## Anglo - U. S. Pleas For Free Danube Are Met By Accusations From Soviets

## Four Injured In \$150,000 Ottawa Fire

OTTAWA, Oct. 10—(CP)—Four firemen were injured and damage was estimated at \$150,000 today when a fire broke out on a mixing table at the Thomas Supply and Equipment Company, cosmetic manufacturers in Ottawa's lower town, west through the three-story building.

Approximately 100 employees in the Clarence St. plant escaped without injury.

The fire was believed under control when two sudden explosions injured the fire fighters.

An explosion involving a batch of glycerine and other liquid ingredients on a mixing table was believed to have set off the blaze, which also forced six families in an adjoining apartment building to leave their quarters.

## Coming Events

- Show—Emerald Thursday.
- Movies at Borden to-night.
- Play—Bridgetown, Saturday.
- Talkies—Canoë Cove Friday.
- Talkies—Eldon, Monday.
- Movies—Morvell, Tuesday.
- Dance, Orwell Hall, Friday, October 11th. Millview Orchestra.
- Institute Dance in Emerald Hall, October 14th.
- Halloween Pantry Sale, St. James Hall, Oct. 31st.
- Reserve October 18th for Chicken Supper in Long Creek Hall, Supper served from 6 o'clock.
- Poultry buying daily live and dressed poultry, paying top market price. Davis & Fraser, Ltd.
- Don't forget Legion Dance, Mount Stewart Hall, Monday, Oct. 14th. MacKenzie's Orchestra.
- Dance, Kozzy Corner, Vernon Bridge, Friday, October 11th. MacKenzie's Orchestra.
- Hot goose supper, Thanksgiving, Monday, October 14th, Victoria Hall, 7 o'clock. United Church.
- Hampton W. M. S. Pantry Sale at Holman's on Saturday, October 19th at 2:30 P. M.
- Chicken Supper and Dance, Vernon River Hall, Monday, October 14th, C. W. L. Millview Orchestra. Supper served 6 P. M.
- Annual Meeting Eldon Branch of Soldiers' Legion, Tuesday, October 15th, at 7:30 P. M. Refreshments.
- Annual meeting Kelly's Cross Credit Union, Ltd., Kelly's Cross Hall, Thursday, October 10th. Starting 8:30 p. m.
- Notice—Just arrived, shipment 600 x 36 tires. Also arriving truck tires 32 x 6 ten ply. Also wanted, one experienced bookkeeper. G. C. Green.
- Dance to O. K. Presby's Music at the Island Country Club, Teachers Rest, Tuesday, October 8th and Friday, October 11th. Dancing 9 to 11.
- Livestock Marketing Board loading hogs at all usual loading points week of Oct. 14th. Contact our agents in your vicinity for trucking and other services.
- Loading hogs at Charlottetown every Tuesday and Friday. Trucking service provided within reasonable range of City. Telephone request 736 - 1957 - 77. Livestock Marketing Board.
- Rubber belting and traces. 30 cords dry blocks, riding wagons, new and used team harness, minked driving harness, wheels, buggy and truck wagon, 1 gas engine, good condition, road cars. Clinton Morrison, Swiftford.
- Loading hogs at Morrell Monday afternoon, Oct. 14th, with Aldus McKenna in charge. Trucking service provided upon request. For market prices assured. Livestock Marketing Board.
- Hog producers, Montserrat and vicinity, J. A. and Angus McKenna of Victoria Cross, have been entrusted to load hogs and lambs at Montserrat each Monday, and will be our representatives at that important livestock shipping point until further notice. First loading Monday, Oct. 14th. Trucking service upon request. Your patronage solicited and appreciated. Livestock Marketing Board.

PARIS, Oct. 10—(CP)—British and United States pleas for free navigation on the Danube and unimpeded trade in the Balkans were today rejected by Soviet officials that "dollar democracies" were seeking to further "imperialistic" ambitions.

The sharp clash between western and eastern viewpoints came as the peace conference raced toward completion of the peace treaty with Romania after putting the final stamp on the Italian pact.

The delegates began voting on tonight's plenary session, completing the political articles in 45 minutes with little difficulty.

They agreed also to reduce Romania's armed forces to 125,000 men for the army, 5,000 men and 15,000 ton of shipping for the navy and 100 aircraft for the air force, and 8,000 men for the air force. Then the delegates went on to vote on the disputed Danubian and commercial clauses.

Senator Arthur Vandenberg, Michigan Republican, told the conference that a free Danube is dispensable to the economic health and therefore to the peace of central Europe. Foreign Secretary Bevin of Britain, in full support, charged that Soviet opposition "gives rise to a good deal of suspicion about the designs of the Soviet Union in this part of the world."

Sen. Vandenberg, answering a Russian query as to why the United States does not similarly internationalize the St. Lawrence River, said there is "no remote analogy between a river between two countries (Canada and the United States) which have been at peace for 125 years and a river that emerges from war, as is the Danube."

Machine Shop Re-opening

Just how many men will be thrown out of employment at the Bruce Stewart plant, company officials were unable to say yesterday. Every effort is being made so that the machine shop may reopen tomorrow. In the meantime, workers to make its reopening possible, a great deal of electrical connection will have to be completed. The machine shop work can be carried on, officials said last night, as soon as castings can be secured.

The origin of the fire, which caused a mystery. It is understood some casting was going on in the foundry Wednesday afternoon but the same precautions were taken with respect to fire as have been the operations since the foundry began operations.

The loss sustained by the company is not alone that which was partially covered by insurance. Orders were on hand from Newfoundland for the manufacture of between 80 and 100 gas engines for shipment this fall as company officials expected to ship 600 gas engines to Newfoundland next year.

Welcome To Free Traffic

But he said that if any parallel is sought, "I am glad to say that the water traffic of all nations is welcome to a free St. Lawrence in its international traffic on a total basis."

## Boost Price Of Milk Cent Per Quart

BATHURST, N.B., Oct. 10—(CP)—The price of milk here has been set officially at 15 cents per quart and seven cents per pint, according to the authorized quart price was 14 cents but dealers, contending they could not operate at this rate, raised it a cent. Their action was ratified at a meeting of provincial officials and local producers.

Most of the soldiers' prices range from 12 to 15 cents per quart, following a general two-cent increase on Oct. 1.

## Farmers' Costs Show Increase

OTTAWA, Oct. 10—(CP)—Farmers are paying more for commodities, services and living costs, the Dominion Bureau of Statistics said today. A composite index covering these costs to farmers rose three points to 141.8 between April and August.

The new figure was an increase of 5.6 per cent over August, 1945. The eastern index at 142.4 was up 3.2 points in the April-August period while the western index at 140.5 represented an increase of 2.7.

A greater variation between east and west was apparent in the increase over August 1945 levels—4.9 points in the east and 6.8 in the west.

## Addresses To Jury Start In Espionage Trial

By DOUGLAS HOW (Canadian Press Staff Writer)

OTTAWA, Oct. 10—(CP)—The legal proceedings fell silent late today after the traditional final appeals to the jury took to court, and to convict Harold Samuel Gerzon, 41, former Munitions Department official, on a charge of conspiring to communicate confidential information to Russia.

The case will go to an Ontario supreme court jury of 12 men after Mr. Justice G. F. McFadden delivers his charge tomorrow morning. It began a week ago Wednesday.

About the entire day today was devoted to two hour-long addresses to the jury, one in the morning by Crown counsel John R. Carver,

## Plan Reopening Machine Shop At Bruce Stewart's

Smoke is still rising from the smouldering embers of one of the most destructive fires which have occurred in Charlottetown's history.

It is still too early to compute with any degree of accuracy the value of the property destroyed in the early hours of yesterday morning.

The approximate loss sustained by Bruce Stewart and Company, Ltd. is \$150,000 with this firm's most serious blow being the destruction of the thousands of patterns for the manufacture of gas, line engines and various tools.

Another great loss was sustained in the destruction of their electrical welders. One of those was a job-art welder mounted on a Chevrolet truck. The truck was also burned.

A Westinghouse welder was among the other electrical welders made useless by the fire.

Included in the Bruce Stewart and Company buildings destroyed were the foundry, cleaning plant, the pig iron and coke house plant, the main foundry plant, the forge and form storage plant, the power house, the pattern storage building, the plumbing and heating plant, and a large warehouse in which much valuable equipment had been stored.

The loss sustained by the company is not alone that which was partially covered by insurance. Orders were on hand from Newfoundland for the manufacture of between 80 and 100 gas engines for shipment this fall as company officials expected to ship 600 gas engines to Newfoundland next year.

## Quash Verdicts Against 243 Paratroopers

LONDON, Oct. 10—(Reuters)—In the wake of a storm of public protest, War Minister Frederick Bellenger today announced the quashing of court martial verdicts against 243 British paratroopers, convicted of mutiny in Malaya.

Mr. Bellenger said there were a number of irregularities in the trial and added that the men will be released from Malayan prison camps immediately and will be given back their army status.

Most of the soldiers' members of the famous 8th Airborne Division, had been sentenced to two years imprisonment with hard labor. Three were acquitted and eight were sentenced to five years. They were alleged to have refused to parade last May 14 as a protest against conditions at their camp at Kuala Lumpur, Malaya. Those convicted also faced discharge with ignominy.

The War Minister's announcement came after thousands of Britons had signed petitions protesting against the severity of the sentences and 100 members of Parliament had signed a petition to Prime Minister Atlee asking that the sentences be annulled.

## Delegates To Slav Congress Ordered To Return Home

NEW YORK, Oct. 10—(AP)—The Soviet consulate said today 11 U. S. S. R. citizens who came here to attend the American Slav Congress, have been ordered home by their government rather than comply with a Justice Department order for them to register as agents of a foreign power.

Anatol Yakovlev, vice consul of the Soviet consulate general, said a scheduled appearance for the 11 persons at a Slav mass meeting tonight in Gary, Ind., had been cancelled and that all of them would go home "as soon as arrangements can be made."

They were among 17 European delegates to the third American Slav Congress, held Sept. 22 in New York City. Among the 17 were one Czech, three Bulgarians and two Poles.

All 17 were asked by the Justice Department to register as foreign agents. Yakovlev said he had no information concerning what action might be taken by the six non-citizens of the U. S. S. R. His government had made "representations" to the United States Justice Department.

In Washington the Justice and State Departments declined comment.

Yakovlev said each of the 11 U. S. S. R. citizens had received letters from N. T. Elliff, chief of the foreign agents registration section of the Justice Department, which told them they must register under the foreign agents law or be subject to possible fine and imprisonment.

Most of the citizens did not know what representations his government had made in the matter and he declined further comment.

## CBC Must Pay Large Sum To Liquor Firm

TORONTO, Oct. 10—(CP)—A decision of the Privy Council in London today in case between the Canadian Broadcasting Corporation and Gooderham & Worts, Limited, will require the CBC to pay the liquor firm of several hundred thousand dollars, a sum which is being contested by the firm.

The litigation concerns a lease for the former Toronto radio station, CKWG, which the CBC's predecessor, the Canadian Radio Broadcasting Commission, contracted in 1932. In 1935 CBC abandoned the 10,000-watt CKWG, then known as CBCT, and built the present 50,000-watt station, CBL.

The Privy Council ruled that the CBC must make good a "clause in the CKWG lease requiring them to keep the premises 'as let,' modern and in good repair and operating under the same conditions as when not used for years and has been almost destroyed by vandals. The amount of damages to be paid Gooderham & Worts for the CBC's failure to keep the property "as let" under the same conditions as when not used for years and has been almost destroyed by vandals. The amount of damages to be paid Gooderham & Worts for the CBC's failure to keep the property "as let" under the same conditions as when not used for years and has been almost destroyed by vandals.

## Nipponese Officers Sentenced To Death

SINGAPORE, Oct. 10—(AP)—Maj.-Gen. Misao Otsuka and Maj.-Gen. Minoo Hidaka, judicial officers during the Japanese occupation of Singapore, were among five men sentenced to death today for atrocities in the Outram Road jail. Five of the Japanese jail staff were given life terms in prison and 29 others drew terms ranging from one to 18 years.

## Slight Improvement

WASHINGTON, Oct. 10—(AP)—Slight but definite improvement in the condition of former State Secretary Cordell Hull was reported today by Bethesda Naval Hospital. The 75-year-old retired cabinet officer has been in a serious condition since he suffered a stroke.

## Is Convicted Of Reckless Driving

BRIDGEWATER, N.S., Oct. 10—(CP)—Elvin G. Baker of Cumberland was today convicted by a 12-man jury of reckless driving in connection with the death of Benjamin Corium who was struck by a truck driven by the accused.

The jury, given a choice of three verdicts—guilty of manslaughter, not guilty, or guilty of reckless driving—decided on the latter after deliberating more than an hour.

During the trial, E. M. Patrick, R.O.M.P. constable who tested the truck, said the brakes had failed to take effect, the steering gear was in poor shape, the motor was not working properly and there was no horn on the vehicle.

## Prevention Week Assumes Ironic Twist

By The Canadian Press

Canada's fire prevention week assumed an ironic twist as three major blazes causing more than half a million dollars damage raged yesterday while meetings were held across the country on how to prevent such outbreaks.

The three fires, costly examples of the urgency behind Fire Prevention week programs, took their toll in Charlottetown, Ottawa and Sudbury, Ont.

Ten destroyed buildings were left in the wake of one of the worst fires in the history of Prince Edward Island which raged uncontrolled through Charlottetown's waterfront section. No one was injured but damage has been estimated at \$300,000.

An explosion involving a batch of glycerine and other liquid ingredients was believed to have set off the Ottawa blaze which swept through a three-story cosmetics manufacturing building.

Latest reports from Sudbury were that a fire which wiped out a large machine shop was still raging with losses already estimated at more than \$300,000.

## Vainly Seeks Policy Of Labor Govt.

LONDON, Oct. 10—(CP Cable)—Opposition leader Winston Churchill today pressed vigorously but vainly for a statement of the Government policy on the closed-shop issue.

Mr. Churchill persisted, despite jeers by government members in the House of Commons, in questioning Labor Minister Isaacs who said "closed shop" was a United States phrase imported to the United Kingdom to cause trouble for the Labor Government.

The closed-shop issue developed recently when the London passenger transport board, headed by the capitalist transport systems, gave notice that employees must belong to one union or be dismissed. The board's action immediately indicated they would like a closed shop in their industry.

Mr. Isaacs said he must have clear questions before he could answer.

## 11th Holdup In Four Years

MONTREAL, Oct. 10—(CP)—It was just another holdup to employees of the Ogilvy Street branch of Banque Provinciale du Canada at noon today when two men walked in, pointed their guns at the teller and scooped up approximately \$2,000.

It was the fourth time that the north-end branch of the bank had been held up in four years. The bandits made a clean getaway.

## Is Convicted Of Reckless Driving

## Has Left Arm Severed In Car Collision

Two people are in the Prince County Hospital with serious injuries as the result of a collision between a car and a truck which took place near New Annan about two o'clock yesterday morning. The injured persons are Mr. Frederick Gillis, Indian River, the driver of the car who had his left arm completely severed from his body and Miss Doris Stewart, Indian River who has a broken leg.

Another passenger of the automobile, Mr. Henry Easter of Indian River was uninjured.

There were three persons in the truck, Mr. and Mrs. Ivan Vaughan, Northam and Mr. Lloyd Sharpe, Tyne Valley all uninjured.

The truck was proceeding in the direction of Summerside and the car was going in the opposite direction. Both vehicles are badly damaged.

It cannot be definitely learned how the accident occurred but it is understood the police have the matter under investigation.—S.

## Will Disclose Anglo - U. S. Efforts

LONDON, Oct. 10—(CP)—Admiral Viscount Mountbatten, commander-in-chief of Southeast Asia command, today told a press club luncheon that an accurate account of British and American operations during the Southeast Asia campaign against Japan will be disclosed in a book now being published.

"It is in the interests of Anglo-American friendship, trust and understanding that the truth should be told," he said.

The commander-in-chief said at the time of the Japanese surrender during the Southeast Asia campaign were advancing by land, sea and air.

"If you think I am shooting in my favor—no less a person than that of the commander of the Japanese forces in Burma who sent me a message saying 'I beg to inform your excellency that I have this day passed the order to cease fire to all the Japanese army in Burma... If your excellency will outlying parts of my army are I will try and pass the order to them as well.'"

## American Legion Of Merit Presented To Surgeon

HAMILTON, Bermuda, Oct. 10—(CP Cable)—Surgeon Vice-Admiral Sir Sheldon Francis Dudley, medical director general for the Royal Navy during the war, was today presented with the American Legion of Merit by rear admiral George R. Henderson of the U. S. Navy.

The citation stated that Dudley performed outstanding service from July, 1942, to May 1945, demonstrating "unusual competence" in the disposal of the U. S. Army facilities of British naval officers of the Royal Naval Hospital here, was instrumental in arranging for the use of two hospital ships to support American landings in North Africa, Sicily and Italy.

He also played an important part in assisting U. S. Army medical corps during the planning period for the invasion of France.

## Steel Plants Being Resumed "As Fast As Possible"

TORONTO, Oct. 10—(CP)—Return of Ontario 10,000 striking steelworkers to work in the province's three basic plants was arranged for the return of more than 2,600 employees. Personal manager Aubrey Lot described the back-to-work movement as being done in an "orderly fashion" and said the number of returned workers added to 2,000 who failed to answer the union's call to strike makes the total number of employees working 3,600, 1,200 less than the number normally on the payroll.

Works manager R.A. Gillies said operations at Stelco "are being resumed as fast as possible" and by the week of Oct. 21 production will be at the highest level possible under present conditions.

## Goering, Three Arch Nazis Lose Appeals; Must March To Gallows

By RICHARD KASISCHKE

BERLIN, Oct. 10—(AP)—Hermann Goering and three arch Nazis lost an appeal tonight to die a soldier's death before a firing squad and the allied control council confirmed that Hitler's once-designated successor and 10 of his associates will die on the gallows next Wednesday.

After 5 1/2 hours of deliberation, the four-power council rejected clemency appeals for 16 high Nazis convicted for crimes against the world and humanity.

In confirming the death sentences, the council rejected appeals by Goering, Field Marshal Wilhelm Keitel and Col-Gen Alfred Jodl to be executed by a firing squad instead of by hanging. It also refused the plea of Grand Admiral Raeder to be shot instead of given life imprisonment.

## Knights Of Columbus Hold Annual Dinner

Thus Goering, Joachim Von Ribbentrop, Jodl, Alfred Rosenberg, Hans Frank, Wilhelm Frick, Fritz Sauckel, Julius Streicher and Arthur Seyss-Inquart lost their last chance to escape the hangman's noose.

Ernest Kaltenbrunner, Hitler's former chief of secret police who also was sentenced to die, made no petition for clemency.

The council also rejected the plea for clemency on behalf of Martin Bormann, the 12th Nazi sentenced to die at Nuremberg although he was tried in absentia. Only a four-power commission, two press representatives from each of the four occupying powers and one official photographer will witness the death walks to the gallows.

The official statement did not announce when the seven sentenced to prison terms ranging from life down to 10 years would be transferred from the Nuremberg jail to a prison in Berlin, reported to be Spandau in the British sector.

The Allied Control Council under the charter which set up the inter-national military tribunal in August, 1945, was the only body to which the defendants could appeal, and then only for clemency.

## 100,000 Tourists Visit Nova Scotia In 1946

AMHERST, N.S., Oct. 10—(CP)—Over 100,000 tourists during the summer vacation season, it was indicated today in estimates by Robert Sweetnam, manager of the provincial Border Information Bureau here.

The number of cars registered at the Bureau was 34,147, of which almost 15,000 were from the central provinces and the United States.

Mr. Sweetnam thought the actual number of tourist cars was higher than the figure since many cars arrived during the Bureau's closed hours.

## Halifax, Oct. 11—(CP)—(Friday)—Official inland weather forecasts issued today by the Dominion public weather office.

Forecasts valid until midnight tonight:

Prince Edward Island, Eastern Counties, Lower Saint John River Valley—Clear with little change in temperature. Light winds. High today at Charlottetown 68, Moncton 70, Fredericton 72, Saint John 68.

TORONTO, Oct. 10—(CP)—Minimum and maximum temperatures: Victoria 37, 60; Edmonton 25, 50; Regina 31, 54; Winnipeg 40, 49; Toronto 46, 67; Ottawa 35, 65; Montreal 42, 60; Quebec 36, 62; Saint John 42, 61; Moncton 39, 67; Halifax 42, 60; Charlottetown 38, 67; Sydney 38, 64; Yarmouth 45, 58.

High tide this morning at 11:06 and tonight at 11:15.

Sun sets this afternoon at 5:24 and rises tomorrow morning at 6:11.

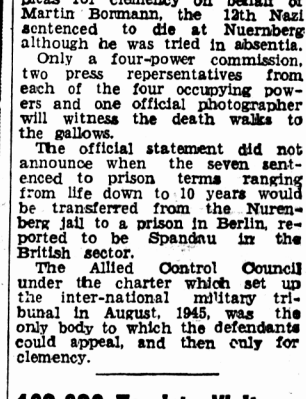

Last quarter moon October 17th, 8:58 A. M.

Summer tide eighteen minutes later than Charlottetown.

Hon. T. F. Locke, Vice-Supreme Master of the Fourth Degree Assembly, Knights of Columbus.

## Millions of Dollars Have Been Spent by the Knights of Columbus during the past two World Wars in caring for the spiritual and material needs of the ex-service men and women of the United States and Canada.

The dinner, held at the Charlottetown Hotel, was presided over by Grand Knight R. E. Bradley. The spacious dining room was filled to capacity. Present at the table was His Excellency, the Most Reverend James Boyle, Bishop of Charlottetown; His Honor, Lieut-Governor J. A. Bernard; the Right Rev. P. McMahon; Mr. Melvin McQueen, Lieut. J. F. Donald; Hon. Dr. W. J. MacMillan.

Mr. Locke expressed his extreme pleasure in being present at the dinner. It was one of the most beautiful places he had ever seen and, in company with the Hon. Dr. W. J. P. MacMillan, he had taken advantage of his three days in the Province to motor into various sections of the Province and enjoy its scenic beauty.

The Vice-Supreme Master of the Knights of Columbus told his audience the Order was about to embark on a crusade for the spiritual elevation of the United States and Canada. To accomplish such an aim, he suggested Catholic laymen should organize discussion groups, each group comprising "not less than five and not more than ten." This had been the technique, he said, of great Catholic and non-Catholic organizations.
