**IN MEMORIAM**

In loving Memory of Theophilus A. McCoubrey, who gave his life for King and Country on June 4, 1917. We have missed you so, thro' the lonely year. That has slowly passed, since you left us dear, Your fair young face, with its gladness and smile, That seemed to lighten earth's care and toil.

But your presence, dear, is forever gone, In memory's shrine is forever clear; And tho' shadows fall or clouds arise We'll dream of the Home beyond the skies; A fair bright home, where no grief can come, We shall meet you there and as years roll on, May we strive with an earnest and ceaseless prayer, To mould our lives by God's guiding care.

He gave his life for his Country, He now lies beneath the sod, Away from this world of sorrow; To dwell forever with God, Loving Mother and Father

**WHEN A SOLDIER IS DISABLED**

It is not always from wounds. A great many men are disabled through foot trouble. Even the bravest man cannot "carry on" if he is suffering from sore feet. Hence the necessity for Zam-Buk to keep the soldiers' feet in good condition.

A military authority in "The War Office Times" says: "If every man in the service were supplied with a tin of Zam-Buk it would, in my opinion, greatly add to the efficiency of the army."

For blisters, cuts, scratches, burns and sores of all kinds Zam-Buk is unequalled. All dealers 50c box.

**Commodore Ledyard No. 34709**

ENROLLMENT No. 11

Will make the season 1918 at the owner's stable Montague, Terns:—Five dollars at time of first service and ten dollars additional when mare proves in foal. Commodore Ledyard foaled in 1901 was sired by Admiral Dewey the son of Bingen and Nancy Hanks. Commodore's dam was Lady Etheby by Jackdaw. Hence, it will be seen that no horse stands higher in point of breeding. As a sire, he stands without peer in the Maritime Provinces. In fact he has produced more race horses than all the other stallions confined standing for service today on P. E. Island. He is the sire of Bob Mac, 2:33 1/4, Hilda S., 2:16, Orwell Belle, 2:30, Iona Girl 2:17 1/2, Rox light 2:17 1/2, and 19 others in the 2:30 list, besides a host of others that have trotted in better time than standard time but were successful in having their time suppressed. Commodore is now 17 years old and was never in such good condition as at the present time. He is at the age at which all great sires have transmitted their greatest number of trotters, as it is an unquestionable fact that our greatest sires beget more speed between 5 years and 22 years than they do before that age. Anyone owning a likely mare that wishes to get a colt with speed or a superb driver will run less risk of failure by breeding to Commodore than in using those unproved sires that owe their reputation to their owner's ability as boosters.

**MOTHERS' DAY LETTERS ARE REACHING P. E. ISLAND**

The following letter has been received by Mrs. John Bryant, Enmore P. E. Island, from her son, Sergeant James Eryant, D. C. M., Lord Strathcona's Horse, who was wounded in the big drive, and is now in England. Basingstoke.

Dear Mother—This is Mothers Day and everyone has been given some of this paper to write home, so I thought I had better get busy, too.

I am getting along fine; my foot is completely healed up, but a couple of small bones were broken, so two of my toes are stiff yet, but they will be all right soon. I am going convalescent some time next week. I'm glad you received the medal all right. I have just found the paper I got with it and am enclosing it too. It's a wonder I haven't lost it long ago.

Now, mother dear, I've just got a field card from Will, and he has been admitted to hospital, sick. But says he's getting on all right. I hope he stays in hospital for some time, but Bill ain't that kind of a man. Well, he's been lucky too, when you think of some of the fellows who only last a few days. The boys in our regiment call me Lucky Jim, and I surely have been so far. I certainly never expected to come through the day I was wounded. I could see a machine gun right in front of me, and my men were nearly fifty yards behind. I was travelling light, just carrying a revolver. I could only walk slowly. We were nearly tired out, but they never hit me at all, and as soon as I got close enough I shot one, and the others gave up their guns without any trouble at all. We cleared the wood and it was some job, too. The bush was very thick and every few minutes a Fritz would fire at us, and perhaps stick his hand up as soon as he had fired, but that didn't save them. I found a machine gun and got some fine targets, when a machine gun spotted me and winged me in the foot. But, at that, I was lucky. Out of eight sergeants who went in, only three came out.

Well, mother, how is conscription coming along? Have they called up any of the boys yet? I wish they'd ship them all over here. I'd like the job of training some of them. Well, mother, dear, I must close. Good-bye. Lots of love to all.

**JIM.**

**AN APPEAL**

Miss Rose Stanway has been asked by the Canadian Field Comforts Commission to make an appeal on the Commission's behalf for funds to provide some gramophones for the front. The official request was received some weeks ago, but funds for other purposes then being in progress. Miss Stanway wrote the Commission explaining the situation and promising the appeal would be made at the first opportunity. It was about to be made when he Y. M. C. A. fund opened and again had to wait, and now we have no doubt the response will be generous. The gramophones will be sent from England to France as a gift from the Island people. About \$35.00 provides one gramophone with a dozen records, so it now depends upon our people just how many of these gifts for the hero men of the front may be sent as a gift from our province. The letter says: "We are besieged with requests for gramophones nowadays. They give such pleasure to the men in billets and they even take them into the trenches. A gramophone with twelve records costs nearly seven pounds (about \$35.00) so we cannot send as many as we would like. It is great deal to ask and the trouble is that companies are separated and so many small sections are everywhere behind the line so that a great many gramophones are wanted."

We all appreciate music and this request should appeal to all. It is unnecessary to dwell upon what a gramophone means in the home Y. M. C. A.'s Convalescent hospitals, etc. We all know if they are needed in such places as the boys at the front need them more. They add a touch of home—of civilized life to their none too pleasant surroundings. Why, then, should we not all do our bit towards helping to provide this means of pleasure for the boys, who have practically only hardships and face? The gramophones sent by the Commission are of course easily carried and in every way suitable for their intended purpose. The Commission also has the advantage of purchasing all supplies at lowest possible cost.

The people of P. E. I. unlike most Provinces in Canada have little idea of the wonderful work the Commission has been continuously doing for Canadian soldiers overseas. Some persons and Societies in this province have sent parcels at Christmas to Miss Plummer one of the Commissioners to be forwarded to boys to whom parcels were addressed, but this is a very small part of the great work, and really a sort of extra Christmas work. The Commission means to the boys in the trenches what the Red Cross means to the boys in hospital. They receive donations of supplies or money to buy supplies from all over Canada, and from many people in England, to be used for the benefit of Canadian soldiers overseas. As one of an endless number of examples, it may be stated that last October as a gift from the Commission 900 pairs of socks were sent to each Canadian infantry Battalion at the front (48 at the time). This was followed by a proportionate number of socks for all smaller units such as artillery, etc. At Christmas each Canadian soldier overseas is also provided by the Commission with a gift of some sort. This work is kept up by donations of supplies and money which are used to the best advantage by the Commission.

Prince Edward Island people have seldom been asked to assist the Commission in its grand work for Canadian soldiers and no doubt this appeal towards funds to assist in providing gramophones for the boys will heartily be responded to. The appeal complies with the War Charities Act. In order not to confuse with other funds, all contributions should be marked "Gramophones for Front" and are to be sent to Miss Rose M. Stanway, 70 Prince Street, Charlottetown. All amounts will be acknowledged in the press and list of contributor's names forwarded to the Commission with proceeds of entire fund. There are no expenses to be deducted from the fund, so that the full amount of money subscribed goes for the benefit of the men at the front.

It is great deal to ask and the trouble is that companies are separated and so many small sections are everywhere behind the line so that a great many gramophones are wanted."

We all appreciate music and this request should appeal to all. It is unnecessary to dwell upon what a gramophone means in the home Y. M. C. A.'s Convalescent hospitals, etc. We all know if they are needed in such places as the boys at the front need them more. They add a touch of home—of civilized life to their none too pleasant surroundings. Why, then, should we not all do our bit towards helping to provide this means of pleasure for the boys, who have practically only hardships and face? The gramophones sent by the Commission are of course easily carried and in every way suitable for their intended purpose. The Commission also has the advantage of purchasing all supplies at lowest possible cost.

The people of P. E. I. unlike most Provinces in Canada have little idea of the wonderful work the Commission has been continuously doing for Canadian soldiers overseas. Some persons and Societies in this province have sent parcels at Christmas to Miss Plummer one of the Commissioners to be forwarded to boys to whom parcels were addressed, but this is a very small part of the great work, and really a sort of extra Christmas work. The Commission means to the boys in the trenches what the Red Cross means to the boys in hospital. They receive donations of supplies or money to buy supplies from all over Canada, and from many people in England, to be used for the benefit of Canadian soldiers overseas. As one of an endless number of examples, it may be stated that last October as a gift from the Commission 900 pairs of socks were sent to each Canadian infantry Battalion at the front (48 at the time). This was followed by a proportionate number of socks for all smaller units such as artillery, etc. At Christmas each Canadian soldier overseas is also provided by the Commission with a gift of some sort. This work is kept up by donations of supplies and money which are used to the best advantage by the Commission.

Prince Edward Island people have seldom been asked to assist the Commission in its grand work for Canadian soldiers and no doubt this appeal towards funds to assist in providing gramophones for the boys will heartily be responded to. The appeal complies with the War Charities Act. In order not to confuse with other funds, all contributions should be marked "Gramophones for Front" and are to be sent to Miss Rose M. Stanway, 70 Prince Street, Charlottetown. All amounts will be acknowledged in the press and list of contributor's names forwarded to the Commission with proceeds of entire fund. There are no expenses to be deducted from the fund, so that the full amount of money subscribed goes for the benefit of the men at the front.
