THE EVANGELINE SOF.D.—The Plant Line steamer Evangeline which was built for the Boston, Halifax and Charlottetown service five years ago has been sold by A. W. Perry to the Oriental Navigation Company of New York for \$500,000, and will be placed in the transatlantic freight trade out of New York as soon as alterations can be made. The Evangeline was built at Glasgow in 1912 and was transferred to American registry under the Ship Purchase Bill of 1914. The steamer left Boston on Wednesday for New York in command of Capt. Doyle, a Charlottetown man.

EXHIBITION MEETING.—The annual meeting of the Egmont Bay and Mt. Carmel exhibition was held March 28th, in St. Philip's Hall. The attendance was fairly large and the opening speech of the president was appropriate and full of logic. The speaker in a brief summary of all their exhibition held, expressed his great satisfaction with the progress made and even ventured to say that some of their exhibitions were superior to what could be seen in the large exhibitions. He regretted to have to inform his hearers that no government grant was available this year. He however strongly urged the farmers to cultivate their farms to the fullest capacity as the present situation called for increased production. The minutes of the last meeting were then read and adopted as was the report of the financial statement. Hon. President, Rev. S. Boudreau gave an excellent address in which he advised his hearers to practise economy. He also spoke of the war and its effects in general. Mr. Eugene M. Arsenault and Mr. Ellis Arsenault were of the opinion to hold an exhibition next fall as usual, but the majority of the meeting decided to cancel it for this year. Mr. Edilbert Poirier suggested that school children be encouraged to carry out home projects of some kind and in the fall, an exhibition could be held where all the school-pupils of Egmont Bay and Mt. Carmel could bring their exhibits. Capt. Jos. Bernard, Ferdinand Richard and X. O. Gallant supported the suggestion, and after the motion for cancelling the larger exhibition was adopted, Mr. Poirier's suggestion was put in the form of a resolution and carried. It was mentioned in this connection that Inspector Gallant would kindly take upon himself the direction of such a school fair.—M.

Three passed peacefully away in Kildare on the 28th February, in the 77th year of her age, Mary, the beloved wife of Peter Whelan. Deceased had been sick only a short time but the end was not unexpected. Hers was a cheerful nature. She was much thought of and respected by

The residents of Emerald received a sad shock on Friday evening last, when a telegram from Winnipeg announced the sudden death that morning of Mr. Terrence Goodwin, Mr. Goodwin who was always held in high esteem as a citizen of Emerald, removed with his family to Winnipeg last fall, and was enjoying good health until the time of his death, which was due to heart failure, while at work about 10.30 a. m. His many friends in this province will greatly regret to learn of his death, as he was highly respected as a peaceable, honest, conscientious citizen, and a master mechanic, having followed the carriage working business during the past thirty-eight years in Emerald. His funeral took place in Winnipeg, where all his family reside, his wife having pre-deceased him several years ago. The sympathy of many friends here goes out to his family in that city.

Mrs. Win. Smallwood, one of East Lovalty's oldest and most respected citizens, passed peacefully away, at the residence of her son, Francis Smallwood on the 13th inst. after an illness of about two weeks at the age of 84 years. The deceased was born in Charlottetown but the greater part of her life was spent in Mt. Herbert, where her kind and loving disposition won for her many friends. Her husband predeceased her five years ago. A large number of friends followed the remains to their last resting place, which showed the respect in which she was held by her neighbors and the community at large. She leaves to mourn three sons, Herbert in Winnipeg, Henry in Bunbury and Francis of East Lovalty, also two sisters, Mrs. Mutch of Charlottetown and Mrs. Macdonald of Calgary and one brother, George Rattary, of Millcove to all of whom deepest sympathy is extended. The remains were laid to rest beside her husband and two children in Mt. Herbert Cemetery. The Rev. Mr. Weeks assisted by Rev. Mr. Littlejohns conducted the funeral. The pall bearers were

SERIOUS ACCIDENT.—Mr. F. M. Vessey mail courier on the Earncliffe-Cherry Valley route met with a serious accident recently. While returning home from the city his horse became unmanageable and ran jumping over a high barbed wire fence. Mr. Vessey was naturally thrown violently out of the sleigh and received such serious injuries, both external and internal, that he had to be taken to the Prince Edward Island Hospital where he is now under treatment. His many friends are anxious to learn that Mr. Vessey is going as well as could be expected under the circumstances, and expects to be all right again some time in the future.—Q.

RECEIVES COMMISSION.—Mr. Horace Hazard has received a letter from the Hon. J. D. Minto, M.P., the letter is dated March 4th, "The Hon. J. D. Minto, Cornwall" and states that "Gerald" her son has been promoted to the rank of Captain. He is getting on well and recently visited his home on a furlough of two weeks. He is going out at the end of the week. The severe weather the soldiers have been experiencing at the front. Captain Hazard has been at the front since the war started and has therefore seen a good deal of fighting. Mr. Hazard further writes that the Hon. J. D. Minto has been successful, indicating that there is plenty of money in the country still. She makes some interesting comments on the food situation. Potatoes are very scarce, dealers holding them for better prices.

NAVAL RECRUITS.—The following men left yesterday afternoon for Georgetown enroute to Halifax to join the Navy: Messrs. Alexander E. McKay, Sea View, James W. Clark, Harry Cahill and John C. McLellan all of this City.

LUMBERMEN'S PLATOON.—Lieut. Hardy of York has been commissioned to raise a Lumbermen's Platoon for service at the front. The platoon will consist of 60 men familiar with the woods and saw mill, age limit about fifty. The platoon is already fast filling up. Major Fullerton will give all necessary information.

REMAINS COMING HOME.—Mrs. William Minto, Summerside received the following telegram on Tuesday evening:—Glace Bay, N.S., March 29. "John D. WEDDING BELLS.—A quiet but pretty wedding was solemnized in St. Matthew's Presbyterian Church on Saturday afternoon March 17th, when Lieut. Walter Gordon Pengetley, Royal Canadian Engineers, and Miss Winifred T. Graham, were married. The Rev. George E. Ross, B. D., uncle of the bride, officiated and a number of relatives and intimate friends witnessed the ceremony. The bride was attired in a travelling costume of dark brown with hat of mustar shade, and wore a corsage bouquet of violets and lilies of the valley. Lieut. and Mrs. Pengetley are both well known in Montreal. The bride graduated from the Royal Victoria Hospital a few years ago, and has since had charge of hospitals at Charlottetown, P. E. Island, and Sydney, N. S. The bridegroom is a graduate of McGill University, and now holds a commission with the Engineers stationed at Ottawa.—Montreal Star.—March 19th.

RECORD PRICE FOR FOX SKINS.—Mr. Chester McClure, manager of the Fur Sales Board cabled from New York to Mr. E. R. Brow yesterday that he had just sold a pair of Silver Black Fox pelts for \$2,200—one at \$1,200 and the other at \$1,000. The previous records for this season were St. Louis \$1,650 per pair, New York \$1,750 per pair. The success obtained by Mr. McClure is highly creditable, and proves conclusively the advantage of having a man on the spot who knows fur values and who is prepared to wait till he gets what he considers each pelt is actually worth.

PATRIOTIC TEA.—A very enjoyable St. Patrick's tea was given by Mrs. Wray of Winnipeg at the home of her father, Mr. R. P. Bagnall, Hazel Cottage, Hazel Grove. The tea-room and tables were tastefully decorated with shamrocks and green trimmings. Among those assisting at tea were Mrs. Merton Bagnall, Miss Burton, Miss Dickieson and Miss Seppas. As the day was very pleasant a goodly number of guests were present and partook of the tempting delicacies. During the evening they were entertained with choice Gramophone selections. The affair was a decided success, and over eighteen dollars was realized for Red Cross purposes.

The Provincial Seed Fair took place yesterday at 11.30 by His Honor Lieut. Governor McDonald, Rev. Dr. Gauthier, presiding. The Hon. J. D. Minto, M.P., was in the audience, and the showing of seed grains as excellent and could not be beaten in any part of the Dominion. If the showing in potatoes was smaller than usual it was due to the excellence of the exhibits sent in by Mr. Brodie and Mr. Vessey, of York, who had improved the growing of seed potatoes to such an extent that competition was almost forbidden. He regretted that samples of the seed shown at the first Seed Fair ever held in Summerside had not been preserved for comparison with the exhibits of today. Had this been done, he said, the advance in quality would have been eye opener. Lieut. Governor McDonald, after speaking of the excellence of the exhibits stated that when he was a young man the people of his county used flax very extensively and he much regretted to say that flax production has now almost come to a stop. He would like to see this industry revived. It was also a shame he said to see each year such an immense quantity of money leave this province for seeds which could just as well be grown here and the money kept amongst ourselves. In conclusion he formally declared the 14th Annual Seed Fair open to the public. Hon. Murdoch McKinnon, Commissioner of Agriculture, congratulated all upon the success of the Fair and paid a further compliment to the able management. The original object of the Fair, he said, was only to improve our seed, this it had done, which was good for the country, but it had now come up to the time when there was a great need for food production. We are now able to get a much increased production on account of good seeds and other parts of Canada could do the same by sending here for their seed, the names of the exhibitors being always available for this purpose. Therefore the Provincial Seed Fair which had been of great benefit in the past is now a great convenience in a time of need. In the afternoon there was a public meeting held in the Seed Fair building, presided over by the President, Rev. Dr. Gauthier. At this meeting the judges of the different classes explained their reasons for making awards and also answered numerous questions asked by farmers present. There was a very large attendance and the fair was pronounced one of the biggest successes of the series of seed fairs held in the western capital.

The Fair closes today with the sale of prize grain which commences at 10 o'clock this morning.

The sixth race of the series, held on last Wednesday was favored by ideal weather about 1,000 people witnessed the races, and all were intensely interested. The three year old contest was the "thriller" of the day. Oma the speedy daughter of Aquila went out in the fifth heat Patola owned by David White of North River trained and fitted by Tyndale Semple had to give way to the equine dynamo "Oma" in the last three heats.

Spider owned by Ansel Bernard Batic and Arctola Boy owned by Charles McLeod, French River made a good race for third place.

The time in the third heat was fast considering the softness of the ice.

In the 2.40 class, "Nellie Johnson," the speedy Boston mare owned and driven by Jos. Sheen Kensington won quite handsly in three straight heats.

"Harry Mac" owned and driven by Isaac Bernard French River went the best race of his career and landed second position.

Merry Widow, got third position, a summary of a New London race without Merry Widow's "monarch" would be a curiosity.

"Ronaka" a handsome mare imported from New York by Harry Silliphant, Summerside, was unsteady and was much handicapped by the track being soft.

"Mira Wonder" owned by Roy Dann Charlottetown and driven by Dan Steele, Summerside went a good steady race, but couldn't land "in the money."

"Khaki Girl" driven by John Lockhart was off in form on account of a hard race recently.

Aleyone, owned by Dr. Sullivan, who is at the front, was driven by Dr. Church, Summerside.

The 2.50 class was decided by four heats, on account of soft ice. "Diagola" a smooth turned three year old driven by T. Semple landed first position after dropping the first heat to "Frenchy" and the third to "Troublemaker."

"Troublemaker" owned by Robt. Johnston, Kensington landed second position.

"Frenchy" Austin MacNeve's big pacer went a good race. Mr. Neill had a good offer for him after the

annual meeting of the Diocesan-Church Society of the Church of England opened in this city yesterday, the executive meeting being held in St. Paul's Schoolroom at 3 o'clock in the afternoon.

Archdeacon Watson of Kensington, Rural Dean, presided. There were in addition to representatives from St. Peter's and St. Paul's Churches, City, representatives from Georgetown, Cranage, Kensington, Port Hill, Irishtown and Milton.

The officers of last year were re-elected. Mr. Percy Pope being elected Treasurer and Mr. C. E. McKenzie, of Milton, Secretary.

The former executive were also re-elected.

Delegates were also elected for the District Mission Board.

The reports of the Secretary and Treasurer were received and approved.

Among those present from out of town were Rev. Mr. Patton from Alberton, Rev. J. J. Bamford from Port Hill; Rev. B. P. Colclough, Milton; Rev. Wm. Deathe and Mr. Crisp Moore, Cranage; Mr. W. S. Easton, Georgetown; Mr. Millman, Irishtown; Mr. C. E. McKenzie, Milton; and others.

In St. Paul's Church last evening service was held. Rev. Mr. Colclough of Milton preaching an excellent sermon.

In connection with the meetings there will be Holy Communion in St. Peter's this morning at 7.45, and in St. Paul's Schoolroom at 10.30 this morning there will be a Rural Deanery meeting at which clergy and laity will be in attendance.

The annual general meeting takes place in St. Paul's Schoolroom at 8 o'clock this evening, the speakers to be Dr. Boyle of Kings College, Windsor, Archdeacon and Rev. William Deathe.
