# Treasure from the Tropics

Nature endowed many districts with petroleum containing a high gasoline content. Such oil fields are common. But nature was less generous in providing raw materials for motor oil manufacture. In one oil field she stored a crude petroleum ideal for the requirements of a fine motor oil. That field is in Peru, and the virtues of its yield were discovered by IMPERIAL OIL scientists. Today, IMPERIAL OIL controls

the Peruvian field, and alone has access to its rich crude. Because Marvelube is made from Peruvian crude, it is an inherently better oil that more fully meets the requirements of complete and efficient lubrication under all conditions of motor operation.

Back of Marvelube are the experience, resources and integrity of IMPERIAL OIL LIMITED, for forty-seven years Canada's largest refiners of petroleum products.

# Marvelube

LET THIS CHART BE YOUR GUIDE  
There is a grade of Marvelube exactly suited to your motor's requirements. If your car is not listed on this abbreviated Chart, see the complete Marvelube Chart at any Marvelube dealer's
