Duncan Palmer Laid To Rest At S'side

Not for many a day has Summerside witnessed such a large turnout as yesterday for the funeral of Duncan Palmer, a member of the Fire Department and an employee of the Town. The funeral service was held from P. L. Bowness Undertaking Parlor, Rev. Mr. Davies taking the service, assisted by the choir of Trinity Church. Miss Sue Meadows presided at the organ. The beautiful hymn "Nearer My God To Thee" was sung by the choir, and Mr. George Bowness sang with sympathetic feeling "After The Shadows."

The full force of 28 firemen marched in the funeral procession ahead of the coffin, which was carried on one of the carriages of the Fire Department. The firemen walked all the way to the cemetery to pay homage to their well beloved comrade. A pathetic figure in the procession was Mr. Palmer's horse, his constant companion. After the carriage came the mourners in cars. Sixteen cars followed the remains to their last resting place.

In the procession were Mayor Robinson and all the members of the Council Board, Mr. Neil Durant, Town Clerk, Mr. Groom and members of the Town staff, the police and a large number of citizens. The remains were laid to rest in the family plot in the People's Cemetery.

Attending the funeral were his sisters, Mrs. James Crossman and Mrs. Melburn Sudbury, his niece, Mrs. Clayton Blackmore of Bedouque and a number of nieces and nephews in Summerside and his sister-in-law Mrs. Carrie Bell and her daughter, Mrs. Steeves from Moncton.

The pallbearers were: W. B. MacNeill, Chief of the Fire Department, Captain D. F. MacNeill of 1st Company, Capt. Claude Kenny, Captain of W. Muttart, and Fidele Arsenault—S

Address On League Of Nations

Address by Mrs. Hammond Johnson on the League of Nations Society in Canada, given at the annual meeting of the Summerside Branch of the W. C. T. U.

Guests of honor were Hon. Thane A. Campbell, Premier of the Island; B. W. Robinson, Mayor of Summerside, and Hon. President of the Club and Mr. C. R. Rogers, Vice President of the Summerside Board of Trade.

Program

After the delicious dinner, served by the staff of the Grill in their usual good style, had been enjoyed a sing song of Y's Men's favorites, led by Y's Man W. T. Bentley opened the program.

Introduction of Guests

Mr. Currie called on Dr. Hillard Clark, president, to introduce the honored guests: Dr. Ralph Dalgleish; Hon. Thane A. Campbell, Mayor Robinson and C. R. Rogers.

Mr. W. E. Massey then took the chair and the ceremony of inducting the members of the new club into the International Association was begun.

Y's Man Willett introduced the Summerside members, after which, Mr. Massey called on the Mayor, Mr. Robinson, James Haslam and Hazen Wigmore to induct the members and instruct them as to their duties and also to explain the aims and objects of Y'sdom. They were then given their pins.

Presentation of Charter

Dr. Ralph Dalgleish then formally presented the Charter to the President, Mr. Currie, and welcomed the new club to the International Association.

Speeches

Dr. Ralph R. Dalgleish

Dr. Dalgleish, Director for Canada East, of Cape Breton, gave the most interesting and instructive address, first expressing his appreciation of the hearty welcome he had received. He made reference to the delight he had experienced while driving from Borden, with the beautiful farms and the evidence of growth, the green grass and beautiful foliage of the trees, so different from the mining district of Cape Breton.

He then went on to speak of the inauguration of the Y's Men's Club sixteen years ago in the State of Ohio; how it had grown rapidly to 175 clubs, spread over the whole world. He emphasized the essential and moral ideas plus ideas for service to our fellow man. The Club is a service club and can do much in a small town to justify its existence. The speaker then went on to tell of the success of the organization in China where thirteen Clubs had been established. These clubs had furnished libraries, day schools, clinics for the sick, convalescent homes for soldiers and many other charitable works. In Poland, too, the movement was strongly entrenched. One of the chief reasons for its success was that the Club adapted itself to the needs and ways of the country in which they happened to be located.

In the Maritimes the movement is strong with Clubs at St. John, Glace Bay, Fredericton, Halifax, Charlottetown and now Summerside.

Dr. Dalgleish concluded his remarks by suggesting that the new club take as their motto "Justify Your Existence"; to realize our privileges of citizenship and to sense our duties and our rights will usually take care of themselves.

Hearty applause was accorded the speaker as he sat down.

Other Speakers

Mayor Robinson in a few remarks welcomed the visitors very cordially to Summerside. In addressing the new Club he assured its members that they would find all kinds of opportunity to devote their service to in Summerside. It was certainly our duty to justify our existence and the pleasure and satisfaction to be derived from helping others brings its own reward.

He was particularly glad to welcome the Charlottetown members as with the two clubs cooperating together so much more could be accomplished. He was very glad to see more cooperation between the two towns than had been the case in former years.

Hon. Thane A. Campbell

Hon. Thane A. Campbell, K. C., as Premier of the Province, welcomed Dr. Dalgleish to the Province and also welcomed the Charlottetown Club. He expressed his appreciation of Dr. Dalgleish's address which had brought a message of cheerfulness with it. He was very impressed with the objects and aims of the Club which were international in scope. He was con-

In Memoriam

Tribute to the late Miss Jessie Strong of Summerside, taken from the United Churchman of June 2nd.

MISS JESSIE STRONG

News of the passing of Miss Jessie Strong will come as a shock to many friends throughout the Maritimes. And many who did not know her in person will recognize her name from its weekly announcement over Radio Station CHGS, as organist of Trinity United Church, Summerside. For after lingering illness, borne with characteristic patience and fortitude, she passed away in Summerside Hospital on the morning of Sunday, May 16th.

Miss Strong was born in Summerside on July 7, 1867, the daughter of Charles W. and Martha Wright Strong. Long and faithful service was characteristic of the Strong family. For sixty years her father was superintendent in the Sunday School, and she herself for forty years was organist in the United Church. Her grandfather, the Rev. J. B. Strong, who was at one time minister in Summerside, was one of the pioneer ministers of Methodism in Eastern Canada, having come to Quebec as a missionary for the Wesleyan Methodist Church. While in Quebec he was the fifth minister of St. James Church, Montreal. In 1825 he was stationed in Sackville, at the time when the Mount Allison Institutions were coming into being.

Miss Strong was educated in Summerside at the Mount Allison Conservatory of Music, and soon after her graduation became organist of Trinity Church, following other members of the Strong family and giving with them the continuous stretch of over a century in service at the organ.

Gentle in disposition, patient in suffering and faithful in service, willing supporter of every good cause, she leaves behind her a memory which will be cherished by all who knew her. At the organ she let her fervent praise in a manner which conducted the service and true worship. In the church she was an active worker, though always retiring and unobtrusive. The Women's Missionary Society recognized in her one of its most faithful and generous supporters.

For her funeral service Trinity Church the organ was draped and the choir sang some of her favorite hymns. The service was conducted by the Rev. L. E. G. Davies in the presence of a large congregation.

She leaves to mourn her passing, her nephew, Mr. Allen H. Strong of Montreal, her sister-in-law and several cousins, besides the church in whose life she played so great a part.

Sunglo Are Blanked By Pioneers 14-0

The Pioneers snapped out of their lethargy Tuesday evening to blank out 14 hits and score 14 runs while Jim Wilson was limiting the Sunglos to a single hit in his initial appearance of the year.

The winners scored in every inning except the second, making a big inning out of the sixth when they landed on big Pony Daly for seven hits including a home run by Heath Warren and a double by Alban Landry which combined with a sacrifice hit and a base on balls netted them seven runs. Warren's home run came with the bases loaded and this combined with a double the previous inning gave the classy second sacker batting honors for the evening.

On the Pioneer mound Wilson was a standout. He allowed only one hit, did not issue a single base on balls and did not allow an opposing batter as far as third base. His mates backed him well and had only one error in the game as compared to 12 in their previous start. Pony Daly on the Sunglo mound was not so fortunate, being touched for 12 hits, allowing three bases on balls and was afforded poor support by his mates who committed eight miscues which were in the main bad throws with men on bases.

All three teams have given improved performances in their second engagements and on Friday evening the Pioneer-Soviet engagement promises to be the highlight of the season thus far.

Defence Case Is Opened In Arson Trial

The case of the King vs. Harding was continued in the Supreme Court on Tuesday, Chief Justice Matheson presiding. The prisoner is charged with arson in connection with the burning of a speed boat on Nov. 10, 1936.

Five additional witnesses for the Crown were examined that morning and in the afternoon the defence opened its case, with the prisoner, Paul Harding on the stand. Harding was still under cross examination when the Court rose to take recess until this morning at 10.30.

Witnesses For The Crown

The first witness on Tuesday was Mrs. Roy MacKenzie who corroborated her husband's evidence as to the signing of the claim papers, Charles Stavert then gave evidence as to the issuing of the insurance policy for the boat, and of viewing the charred remains of the boat after the fire.

Bernard Hughes, of Hughes and Edmunds, Charlottetown, gave evidence with regard to the adjustment of the claim for insurance on the boat in question.

Mr. Charles Beer, Charlottetown, testified to adjusting the claim after he had investigated the fire. He stated the matter was held up for some time while the R. C. M. P. were making investigations. He followed the investigation closely and at the end of a month Serg. Anderson advised him that so far the investigation had revealed nothing.

Early in January Paul Harding came to see him and stated that Eric MacEwen had come to him with the statement that he had been offered one hundred dollars to go on the stand and swear that he had burned the boat for him, the prisoner. I told him if his skirts were clean he had nothing to fear. Prioner suggested the Mounted Police had made MacEwen this offer. Witness said, he replied "he could not believe the R. C. M. P. would do any such thing." Harding then told him he would endeavour to get more information and report the matter to Inspector Friggs.

Corp. Fred E. Cordwell, detective of the R. C. M. P., then testified to certain proceedings which led up to the arrest of the prisoner.

How he had used MacEwen in order to obtain certain information.

MacEwen was arrested in Charlottetown for misappropriation of funds in connection with a

Vacuum Cleaning Co. While he was in custody he made written statements that he had burned the boat for Paul Harding. After his release on bail, he was brought to Summerside, and acting on their instructions he contacted Harding on the phone and subsequently Harding arranged to pay him some money and for him to leave the Province. Detective Cordwell said, he listened in to MacEwen's conversation to Harding over the phone to corroborate MacEwen's previous story, about Harding helping him to get away from the Island. Harding drove MacEwen to the boat next morning and Serg. Anderson brought MacEwen back and he was brought before a Magistrate charged with burning the boat.

Edward D. Blair and Ralph Ramsay of the Bank of Nova Scotia at Charlottetown gave evidence of Harding cashing a certain cheque at their branch.

Graduate Nurses Assn. Holds Annual Meeting

Sister Stanislaus of the Charlottetown Hospital was elected president of the Prince Edward Island Graduate Nurses Association at the annual meeting in Summerside Tuesday. Miss Florence Lavers, Matron of the Prince County Hospital, was elected vice-president. Other officers elected included: Registrar, Sister Mary Magdalen of the Charlottetown Hospital; Secretary, Miss Hattie MacLean of the Prince Edward Island Hospital.

Retiring president, Miss Anns Mair, matron of the Prince Edward Island Hospital, presided. Annual reports were received and routine business transacted.

The annual dinner, which preceded the business session, was followed by a short but delightful program. It consisted of a piano duet by Mrs. Joseph Callagher and Mrs. E. P. Foley; two readings by Mrs. A. S. Perry; and a vocal solo by Miss Helen Davies, all of Summerside.

Case For Defence

In the afternoon the prisoner went on the stand in his own defence. He stated that he owned the speed boat and that he had negotiated a sale with Roy MacKenzie for the boat, but that later MacKenzie could not take the boat. He had had it insured and as is usual when there is a balance due the seller on a sale the loss was made out to Harding's Garage although the policy was made in Roy MacKenzie's name. When the boat was burned he received the insurance of \$1,025. Prisoner denied that he had at any time suggested to Eric or Frank MacEwen that they should burn the boat for him. He had never instructed them to do so. MacEwen was in the habit of getting gasoline from him. When he had asked Mr. Chappelle to beach the boat he had told him that if he wanted any assistance he could get Eric MacEwen as he had asked him for work.

He had paid money to MacEwen on different occasions for a vacuum cleaner he had in the office and also for work done by him. MacEwen came to him after he had been arrested in Char-
