If Your Throat is Husky Catarrh—May be Starting

A weak or irritated throat is the first step towards catarrh. Everything depends on your remedy. A cough mixture slips quickly over the weak spots, drops into the stomach and does little but harm digestion. It's altogether different with Catarrhose—it cures because it gets right at the trouble. You inhale Catarrhose, breathe in the vapor of healing balsams that strengthen and restore the weak throat tissues. You'll never have colds or coughs. Throat trouble and catarrh will disappear with the use of Catarrhose. Get the large dollar outfit which includes the inhaler, it lasts two months and is guaranteed to cure. Smaller sizes 25c and 50c; sold everywhere.

ENTERPRISE Steel Monarch Range
