THE Schooner C. V. Minot, Captain Myers, arrived yesterday from Pictou, with a full cargo of coke for Bruce Stewart & Co. This cargo is the largest of its kind ever brought to this port.

AT the Police Court yesterday Robert Davis was fined $20 or one month for drunkenness and $10 or 60 days for making an annoyance at the Salvation Army. The drunks were fined as follows: James Hennessey, $10 or 60 days; Joseph Gillis, $5 or 30 days.

THE matter of the will of the late Hon. Donald Farquharson was before the Court of Chancery yesterday. The will was proved in solemn form. The matter was referred to a Master in Chancery to make certain inquiries and to take certain accounts. Frederick S. Moore was appointed receiver of the estate.

THE firemen were called out yesterday morning shortly before ten o'clock for a blaze in the new house owned by R. L. Cotton at Brighton. The fire originated from the ashes which by a new contrivance were shaken through the bottom of the grate into the cellar. As the pile increased in height it neared the ceiling of the cellar with the result that the beams caught fire yesterday morning. The blaze was soon extinguished without great damage to the house.

The steamer Urania arrived at Snowball's mill wharf on Saturday, Nov. 21st, when it looked like freezing up in a night, and everybody concerned in ship and cargo proceeded to take things leisurely. She lay idle all day Sunday. A ship in this port at so late a date is surely on a level with the scriptural ass in the ditch, and to have gone to her rescue would have been in accordance with divine teaching. And then nobody seemed to be in any hurry the next week. She took in cargo in the day time, and not a man worked or a deal went on board at night. The result was that when, on Friday, with part of a cargo on board, she started out, she got stuck in the ice and could proceed no farther. There wasn't, apparently, much of an effort made to cut her way through. While the ferry steamer was crossing, and tugboats moved at will, this great iron steamship was helpless. Manager Bullick of the M. S. N. Co. asked the agent what he would give to have the steamship cut out, and he offered $100. The offer was not accepted. A request was sent for the Stanley or Minto to come to the rescue. The Stanley entered the mouth of the river Tuesday night, anchored and departed this (Wednesday) morning, having probably found more ice inside than she wanted to tackle, or else no pilot in waiting. And so the good ship Urania is imprisoned for the winter.—Chatham World.

BEACH POINT NEWS.—The prospects for an election soon increases daily.—A few days ago a gang of men from Murray Harbor South arrived here with their shoulders laden with stumping hoes and shovels to repair the worst piece of road on the Island, but after viewing the road for a few minutes picked up their gear and left and have not returned yet.—Joseph McLeod who had his toe smashed sometime ago by an iron rail on board the Schr. Hannah Eldridge had a part of it removed by Dr. C. L. Barnes last Sunday.—Fall fishing is almost to an end for this season. The small boats have all gone in their winter quarters and only a few of the large boats are still fishing.—James Hume is preparing a large piece of land for the purpose of a cranberry bog. The land being especially suited for cranberry culture it is likely to be a paying enterprise.—Schr. Hustler, Capt. Jackson, landed a cargo of coal here a few days ago and has since laid his vessel up for the winter.—Coal is very scarce here at present but when the vessels arrive that are due there will likely be sufficient for this winter.—The Schr. Katie A. Burns sailed for Port Hawkesbury with a load of produce shipped by David Bull. It is rumored when this vessel comes back a happy event is to take place in which two are particularly interested.—A few gentlemen of the upper class visited Colberts Point commonly called Ladysmith and attracted quite a crowd this morning. Perhaps there will be another survey for the railroad. There have only been two down this way already.

GAINED FORTY POUNDS IN THIRTY DAYS.

DANGEROUS SURGERY

Death Follows the Surgeon's Knife—Not the Surgeon's Fault, of Course—He Can't Help it—You Can.

Pyramid Pile Cure Cures Piles Quickly, Painlessly. Without Danger.

People go along for years suffering with piles. They try this and that and the other thing from carrying a buckeye to getting treatment from a physician. They obtain temporary relief, maybe, but they are never quite cured. A little strain in lifting, excessive fatigue, a little constipation or a little diarrhoea and the piles come back. They don't seem to amount to much, but they banish sleep and appetite. No position is comfortable. There is intense local pain and that dreadful feeling of weight in the perineum.

Maybe in the early stages some of the many salves on sale will afford temporary relief. If the case is of long standing there is only one speedy and sure remedy. It is Pyramid Pile Cure. Even in light cases it is the safest thing to use. Other applications may cure and may not. Pyramid Pile Cure is always certain, always reliable, always brings comfort at once. Its prompt use saves months of severe suffering. In extreme cases it will save surgical operations and their attendant dangers and discomforts. It is better than a knife. Will cure easier, quicker and safer. Thousands have used it. Thousands have been cured by it. The cost is trifling compared with what it does. The price is 50c. Most anybody would gladly pay ten dollars to be rid of piles.

All Druggists sell Pyramid Pile Cure. Write Pyramid Drug Co., Marshall, Mich. for their book on Causes and Cure of Piles which is sent free for the asking.
