Although there are a few lobsters appearing on the local market, fishermen report that the catch is very light this year. During the past week fishermen report that it has hardly been worth the trouble hauling in their traps. However, a few good catches have been made, but they have been rather isolated. Good weather has been relatively prevalent throughout the week easing somewhat the difficult job which is hazardous at best. Many who have been looking forward to a big season have doubts that it will be a heavy one, thus diminishing the margin of profit on the open market. However, with the never-ending hope of fishermen, they are looking forward to a betterment of conditions with a heavier catch during the rest of the season.—Lan.

During the past week several children from Montague took part in the Musical Festival held in Charlottetown. Fay Stewart, piano, Joanne Watterworth, piano, Betty Shaw, piano, Gillian Taylor, vocal, Irene Webster, vocal, and Veronica Taylor, vocal. Gillian Taylor took third prize in the 9-year old and under class. The two groups went under the direction of Mrs. A. F. Campbell, and Miss Agnes Annear, both of whom are to be most highly commended for their splendid

work and interest in the young students. The inauguration of the annual Musical Festival should do much to awaken musical interest in the better types of music, and with this awakening, it may be possible that the necessity may be seen of teaching music in all the schools as a necessary part of the curriculum, replacing other things of far less importance. It is unfortunate that school children are almost totally unacquainted with good music, since it is not a part of the curriculum.

The funeral of the late Mrs. George Gordon, Montague, was held in the United Church Friday afternoon, May 7th, with the minister, Rev. A. S. Adams officiating. The church was filled with friends who assembled to pay the last respects. The late Mrs. Gordon had been ill for some time and passed away on Wednesday morning. The hymns of the service were favorites of the deceased, "Near the Cross" and "Jesus, the Very Thought of Thee". Mr. Howard Vickerson very feelingly rendered the solo "No Night There". Besides her sorrowing husband, she leaves to mourn one son, Clarence in Moncton, N. B., her father, Mr. C. E. White, and one brother, Mr. Waldo White of Baileys, Sask. The pall bearers were Dr. L. A. Johnston, E. H. Stewart, J. J. Stewart, George Peerce, Garth Kerr, and Lester MacLeod. Interment took place in the Lower Montague Cemetery.

Many independent fishermen are this year building lobster crates, in which they are crating their large market lobsters until a later date so that they will be in a position to take advantage of any subsequent increase in price.

Reports at the conclusion of the first week of the lobster fishing season indicate a good but not exceptionally heavy catch for the first part of the season. The latter part of the week the catches averaged about a pound to a trap, or a shade better.

Souris C. W. L.

The annual meeting of the Souris sub-division of the Catholic Women's League was held on Sunday May 2nd in the K. of C. Hall with a good attendance of members and two visitors. Owing to the illness of the president, Mrs. Fred Mully who is a patient in the City Hospital, Mrs. Adrain McInnis occupied the chair and opened the meeting with the League Prayer. The acting secretary, Mrs. Arthur Paquet read the minutes of the last annual meeting and the minutes of the March monthly meeting.

The chairman read a very nice letter from the President, Mrs. Mully in which she thanked the members for their loyalty and cooperation during her two year term of office.

She also extended thanks to Monsignor Murphy, his curate, Father Murnaghan for their helpful suggestions and to the Knights of Columbus for the use of their hall for our meetings. The secretary gave a detailed report of the activities of the League for the year. The treasurer, Mrs. John J. MacDonald read an accurate account of the receipts and expenditures. Weekly bingos, a play and pantry sale were held. \$428.94 were the proceeds. A number of donations and surpluses were bought for the altar boys. Prizes were given to the Convent High School and catechism classes and a monetary gift was presented to the clergy at Christmas. The sick and shut-ins were remembered with gifts of fruit. The League helped to furnish flowers for the altar at Easter. The financial report of the Souris River unit was read by Mrs. Joseph MacConnell showing receipts of \$91.38. There being no further reports, the election of officers took place resulting as follows: President, Mrs. Andrew Meurant; 1st. vice president, Mrs. Howard Paquet; 2nd vice president Mrs. Angus MacConnell 3rd vice president Mrs. C. Clair Paquet; treasurer, Mrs. John J. MacDonald (re-elected); recording secretary Mrs. Arthur Paquet.

The new officers were then installed after which Monsignor Murphy, being unavoidably detained for the opening, all the reports had been given. He spoke words of encouragement to the newly elected slate of officers and asked for the wholehearted support of all the members. The meeting closed with the Act of Consecration to the Blessed Virgin Mary recited by Monsignor Murphy. A pleasant social hour was then spent during which a dainty lunch was served.
