Kensington And Vicinity

Mr. Edward Owen and Mr. Charles Archibald, inspectors of the Nova Scotia, who were here during the past week, left on Saturday morning.

His many friends are pleased to see him again, after his recent illness. Although feeling much better, it will be some time before he will resume his duties in the Post Office.

Mr. Kenneth McLean left on Saturday for Halifax, N. S., where he will enter Camp Hill Hospital for a general check-up. He was accompanied by his daughter, Anna who will enjoy a holiday with her aunt, Mrs. Bruce Murphy, Halifax.

The shortest but severest snow storm of the season was had in this section of the province on Saturday evening. A thirteenth gale, with a heavy snowfall and the thermometer registering around the zero mark, tied the record for blizzards during its two hour period.

In Kensington rink on Saturday morning the snappy looking Kensington Hockey team, teamed out in their new uniforms, went on a scoring rampage, in their opening game of the season, to bank the scores, hard working Margate Bentams 9 to 0. Carls with four, Thibault with 2, McKeeney, Humphrey and Dr. McKeeney, were the scorers. The contest was the twelfth for the winners. To McLean the Kensington goalies who turned in a sensational game, secured the honour of securing the "out" of the season in this rink.

LINEUPS:

Starting the second frame at one all, Watson from Mills and E. Pendervast from H. Brantton, registering markers in the opening session to make it an even round. The Bombers went to work on a four goal spurge to take home the bacon in the remaining session. Watson Bombers fast tricky centre, scoring two, having a perfect pass fed him by A. Mills for one, and getting the other on a sensational end to end solo. Simms from Dunning, and A. Mills on an individual effort, securing the remaining ones. NOTES:

Our number one star is Millar (Biff) Waite, who got one and assisted in four others of his teams goals, he played heads up hockey throughout setting up play after play for what looked like seven counters, but were easily looked after, when his teammates continued with their erratic shooting.

Number two is McAusland another Kensington player who turned in a smart game both offensively and defensively and making the red light glow no less than five times.

Third and final choice is Chet Champion Eagle right winger, he was on the job throughout, being always in position on top of his man at all times, and pumped in four of his teams goals for good measure.

OUT OUR WAY

Three Assaults Are Unsuccessful

(Continued from page 1)

four field guns, 30 automobiles and much other war material fell into Finnish hands in the district north of Lake Ladoga after the repulse of relatively weak attacks on three Finnish positions, one of them on the shore of the lake and two others on islands near the shore.

Other attacks were reported set back at Summa, on the Karelian Isthmus, at Alttokki, north of Kiteala, and at Markajarvi, on the Salla front.

Heavy artillery exchanges thundered tonight along the Karvian Isthmus front, lighting a snowy battlefield strewn with Russian dead slain in a fruitless offensive which appeared to have spent itself at last after five days of unrelenting attacks.

Manion Protests Effort To Stifle Free Discussion

(Continued from page 1)

Manion, for that matter, by what right must any candidate for Parliament in Canada, representing any responsible party, submit radio addresses to censorship of anyone?

"My understanding is that the censoring would be done by some form of government committee. May I ask what particular training could be possessed by any member of such committee per tunc him to feel the pulse of Canada what they must hear from myself or any other public man?"

The chief hallmark of democratic freedom, as opposed to autocracy, is freedom of speech as exemplified in Parliament, in the Press, on the radio, and in public assembly. All of these have already been interfered with by the King government or the Broadcasting Corporation which is responsible to that government, and most of whom were appointed by it; and I appeal to the press and people of Canada to stand up today or their liberties, or the day is coming when the people of Canada will have no liberties.

"Why should we be fighting for liberty in Europe and restricting it more and more in Canada? The whole radio proposal is ridiculous, even vicious, and in addition endangers all the liberties of press and speech already secured to us by which we hold dear. It is indeed time that the press and people demanded, and insisted upon their rights."

Under the defence of Canada regulations there are legal instruments by which anyone who is so disloyal or foolish as to utter treasonable or seditious words, or who, but these high-handed restrictions that are now being put into effect have no justification whatsoever in the country where so many where British freedom should prevail.

If protest, and shall continue to protest against this invasion of our rights.

New York Post Introduces New Makeup Design

(CP) — The New York Post, an evening newspaper founded in 1801 by Alexander Hamilton, today appeared on the streets with an entirely new makeup—beating type designed by Normal Bell Geddes, departmentalized news, no column rules and other innovations.

The new type is Bel Geddes' "Vogue." It is black—bold in the words of the trade—and the body of the paper is set in "regal" eight point on nine. This larger-than-usual type size cuts the wordage about 15 per cent but editors believe the increased readability offsets the smaller volume.

JAPS DECLARE INTENTION TO BOMB RAILWAY

(AP) — The Japanese army will continue attacks on the French-operated Kuning-Hanoi railway in southwestern China as long as there is a "military necessity," foreign office spokesman declared today.

The spokesman, Hachiko Suma, spoke as France was lodging a protest over bombing of the line Thursday and after the United States had made representations about previous bombings.

Although Thursday's bombing, in which the French said five French men were killed and several "non-Chinese" wounded, provoked a stiffened French attitude, Suma said the Tokyo Government "fully endorses" the operations against the railway.

(Shanghai dispatches placed the number of killed in Thursday's bombing at 100, with another 200 wounded. They said there were further attacks on the railroad last Saturday but no casualties were reported.)

Suma denied that undisciplined military authorities were responsible for the raids. Japan was believed to hold that the railway is a legitimate military objective because it is a main munitions supply line for Chungking. The French copy this.

Balkan Nations Expected To Open Talks

(CP HAVAS) — Informed British quarters last night the coming activities of the Balkan Entente members—Yugoslavia, Turkey, Rumania and Greece—will furnish the key to what really went on at the "three-day" session that closed at Belgrade Sunday.

The communique issued after the conference was composed of generalities which might mean almost anything these quarters said. The first real light on them probably will be furnished by Rumanian conclusions bilateral pacts with Italy in an effort to preserve peace in this area.

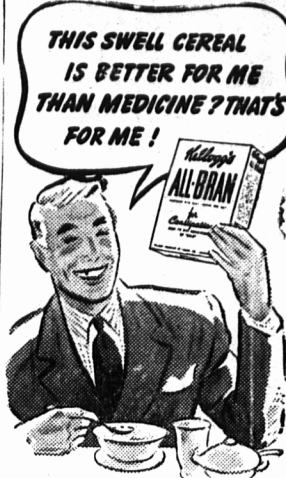

Despite statements that the four members of the Balkan Entente—Rumania, Greece, Yugoslavia and Turkey—had agreed on a "common front" at the conference concluded here Sunday, diplomats said they apparently failed to decide upon any mode of joint action.

In view of this fact, observers declared there was "reason to believe" that Premier Mussolini's government would be ready to negotiate separate accords with each of the Balkan native powers, as well as Hungary and Australia town was named.

KING'S PADRE

(CP) — The Rev. E. S. Ujaly, chaplain R. N., has been appointed honorary chaplain to the King in succession to the late Rev. W. R. F. Ryan chaplain R. N.

COVENTRY, ENGLAND — (CP) — An exchange of flags between Coventry and Parkes, New South Wales, commemorated Sir Henry Parkes, native of Coventry for whom the Australian town was named.

THIS SWELL CEREAL IS BETTER FOR ME THAN MEDICINE? THAT'S FOR ME!

Yes! Kellogg's All-Bran is "better than medicine" in cases of constipation resulting from lack of "bulk" in the diet. All-Bran supplies that missing bulk. Also, it provides intestinal tonic Vitamin B. Eat All-Bran every day either in cereal form or baked in delicious muffins, and drink plenty of water. Try it and see if you don't find a brand new outlook on life. All grocers sell All-Bran in two convenient sizes. Made by Kellogg's in London, Canada.

and Bulgaria, in order to achieve, directly or indirectly, the union which the Southeastern nations appear unable to bring about themselves.

The possibility of such negotiations were evoked by the conference when it gave a free hand to its members to negotiate their own pacts.
