAWA, Oct. 29—Up until Thursday, of last week, the total combined Customs and Excise liquor seizures made in the Province of Nova Scotia in the present year was 530, with a total quantity of 18,156 gallons.

Of the total seizures, 504 were on the mainland of the Province and 26 in Cape Breton, and out of the total quantity of liquor seized, only 406 gallons were taken in Cape Breton.

The total liquor seizures were classified as follows: 5-gal. kegs, 2,184; 10-gal. kegs, 271; 45-gal. drums, 4; cases, 16 1-2; bags, 424;

"The Silver Fox City"

Vimy Agnes, World's Champion, 1922

Vimy ranch, near Charlottetown, is one of the largest and most modern in Canada. There will be found MACKINNON FOXES, which are the result of studied selective breeding from purest Island strains. Their show ring record includes World's Championships, International Championships and prizes galore. This year we have a large crop of pups and among them are many outstanding animals.

PELT RECORD

At the January, 1929, sale of the Hudson's Bay Company, London, England, MACKINNON FOX PELTS were first, second and third in the entire collection, and the highest price paid for a Silver Fox Pelt on the London market, also the second highest in 1929, was paid for MACKINNON FOX PELTS from Vimy Ranch, £142 and £132 respectively.

If you are in the market for Silver Foxes we would like you to call on us. We have always available selections from many of the leading ranches and will be glad to give you prices on real good animals.

PELT PURCHASING

We are buying representatives here for the Hudson's Bay Company of London, England, and will be prepared when the fall season opens about November 15th, to purchase all kinds of Silver Fox furs and other furs native to this province, paying the highest cash prices for same.

We Can Supply you with Purina Fox Chow!

WE are happy to announce that Purina Fox Chow is now available on Prince Edward Island.

Purina Fox Chow is a remarkable feed—different from anything else on the market—which has been giving outstanding results for several years. Now, you may have these advantages of dining Fox Chow:—

1. Fox Chow raises more pups to maturity
2. Fox Chow produces better pelt values;
3. Fox Chow eliminates cooking;
4. Fox Chow saves labor;

On the 80 ranches in the State in which we are interested, we have used Fox Chow for about a year and a half and have had an average of nearly 4 pups per litter. On the Woodstock, Illinois ranch 300 vixen whelped 1,228 pups and raised over 1,200 of them. On this ranch were also whelped and raised the following large litters:

- 8 litters of 8 each.
- 21 litters of 7 each.
- 57 litters of 6 each.

Let us tell you more about Fox Chow and why it is making these outstanding records.

A Complete Line for all Feeding Needs

In addition to Fox Chow, we are handling the complete Purina Line. No matter what you are feeding or how—you will find that Purina Chows will fit your needs. Whether you are raising hogs, or dairy cows, or poultry, you will find extra profits in the Checkerboard Bag.

The first carload of Purina has just arrived at our warehouse—stop in and examine the largest selling line of commercially mixed feeds in North America—largest because they do make more money for the feeder. Come in and let us explain the Purina Plan of Feeding and how it helps you make more money—or phone, and we'll be glad to come out to your place.
