ANOTHER GRAND RECEPTION GIVEN

To the Famous Scotch Artists in St John—A Magnificent Performance Before Large Audience.

St. JOHN, N. B. Nov. 6. (Special)—Another grand audience greeted the Scotch artists at the Opera House tonight in spite of the very inclement weather.

As in the first concert the enthusiasm was tremendous for which the violinist MacKenzie Murdoch came in for the lion's share.

This wonderful player has in the two concerts now played eighteen numbers of which only four were on the programme which fact speaks volumes for his success.

The artists appear in Moncton Monday evening and in every concert on the tour they are sure to duplicate their St. John successes.

POOR GIRL, PITY HER.

Growing! Yes, into weakness, but not strength. Studies—plenty of them. Tired of course she is, and weak too. Does not eat enough, and digests far less than enough. The condition is so frequent, but how seldom noticed even by fond parents. Give her Ferrozone, then watch her appetite improve, her cheeks and lips grow ruddy, her steps elastic, her spirits buoyant. All this simply the result of eating and digesting enough, making blood and thereby strengthening the nerve woman's strength to weak girls. You daughter or wife needs Ferrozone. Get it today.

THE HOME-COMERS.

From the smoke where cities welter, From the quiet glens of earth, To the land that gave us shelter, To the land that gave us birth;

Men whose fathers, mocked and broken For the honor of a name, Would not wear the conqueror's token, Could not salt their bread with shame,

Men whose fathers, sick of dead lands, Europe and her weary ways, Saw the fading emerald headlands, Saw the heather quenched in haze,

Won it by the axe and harrow, Held it by the axe and sword, Bred a race with brawn and marrow— From an alien over-lord,

Fighting makes the heart grow fonder, Labor makes the heart grow vain, Still wherever we may wander We are of the lion strain;

Bring it to thy breast again. DUNCAN CAMPBELL SCOTT.

LECTURE IN LYCEUM.

A large and most appreciative audience greeted Father Kelly last evening to hear his admirable lecture "The Dream of Equality." For well nigh one hour and a half he held the undivided attention of those who came to hear a young man who left his Island Home but a few years ago and who in that short time has won on the lecture platform a continental reputation.

Through the whole discourse, much philosophic truth, historic reason, deep thought, and a broad knowledge of existing principles now manifesting themselves in the world were evinced; while the apt quotations and humorous anecdotes filled the hearts of the audience with mirth.

Every doctor knows the man and woman who cultivate the habit of accosting him on the street and in guise of ordinary conversation try to extract free medical advice. One such inquirer greeted an eminent physician with the remark: "I hear fish is an excellent brain food. Do you think so?"

"Excellent," was the reply, "but in your case it seems a pity to waste the fish."—London Outlook.

PLAN NOW OPEN FOR CALEDONIAN CLUB CONCERT EXCURSION RATES.

The committee of the Caledonia Club in charge of the grand concert of next Thursday are making every effort to secure the attendance of as many as possible from outside places on the Island, and

FLORA McIVOR CRAIG, Soprano.

with this end in view have made arrangements with the railway to issue tickets east of Summerside, and all stations from Georgetown and Souris to Charlottetown for one first class return, on Thursday afternoon trains good to return Friday morning. This excursion will probably induce many to come to Charlottetown, and with the roads in such good condition there will doubtless be a great many drive in. Mackenzie Murdoch the violinist created a sensation in Toronto Monday night, and though only on the program for two numbers, was compelled to play twelve. This aggregation of Scotch talent has certainly aroused the interest of our people. Every person who expects to attend the concert should at once secure their tickets as they are selling rapidly.

A Bigger Bid.

A Lincolnshire parish once possessed a clergyman who was not much appreciated. One day he remarked to his churchwarden: "You people don't seem to appreciate me. Do you know that on leaving my last sphere of work the people showed their appreciation so much that they gave me a real silver salver?"

"That is nothing," was the churchwarden's reply. "If that would only go away from this parish we'd give thee a gold un!"—London Chronicle.

A Doctor's Retort.

Every doctor knows the man and woman who cultivate the habit of accosting him on the street and in guise of ordinary conversation try to extract free medical advice. One such inquirer greeted an eminent physician with the remark:

"I hear fish is an excellent brain food. Do you think so?" "Excellent," was the reply, "but in your case it seems a pity to waste the fish."—London Outlook.

When she Her Grief. "No," said the beautiful widow; "I couldn't sleep for weeks after my husband died."

"How pitiful!" put in her sympathetic friend. "You see, I had mistaid his insurance policy, and for awhile I was really afraid I'd never be able to find it."
