"CASBAH" A TREAT TO EYE AND EAR

"Casbah," the exciting new picture which opens today at the Prince Edward Theatre is a treat both to the ear and to the eye. It is a Universal-International presentation starring Yvonne De Carlo, Tony Martin, Peter Lorre and introducing the lovely new Swedish actress, Marta Toren.

In throbbing action the film runs smoothly through the gamut of soul-searing romance, breathless suspense, wonderful new melodramas and a dramatic plot. The bulk of the action takes place in the colorful and mysterious Casbah, the "forbidden" inner city of Algiers where Tony Martin, in the role of Pepe Le Moko, a notorious jewel thief, hides from the police and carries on his nefarious activities. Miss De Carlo plays his girl friend and not only carries off her dramatic part with excellence but the star shows she has a singing voice to match her remarkable dancing ability. Marta Toren appears as a glamorous French girl who unwittingly lures Pepe Le Moko to his death. From the country which turned out Greta Garbo and Ingrid Bergman, Miss Toren is highly pleasing and provides ample proof that she is entitled to star in her own right.

The Marston Production, which features Katherine Dunham and her dancers, was directed by John Barry and produced by Nat Claxton.

"WATERFRONT AT MIDNIGHT" ACTION-PACKED MELODRAMA

If you're looking for thrilling action, take a trip to "Waterfront at Midnight."

The fast-moving melodrama from Paramount opens today at the Capitol Theatre with William Gargan, Mary Beth Hughes, Richard Travis and a good-looking youngster with plenty on the ball, Richard Crane, heading his cast. It brought with it suspense and excitement, delivered in a steady series of one-two punches of powerful impact.

"Waterfront at Midnight" is a story of hijacking in a busy Algerian port. It is told in the double feud of two men; one a police officer sworn to bring to justice the other, a cold-blooded killer, and cunning racketeer. From that feud stems a war between brothers guaranteed to stir the emotions and raise the blood pressure.

The policeman's brother, a grounded pilot angry with the world, unwittingly joins the gang of his brother's enemy. But ever this falls to deter the officer from his crusade against the hard-boiled criminal. Then the kid brother learns the truth about his associates, and it's curtains for him. The cop is tricked into believing he killed his brother and, after a period of abject despondency, comes back to mete out justice to the murderers in a bullet-filled climax.

"Waterfront at Midnight" is a Pine-Thomas production directed by William Berke, who packed it with action from start to finish.
