THE Britannia Manufacturing Co. Limited, Halifax is issuing a neat and ingenious private post card to its customers. It has as its heading "Why P. E. Island should have a Tunnel and gives as reasons why a Tunnel should be made (1) Because the Island needs one, (2) Because the people want one, (3) Because it is the only way to solve the winter transportation problem, (4) Because Canada owes the Island uninterrupted connection with the mainland. The Sacred Concert in the Market Hall last night in aid of the League of the Cross Reading Room was not so largely attended as it should have been considering the worthy object to which the proceeds were to be donated. Those in attendance, however, were treated to a musical program which has not been excelled in Charlottetown for a long time. The numbers by the St. Dunstan's Cathedral Choir were artistically rendered and showed the result of long and careful training. The old favorites were all heard to good advantage and received appreciative applause. Father Gallant and the other gentlemen and ladies who had the affair in charge have the thanks of the music-loving community for the excellent entertainment afforded.

He is a wonder on skates. He was accompanied by J. T. Pendergast, a native of Kensington P. E. I. now a resident of New York. Mr. Pendergast is a fine specimen of manhood. He stands 6 ft. 1 in. in height weighs 225 lbs. He holds the record for the 50 lb weight, and is considered one of the best all round athletes in America. He is in company with S. P. Gillis a native of Margaree C. B., also a noted athlete, intend making a tour of the provinces, the coming summer. He is a member of the Xavier A. A. of New Jersey. They both go from here to P. E. "Well—I had made up my mind to make the Wall Paper on our Parlor do for another year, but I was looking at some of the new paper at Carters' last week, and to tell you the truth, I really could not take my eyes off this pattern. Isn't it pretty and not expensive either. They have the nicest lot of New Wall Paper I have ever seen. Why, they have some patterns at six, eight, and ten cents a roll, that are far handsomer than some I have seen for 15 cents. I guess I'll have the dining room done over while I am about it, when I can get such nice papers for so moderate a price." 29d 1w
