Imperial Conference To Renew Confidence

JASPER, Alta., June 20—If only for the purpose of introducing English industrialists to Canada, the Imperial Conference will be a success predicted A. J. Taylor, Deputy Chairman, Electrical and General Industrial Trusts Limited, of London, England, who left for the east after a two day holiday at Jasper Park Lodge in the national park. Mr. Taylor, whose organization has held a series of conferences on the Pacific Coast expressed the view that Canadian industrialists for the old country will be surprised the Conference visitors. Many of whom will make their first visit to Canada. Favorable reaction will result he said in the British money market again supplying a great part of this country's capital demands now acquired elsewhere outside the Dominion. Pointing to his own concern as an example of the prospects for English investment in Canada, Mr. Taylor said a successful Imperial Conference would see a renewed confidence on the part of the English investor in Canadian projects. Mr. Taylor with Mrs. Taylor is bound for Ottawa.

To Successfully Close Conference

GENEVA, June 20—(A. P.)—Representatives of Great Britain, the United States and France tonight sought a way to bring the world disarmament conference to a successful close, with a feeling that the ground at last had been laid for a genuine grappling with the problem. Although no decision was reached, arrangements were made to continue the private discussions begun here this week-end, extending them to representatives of other governments, especially the Italian, German and Japanese, in the search for a basis of agreement. Participants in tonight's conversations, which lasted more than two hours said they felt a useful preparation had been made for a genuine grappling with the problem. Prime Minister Ramsay MacDonald of Great Britain, assisted by Sir John Simon, British Foreign Secretary, explained the British plan for qualitative disarmament by a long holiday for certain offensive arms without permitting replacement. Joseph Paul-Boncour represented the French plan for a Global cut in defensive budgets. There was some disposition in informed quarters to believe the British and French had an agreement combining their two plans, but the United States representatives said they got the impression there was no connection between the British and French proposals presented tonight.

The session will be preceded by a meeting of the directors on Wednesday afternoon. Representatives in attendance from this Province will include Messrs. J. W. Boulter, Deputy Minister of Agriculture, W. R. Shaw, of the Provincial Livestock Department, Stewart Irvine and H. W. Clay, of the Federal Department, W. Z. McLellan, Alma, and Ernest Houston, Hunter River.

PERSONALS

—Miss Rowena McLeod, of Summerside, is spending her vacation at her home in Coleman.—S.

—Mr. and Mrs. Clarence Harris were visiting in Montague last week and returned to Summerside on Friday evening.—S

—Rev. W. H. Harding, who is summing at Hebron, Lot 8, spent the week end in Summerside and conducted a service in the Christian Church. Rev. Mr. Harding reports some excellent fishing in his favorite haunts and backed up his story with a nice mess of fine sea trout, which were heartily enjoyed by the writer. Many thanks.—S.

To Help The Fisherfolk

(Canadian Press)
QUEBEC, June 20.—Steps being taken by the Provincial Government at the request of the Labrador Voluntary Educational League to aid fisherfolk on the Canadian Labrador coast during the coming winter were outlined today by the Department of Agriculture.

Each of the 2,053 families there received sets of seeds containing packages for producing carrots, beans, peas, lettuce, pumpkins, turnips, beetroots, winter cabbage and cucumbers also seed potatoes and chemical fertilizer. In addition, the Department sent L. S. Beaudin, Provincial Agronomist, to the coast to instruct the dwellers how to prepare the soil and the best methods of cultivation.

The observance of the Sabbath must be a heart observance.

WESTERN GUARDIAN

—BAIL FORFEITTED — In the Summerside Police Court on Monday morning one drunk, who did not appear, forfeited his bail of \$10.—S.

—TAKEN ILL—Mr. W. A. Ching, of Summerside was taken ill at his store on Water Street on Saturday evening and was obliged to be driven home. He is suffering from a hemorrhage of the stomach. It is pleasing to report, however, that he is improving, although he will be confined to his bed for some days.—S.

—KICKED BY A HORSE—Mr. Arthur Rennie, of Alma, was brought to the Prince County Hospital on Saturday evening, suffering from a fractured nose and lacerations of the forehead. Mr. Rennie was clipping the feet of a horse in the stable yard, when the animal suddenly struck him in the face knocking him unconscious. Mr. Rennie's injuries are not serious and he was able to return home in a day or two after the accident.—S.

—CAR OVERTURNED — Miss Margaret McNeill, of Searlestown, is in the Prince County Hospital suffering from a fracture of the small bones of her hip. The young lady was driving with her brother, Alexander McNeill, into Summerside on Saturday evening, when she was going round the bend at Wilmot Bridge, the steering gear locked and the car turned on its side in the ditch. Fortunately Mr. McNeill was not driving fast, otherwise they might have gone over the bridge. Miss McNeill, although not seriously hurt, will be laid up for some time. The other young lady in the party escaped without injury. Mr. McNeill had his hand cut with broken glass, but was not hurt otherwise.—S.

—DEATH OF ELDERLY RESIDENT OF ELLIS RIVER—There passed away on Saturday evening, at the home of her son William, Mrs. Joseph Cameron, at the advanced age of 80 years. Mrs. Cameron was born near Ellis River and belonged to the old established Birch family of that district. She lived all her life in that vicinity and was very highly esteemed by all her neighbours and friends, and her demise has removed from the community one of the old pioneers who helped to build up the social life in the little sphere in which she lived. She was a staunch member of the Anglican Church at Port Hill and in her younger days was active in church work. Her husband predeceased her about four years ago. There are left to mourn, besides her son William, another son Russell, living near the old home, and six daughters, Mrs. Baglowe, of Ellis River, Mrs. William Barlow, of Wellington, and four other daughters whose homes are in the United States; one brother, Mr. James Birch; is also left to mourn. The funeral took place on Monday at 1 p. m. from her late residence to Port Hill Church, Rev. Mr. Coleman officiating.—S.

Pays Tribute To U. S. Under Secretary Of State

ROCHESTER, N. Y., June 20—(By the Canadian Press)—R. B. Bennett, Premier of Canada, upon whom the University of Rochester conferred the honorary degree of Doctor of Laws at its 82nd commencement today, told the University alumni at a luncheon later in the day that he regarded the honor as a tribute to his country rather than to himself personally.

The Canadian Premier sat at the speaker's table with President Daniel Willard, of the Baltimore and Ohio railway during the luncheon. In tribute to William R. Castle, United States Under-Secretary of State, Mr. Bennett said that it was largely through the foresight of Mr. Castle that relations between Canada and the United States were on a most friendly and amicable basis. He said Mr. Castle contributed the "human touch" to the diplomatic relations between the two countries.

The Canadian Premier said further he believed the fact that capable men were in high places in these times of stress bids fair for the future of all countries of the world. The men in present day public service, he said, are men of courage and ability, well qualified to solve the world's problems.

Mr. Bennett came here unaccompanied. The Rochester police department, however, detailed three plain clothesmen to act as a guard for him. He was an over-night guest at the Genesee valley Country Club.

Holstein-Friesian Association Hold Annual Meeting

MR. CECIL J. STEWART, HAMPSHIRE, ELECTED PRESIDENT FOR ENSUING YEAR.

The annual meeting of the Prince Edward Island Holstein Friesian Association, held at Charlottetown on June 14th was the most enthusiastic in the history of the organization. Although the meeting was held during a busy farm season the attendance of members, representing all portions of the province, was unusually large. The meeting was featured by a spirit of good fellowship and unbounded optimism. Although there is a certain measure of gloom darkening the agricultural horizon at the present time, there was no apparent reflection of it at this meeting, but rather an evidence of unshakable faith in the ability of the Holstein cow to successfully carry the burdens of the day until economic conditions improve.

The President and Fieldman for the Maritime Provinces, Mr. R. A. Proffit, occupied the chair, and reported that a great measure of extension work was now being undertaken, especially in the form of calf Club organization. A report was given by Mr. H. J. Kennedy, Director of the Canadian Holstein Friesian Association, who outlined certain important developments in connection with Association activities during the year. Mr. Cecil J. Stewart, Sales Agent, also gave a report on the market possibilities, stating that certain American buyers were now enquiring for carlots of cattle, with good prospects of arrangements being completed in this direction.

The annual financial statement showed an excellent credit balance in favour of the Association, with a large membership enrolled. Arrangements were made for a Field Day and Basket Picnic to be held early in July. Committees were appointed to deal with the matter, and an instructive and pleasant time is anticipated. Fuller details of this event will appear later.

A sum of money was voted to assist transportation costs of calves for clubs at Tignish and Campbellton, while the Executive was empowered to select a suitable trophy or prize to be donated at the Central School Fair for the best Registered Holstein calf shown by a Club member.

The following Directors were elected for the ensuing year: Prince County: R. A. Proffit, H. D. Linkletter. Queens County: Cecil J. Stewart, H. J. Kennedy. Kings County: Munroe Bruce, Douglas Aitken.

At a subsequent meeting of the Directors the following officers were appointed: President—Cecil J. Stewart, Hampshire. 1st Vice-President—R. A. Proffit, Free-town. 2nd Vice-President—Munroe Bruce, Valleyfield. Secretary-Treasurer—W. R. Shaw, Charlottetown.

Total Revenue From Gov't. Control Provs.

OTTAWA, June 20—(By the Canadian Press)—Total Dominion revenue derived from the manufacture and sale of liquor last year amounted to \$43,263,871, according to an exhaustive report issued today by the Dominion Bureau of Statistics. This total is a decline of \$13,000,000 from the previous year, and of \$16,000,000 from the peak year of 1929.

Customs duties on imported liquor formed the major portion of the amount, these totalling \$20,093,556. Excise duties on liquor of domestic manufacture amounted to \$12,198,772, while excise taxes—the sales tax, etc.—produced \$6,963,592. On malt the excise duty brought a revenue in 1930 of \$4,138,910.

Interesting to note is the fact that in 1914 a sum of \$9,168,346 was secured from excise duty on liquor at the rate of \$2.40 per imperial gallon. In 1921 this rate was advanced to \$9.00 per gallon, and the 1931 figures are on the \$9 basis.

Eight of Canada's nine provinces operate under varying systems of government control of liquor. The first to adopt such a system was Quebec, in 1921. Since then that province has derived net profits amounting to approximately \$70,000,000, the banner year being reported in 1930 when the profits totalled \$10,080,613. Last year they dropped to \$8,262,188.

British Columbia, which adopted a government control act in 1921, derived about \$35,000,000 in profit from that line of business in its 10 years of operation.

Manitoba and Alberta followed suit in 1923 and 1924 respectively, with the former Province replacing its legislation by another act in 1928. Over \$10,000,000 has accrued to the Manitoba treasury in the seven and a half years, while Alberta has had an access of approximately \$12,000,000.

Saskatchewan's liquor act, operative since 1925, has produced revenue totalling nearly \$13,000,000, and Ontario, under government control since early in 1927, has had its treasury enriched in that period by more than \$43,000,000.

The newcomers among the government control provinces are New Brunswick and Nova Scotia, in that order. New Brunswick's act started operations in 1927, and from that year the province's revenues have been swelled by more than \$5,000,000. Nova Scotia, the last to line up with the seven others, has derived from August 1930, to Sept. 30, 1931, a total of \$728,000.

The Bureau's report deals with the history of liquor acts from the earliest settlements in Canada, and details the existing acts. The province of Prince Edward Island is the only one which continues to operate under prohibitory laws.

Steady Growth In Western Crops

WINNIPEG, Man., June 20—Crops are making splendid progress with the warm spells and frequent rains which have characterized the weather offering during the past week. Much of the wheat is short blade and some of it actually coming in head. Coarse grains are stealing thickly and optimism prevails in all crop areas except those which are busy combating the grasshopper plague, according to the weekly crop report of the Agricultural Department, Canadian National Railways.

A Negro woman who had lost her husband was attending his funeral. Rastus had rarely followed the straight and narrow path, but the person conducting the service could do nothing but enumerate the deceased's virtues, the majority of which the negro woman had never heard of. She listened for some time, but at last could not stand it any longer and burst out: "Parson, I think you're burying the wrong man."

Giving requires much heroism but only at the start.

Amelia Gets Big Welcome

(Canadian Press)
NEW YORK, June 20—Amelia Earhart Putnam, the first woman to pilot an aeroplane across the Atlantic returned home today to receive New York's plaudits for her feat. A crowd estimated by police at 5,000 was gathered in Battery Park as the flyer stepped from a city boat which had transferred her and her husband George Palmer Putnam, from the liner Ile De France, at quarantine.

It was just a month ago today that Mrs. Putnam took off on her solo flight which ended in Ireland, where she was forced down in a pasture by a faulty exhaust manifold which had threatened her plane with fire during the whole journey.
