

"PURELY VEGETABLE"
Look out for these "purely vegetable" medicines. Aconite, Belladonna, Digitalis, Morphine, Strychnine—all violent poisons—are vegetable. You see the term means nothing, as regards safety.

Fruitatives
or Fruit Liver Tablets
Apples, oranges, figs and prunes make them. The juices are combined by our secret process, which intensifies their medicinal action, and pressed into tablets. These are "FRUIT-A-TIVES"—nature's tonic and laxative—the only certain cure for indigestion, Headaches, Constipation, Liver and Kidney Troubles.

They look like fruit—taste like fruit—smell like fruit—ARE fruit.
50c. a box. At druggists everywhere.

THE SUMMERSIDE GUARDIAN

Office—Upstairs Brace Brick Block—J. B. C. Baker, Mgr.

Twenty four new members united with the Presbyterian Church on Sunday last.

All interested in the organization of a Quoit Club are requested to meet in the Guardian Branch office this evening at 8 o'clock.

A special meeting of the Summerside Town Council will be held Friday evening to consider matters re the opening of Summer Street.

A number of Summerside young people who attended the entertainment at Kensington Monday evening returned home yesterday morning delighted with their trip.

Prince Edward Lodge, I. O. O. F. will attend Divine Service in the Baptist Church, Summerside next Sunday morning when Rev. J. D. Wetmore will preach their anniversary sermon.

Ernest Cameron has returned to Charlottetown from Cape Traverse where he has been for the past two weeks superintending repairs to the yacht Old Sea Bird, purchased last fall by a syndicate of Cape Traverse sportsmen.

O'LEARY The O'Leary Debating Club has had a very successful winter. Not only have all the old experienced debaters attended and helped towards its success, but the younger element have entered into it with an enthusiasm that is bound to give them a firm footing on the ladder of oratory. On April 18 a very important subject was discussed viz: "Resolved that Prince Edward Island should secede from the Dominion, if she be not given the Tunnel." P. N. Pate in his usual able manner supported the resolution. The negative side was upheld by A. J. Matheson, whose eloquent address was a feature of the evening. He was followed by Peter Pate and John Perry Jr. who although young in years set forth their views in a manner that would have reflected credit on more experienced speakers. Other speakers followed, and then on a show of hands the resolution was declared lost. The remainder of the evening was devoted to a discussion regarding the getting up of an entertainment, as a fitting close to a very successful winter.—Alvin Webb, Gilbert Gaudet, Percy Turner, and Clinton Dennis are home from Prince of Wales College on their Easter holidays. All are very pleased to see that they are all looking well, and enjoying good health.—Miss Selma Campbell has been visiting friends and relatives in the Eastern section of the Island.—Miss Minerva McNevin, formerly of Tyne Valley, and Benjamin Turner, Charlottetown, have accepted positions with H. W. Turner. Both are warmly welcomed by the young people of O'Leary.—All were pleased to see Fidele Perry of Brace & McKay, who with his wife spent Sunday here at the home of his parents.—The O'Leary school is making splendid progress under the careful tuition of the present teachers. Melburn Dennis, the Principal, is himself an O'Leary boy and possesses the confidence of all his pupils. Miss Stewart, who has charge of the junior department, is very zealous in the discharge of her duties. A pleasing feature, and one that is to be highly recommended, viz: the introduction of debates among the senior scholars has been tried, and the result is very satisfactory.—The Guardian because of its newsy columns is always a welcome visitor here. It is particularly well received on account of its bold and independent stand on all matters relating to Provincial rights. Its attitude regarding the question of winter communication with the mainland has won the admiration of its readers in this district.

OUR MILLINERY

OPENING!

has been a complete success, and we feel satisfied that each and everyone of the many ladies who attended, appreciated our efforts to give them something unusually nice in the millinery line. Many flattering expressions were heard on all sides, which will only serve to stimulate us to still greater exertions, if possible, to make this the most up-to-date Millinery Headquarters in the Province.

Besides the unprecedented large number of hats sold, in both the ready-to-wear and trimmed dress hats, our milliner has been fairly deluged with orders, which will keep her, and her willing assistants working over time, so that it would be as well for ladies wishing to have a hat completed at a certain date to leave their order some time in advance.

Besides the millinery our spring jackets which just came to hand a few days ago, our new waists, our shirt waist suits, our silks and dress goods came in for a large share of attention—and justly so as they are really prettier than anything that "has been."

Come in any day now we are prepared for the largest spring trade in the history of the store.

WILL BUILD ELEVATORS

MONTREAL, April 22.—It is understood that strong financial interests contemplate the formation of a company, with a capital of \$10,000,000 to \$12,000,000 for the purpose of building from three to five hundred elevators throughout the Canadian Northwest. These elevators are to be of the most modern and up-to-date type, possessing the greatest possible facilities for the farmers.

Piles

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for such and every form of itching, bleeding and protruding piles, the manufacturers have caused it to be mentioned in the daily press and ask your neighbors what they think of it. You can use it and your money back if not cured. See list of all dealers or EDMANSON, BATES & Co., Toronto.

Dr. Chase's Ointment

ANXIETY OVER LAUNCH.

GIBRALTAR, April 22.—Considerable anxiety is felt here at the non-arrival of the gasoline launch Gregory. The Gregory arrived at Ponta Del Gada, Azores, April 10, from Bermuda, when it was announced that she would probably sail for Gibraltar a day or two later, but no announcement of her sailing has been received here.

DENTAL NOTICE

We the undersigned have this third day of April, 1905 entered into partnership and will henceforth carry on the Dental business in all its branches under the firm name of Leard & McMurdo in the parlors formerly occupied by Drs. Lowther and Leard. We have the exclusive right for the use of the famous Hale method for extraction of teeth.

A. W. Leard, D. D. S.
J. A. McMurdo, D. D. S.

Honor. graduate of the Baltimore College of Dental Surgery.

We have severed our connection with the Dental Union formed in Summerside some time ago for the purpose of regulating prices and will now have a free hand to compete with all others in price.

—Two Good Reasons. A well-known Canadian writes:—"I had a \$1,000 policy in the Life, one of the big American Companies which I have decided to drop after paying three premiums and to take out a \$2,000 policy in the Crown Life for two reasons:—(1) I believe the Crown Life a better and cheaper policy, giving equal and perhaps better results. (2) I am British-Canadian and believe in your motto, "Keep Your Money in Canada." (H. M. Davison is General Manager of the Crown Life for Prince Edward Island, with Headquarters in Charlottetown. 26 we 2i

CARTERS' (choice) EVERGREEN LAWN GRASS SEED

To quickly secure a permanent rich green grassy carpet, sow our Evergreen Mixture. It is the purest, cleanest and heaviest Lawn Grass Seed offered. No weed seed. A beautiful lawn can be had in six or eight weeks by sowing this mixture. Quantity required per acre (4 840 square yards) 80 lbs.; or for a plot 20x20 feet, 1 lb. Per lb. 25c; postpaid 30c; 10 lbs. \$2.20, postpaid \$2.70.

Our Lawn Grass Seed is American grown. The different grasses composing the Mixture are imported separately and blended in the proportions and after the formula of a celebrated American Lawn Mower.

On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into grass, but with this mixture there need be no further difficulty. It is a combination of fine, dwarf-growing, evergreen varieties, hardy, and will stand a long season of dry weather. The ground for a new lawn should be a rich mellow soil, perfectly free from weeds. Sow the Seed as early in the Spring as possible, roll the ground perfectly level; the grass should be cut often, and never allowed to attain a length of over three inches.

CARTER & Co., Limited, SEEDSMEN.
