Mrs. Elizabeth Turner, widow of Richard Turner, died Wednesday at her residence, 154 Brussels street, St. John, aged sixty-four years. Only recently she was called upon to mourn the death of her son Joseph. She had no relatives in this city, but there are relatives in Bloomfield, Petiteville and Charlottetown.—St. John Telegraph.

The following Toronto market prices will be of interest in this Province: Egg prices are mounting upward and there has been an advance of 1c to 2c during the past week. Receipts are falling off and prices are likely to go higher still. Selects are quoted at Montreal at 25c in round lots. Dealers in Toronto quote eggs in a jobbing way at 24c to 30c for new laid; 24c to 25c for farmers laid eggs, and 22c to 23c for cold storage eggs. On the farmers' market new laid bring 23c to 35c a dozen. The potato market rules steady at 60c a bag for Ontarios in car lots Toronto. On the farmers' market here potatoes sell at 55c to 58c a bag.

FARM HINTS FOR PROVINCIALISTS

With regard to the question of "economizing the meal ration," as far as wintering sheep is concerned, where there is a sufficient supply of good clover or alfalfa hay, or well cured pea straw and a few roots of any kind, very little grain or meal will be required to bring the breeding flock through in good condition, especially if bred to drop their lambs a little on the late side. For early lambs, ewes must be fed liberally, even if bran and grain are high in price.

If fattening lambs for slaughter, the price of mutton should correspond somewhat to the price of grain feed. At the present prices of feed-stuffs the breeding flock should be fed so far as necessary with a good percentage of bran, oats, if not above forty cents, and, perhaps, the lower grades of barley, with some oil-cake meal, or, rather, in the nutted form for sheep.

Owing to the very dry season the pastures are very bare; it will be in order to begin feeding earlier than usual. Don't neglect the stock in the beginning of the winter.

AN ENGLISH AUTHOR WROTE:

"No shade, no shine, no fruit, no leaves. — November!" Many American's would add no freedom from catarrh, which is so aggravated during this month that it becomes constantly troublesome. There is abundant proof that catarrh is a constitutional disease. It is related to scrofula and consumption, being one of the wasting diseases. Hood's Sassa-parilla has shown that what is capable of eradicating scrofula, completely cures catarrh, and taken in time prevents consumption. We cannot see how any sufferer can put off taking this medicine, in view of the widely published record of its radical and permanent cures. It is undoubtedly America's Greatest Medicine for America's Greatest Disease—Catarrh.

Do not turn the milk cows out on wet nights, or the milk will be low. Nothing will shorten the milk output more than for the cows to get chilled and wet.

It is agreed that a silo is a good investment. The question now is how to make the silo.

Give the stable a thorough cleaning before putting the cows in for the winter. Replace all broken planks in the windows, and clean all the windows.

Have you any "boarders" among your cows? The scales and Babcock test will tell you. Try it, and weed out the poor cows.

What does it cost to produce the milk? Better commence keeping account of all feed consumed by the cows.

Don't send your butter to market in "any old way." Invest in some butter paper with your name and address on it, and also get a butter printer.

One dairyman claims that to keep the calf on the cow until it is a month old gives the largest profit.

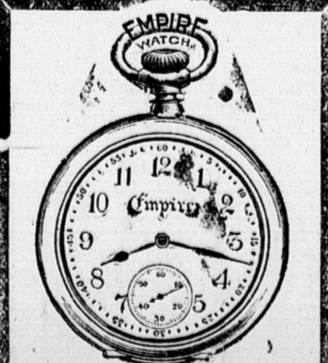

Generally speaking, the best results are obtained from cows that freshen late in the fall or early winter.

"The tea you buy may be good but you may be quite sure it is if it is 'Saldia.' It is infinitely more delicious and decidedly more economical than other teas because it goes farther.

"British Almond Pink—The preparation that cures chapped hands, and makes the skin soft and smooth. There's nothing better in that line. Gloves can be worn immediately after using, 25c. per bottle. A. W. Reddin, Phem B.

57 different kinds

Not pickles but mountings for our Xmas Photos. Also a nice line of Calendars with a view of Charlottetown for 25c and 15c. Visit our studio and see for yourself.

THE ALWAYS-BUSY STORE.

A Word In Regard to American Corsets

Ever since the disappearance of the old style strip models, which took place upon the introduction of the famous "W. B. Erect Form" a corset founded upon scientific lines the manufacturer of stays has reversed the old process of things and instead of forcing the body to fit the corset has made the corset fit the body.

"Erect Form" Makes perfect an imperfect figure. It's lines are your lines. It follows the contour of the person correcting here and there, but never inflicting harm or discomfort. We have the special style meant just for you.

Nuform "W. B." corsets allow you to take good deep breaths just like a man does. It keeps its wearer erect. It is just as comfortable in a sitting as in a standing position. Every woman who has ever worn the "Nuform" knows that it is perfectly comfortable from the first day. The proper corset for the new modes, high in the bust and very narrow through the waist.

"Reduso" Show any physician the "W. B. Reduso" corset and contrast it with the other makes sold for stout women, and see with what little hesitation he advises you to choose the Reduso. He knows that the corset is best which accomplishes its purpose, simply by making its wearer stand in such a position that her lungs are forced to act freely.

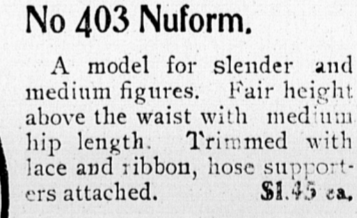

No 936 Erect Form.

A model for average figures. It is very low bust and moderately long hipped. Made of white jean, trimmed with lace and ribbon \$1.35 ea.

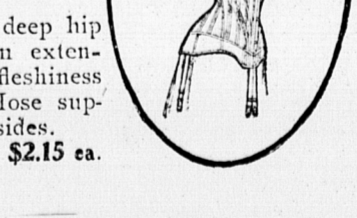

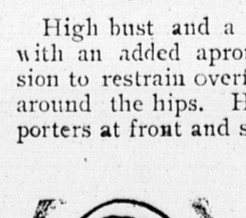

No 726 Erect Form.

Average figure. Made of white batiste which can be depended upon to give excellent service. Medium bust and long hip, hose supporters attached \$2.10 ea.

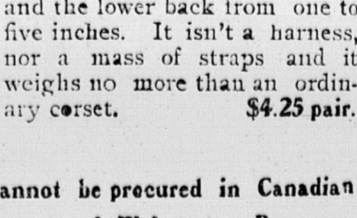

No 403 Nuform.

A model for slender and medium figures. Fair height above the waist with medium hip length. Trimmed with lace and ribbon, hose supporters attached. \$1.45 ea.

No 406 Nuform.

High bust and a deep hip with an added apron extension to restrain overfleshiness around the hips. Hose supporters at front and sides. \$2.15 ea.

These models cannot be procured in Canadian made corsets as they are of Weingarten Bros exclusive models.
