

Vapo-Cresolene
Established 1879
Whooping Cough, Croup, Bronchitis, Cough, Grip, Asthma, Diphtheria
Cresolene is a boon to Asthmatics
Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?
It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.
Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.
Sold by druggists.
Send postal for booklet.

The Strain on Women's Eyes
Eyes rarely accompany very bad light. The "nearly perfect" light in its effort to secure "perfect sight" actually produces eye strain. The proper lenses remove eye strain by making the act of looking at things easier. We fit spectacles true.

Sure Cure For Sciatica.
Sciatica is really inflammation of the sciatic nerve, the largest nerve in the body.
This passive inflammation is the product of a run-down condition, and in every case you may be sure the nerves are worn down fine.
The pain is the cry of the nerves for more food—for richer, redder blood.
Rubbing on a greasy liniment can't help very much—you must treat the blood and rebuild the nervous system.
This can be promptly done with Ferrozone.
No builder of nerve force is more powerful.
No tonic so quickly fortifies the muscular system, imparts such strength, such endurance and vigor.
Any traces of Uric Acid and rheumatic poison are quickly driven out by Ferrozone. The lower condition of the system is changed into a reserve of vigor that defies further attacks of Sciatica.
Marvelous in its reconstructive and rebuilding power, quick to give relief, absolutely to cure,—where can you find a better treatment than Ferrozone? Sold by all druggists in 50c. boxes; try Ferrozone.

ROYAL GRAFTON CHINA
Sometimes we make a mistake. Incredible as this may appear it is nevertheless true. You may take our word for it that we would not make this admission if it were not so. We bought a fine grade of English Grafton China—a plain white ground with a deep blue border with gilt, that we thought would sell. It didn't. Perhaps it was the price. It must have been because it has been very much admired—but it did not sell.
Our store is not large enough to accommodate goods that can't pay their footing so if the price was the only reason for its not selling that objection is going to be removed.
