Water Works Tender. Tenders will be received by the Summerside Water & Sewerage Commissioners up to the time of 8 o'clock of the evening of Monday, August 8th 1910, for the labor in connection with a proposed extension of the Water & Sewerage System of the Town of Summerside, on the Holman & Green properties (bounded by Argyle Central and Duke Streets and by Cedar Avenue) and adjoining streets, according to the plans, profiles and specifications prepared in connection with the same and said plans etc., to be seen at the Town Clerk's office on and after Monday August 1st next. The tenders are to be made according to a blank form in book 1 in the said specifications.

The lowest or any tender not necessarily accepted. H. A. COMPTON, Chairman W. & S. Commissioners 7-127, 30, 2, 5.

Mr Horseman. What do you consider points of vital importance in the standard bred stallion? Is it not size, style, action, speed, manners, and endurance. Where are you breeding to get these points? Did you ever consider about Kip-aros 38,086, a horse of 16 hands high and nearly 1200 pounds in weight, a pure gaited fast trotter, with style, size and action, a road horse as well as a race horse. He will walk 5 miles an hour, and is of a kind, gentle, fearless disposition. And what about his breeding? why it's second to none. He is sired by the fastest trotting son of the great sire and race horse Kremlin) Kamarae 2,102 and his Dam, where can you find a horse in this province that has a Dam half her equal? Russida, she is only 13 years old now and she has produced 3 two yr olds and 1, three yr old to enter the list (all trotters) and she has another 2 yr old, Ball-son, and a grand daughter 2 yr old, in training at Readville this year, and we all know Mr. Allen, picks the best colts from the farm for train-ing and racing, and her produce seems to be among first choice, her last two colts sold, brought \$1950.00. She produces size, speed, early and extreme speed. What about his second Dam? Russida she is a producing Dam being the Dam of Unkament 2,214 a sire, etc., and she is a full sister to the worlds champion brood mare sire, Nutwood 2,182, the only horse that ever stood at a service fee of \$1000.00. And his third Dam, Miss Russell, is the greatest brood mare of all mares. She is dam of Maud S., 2,082, etc. and is the only mare with 2,10 trot-ters in the first, second, third, fourth, fifth and sixth generations. Kinaros 38,086, is backed up by the worlds championship brood mares, and speed and brood mare sires. And he will undoubtedly prove to be the great est brood mare sire ever brought here, and we must have the brood mares before we can raise the trot-ters, and there is no part of the Is-land needs a horse of this class as badly as Kings Co. Here is one of the best bred horses you ever had the privilege of breeding to, and is mak-ing the season at owner's stables, Montague, the old home of the Mari-time Champions, Brazilian 2,19, and Ozan, D. 2,194. For further particulars apply to, T. GORDON IVES, OWNER

BEAVER FLOUR is equal to the occasion

SOLVE THE BAKING PROBLEM by using the flour that you can always depend upon. You've noticed how your bread or pies or cakes turn out with varying degrees of success, and you have blamed the heat of the stove, the quantities of your ingredients and anything but the right thing. The difference between constant success and uncertainty is the difference between Beaver Flour and flours that cannot be depended upon in all baking operations. Unfailing results demand the use of "BEAVER" FLOUR. The reason is simple. Here is a flour that is blended from the rich, nutritious Manitoba Spring wheat and the more delicate Ontario Fall wheat. One has an abundance of gluten, that goes to build up the human frame with nourishing food, while the other ensures lightness and whiteness. The blended wheat properties in Beaver Flour provide a perfect combination for making whole-some bread, biscuits, cakes and pastry that are as pleasing to the eye as they are sweet to the palate. Put it to the severest tests you can devise, and we are willing to abide by your judgment. DEALERS—Write for prices on Feed, Coarse Grains and Cereals. THE T. H. TAYLOR CO. LIMITED, - 106 - CHATHAM, Ont.
