Worry Stops Digestion and Destroys the Nerves

This Letter Tells of Case Which Baffled Doctors—Lasting Cure Effected by Dr. Chase's Nerve Food.

If you only worry enough, digestion will stop entirely. Worry and anxiety consume nerve force at a tremendous rate. Blood rushes to the brain to renew the wasted nerve cells, and other parts of the body must suffer accordingly. When energy is being consumed by the brain in worry, there is not sufficient left to run the machinery of digestion. This is why nervous, irritable, worrying people usually suffer from indigestion and fail to derive from the food they eat the nourishment essential to the maintenance of health. "Laugh and grow fat" is an old saying laden with value for nervous people in particular. Drop the worry habit and you will soon get the nervous system restored to good condition. Digestion will improve, appetite will return, and you will find

such symptoms as headache and sleeplessness fast disappearing. Mrs. Fred Jensen, 69 Gladstone Avenue, Windsor, Ont., writes: "I have used Dr. Chase's Nerve Food for nervousness and stomach trouble and never found anything to equal them. I was a nervous wreck. Doctors gave me up as incurable, but now I feel well again and have recommended Dr. Chase's Nerve Food to several people suffering as I did and they have also been cured by its use. I am fifty-one years old, do all my own work, and am very thankful that I learned about this great medicine. I am satisfied that my cure is lasting and want others to benefit from my experience." Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.
