THE GLOW OF HEALTH

When the blood is rich and pure there is a healthful glow to the complexion which speaks of the vigor and vitality of the system. There is no more certain way for pale, weak people to attain the glow of health than by the persistent use of Dr Chase's Nerve Food, the great food cure which forms new, rich, red blood and creates new nerve force.

THE HUTTON-DIXON ANTIDOTE FOR

ALCOHOL AND DRUG ADDICTIONS

A HIGH CLASS PHYSICAL HOME TREATMENT.

This treatment has been publicly endorsed before the Congress of Bishops, and at Father Matthews' anniversaries; also by Clergymen from their pulpits, influential public journals and by officials of Temperance Societies of all denominations in nearly every quarter of the globe.

Among the distinguished persons who have investigated the Hutton-Dixon treatment, and who have allowed their names to be used as patrons, are:

THE DOWAGER DUCHESS OF NEWCASTLE. THE COUNTESS OF DENBIGH.
THE LADY EDMUND TALBOT. THE LADY HERBERT OF LEA.
THE LADY PENDER THE HON MRS. DUGMORE.
THE MARQUIS OF BUTE AND OTHER PROMINENT PEOPLE.

The Hutton-Dixon Antidote quickly and permanently removes all desire or need for alcoholic drink or drugs of any kind, even in the most advanced cases. It is warranted to be purely vegetable, free from narcotics and absolutely harmless. Can be carried in the pocket and taken privately thus dispensing with the publicity, loss of time and expense of an institute treatment. There are no depressing effects from the use of this medicine. On the contrary, the system, debilitated from the excessive use of intoxicants or drugs, is thoroughly built up and the patient restored to the same condition, mentally and physically, as before the habit was acquired. No hypodermic injections used. The treatment has been thoroughly tested and the results vouched for by the following well known clergymen.

Rev J. A. Poynder. Rev. M. Martineau. Rev. M. Jaughren.
Rev. Father Gallwey. Rev. Father Strubbe. Rev. Father McCallen.

## THE EDITOR'S MAIL.

DEAR SIR,—Permit me through your columns to call attention to the deplorable state of the public roads. I think I can say that the roads were never in a worse state than at present. The road from Souris to East Point over which such a quantity of produce must be conveyed is a disgrace to the parties responsible for its condition. Take for instance West Basin Bridge. The ends of the cross ties have rotted away and the railing has dropped over the bridge. The back and wall have fallen in leaving it unsafe—a disgrace to any public highway. Again the Pond Road leading to the shore was in a bad state all summer and the fishermen, who need the road to market their fish, asked the inspector time and again to have it repaired but it has not been done, consequently the road is now impassible. Why was the road machine not used last summer on the road from Chepstow to South Lake? I am informed the overseers asked for the use of the machine in their districts but it was not granted. This is a distance six or seven miles and hundreds of dollars have been collected for road taxes and yet not a dollar has been expended on the road. This is the first year in the memory of the oldest inhabitant when Statute Labor was not performed. It would make anyone laugh passing through New Harmony, to see the new method of road making. In place of covering over with clay, brushwork in low places, which was laid perhaps fifty years ago, men are sent with axes to cut out the brush and throw it aside.

Now sir these are but a few instances but the whole road is in a similar condition. It looks as though the party in power have given up all hope of being again returned and have come to the conclusion that they may as well let the "tail go with the hide".

Yours &c.,
ONE WHO TRAVELS.
