—ODD LINES IN VOILE blouses, white and pink, your choice to clear 75c at Sinclair's

—90 IN SHADE.—Tuesday was another real summer day, warm and dusty, with the mercury at 90 in the shade. Street traffic rather dull until evening.—H.

—ANOTHER SHIPMENT of Jersey Knit Bloomers to hand selling at 29c. See them. Sinclair & Stewart Limited.

—NEW ANNAN RACES. August, 17th.—Bigger, better, busier than before. Great racing, great side attractions, great music. Never a dull moment. Announcement of race classes will appear later.

—BASEBALL.—The baseball game between the Red Sox and the Pioneers of the Summerside League played Monday night on the High School diamond, was one of the least interesting of the series, resulting in a victory for the Pioneers by the score of 7-1 in favor of the Pioneers. By this defeat the Red Sox have been eliminated from the league games, the race for the pennant now being between the War Veterans with a percentage of 666 and the Pioneers with a percentage of 600. The ladies on Monday's game were: Pioneers Doyle and Lynds; Red Sox, Withrow and Bowen. Joseph McCullough was umpire and Den Stewart was base judge.

—HAMILTON SCHOOL CLOSING.—The annual examination of Hamilton school was held on Thursday the 29th inst., with a representative number of parents and friends in attendance. The classes were examined by the teacher Miss Catherine Murchison assisted by Mr. John Simpson and the answers given by the scholars showed ability on the part of the teacher to impart the knowledge she possessed as well as a responsible attitude on the part of the scholars to receive the same. The exercises throughout were well conducted and very satisfactory. At the annual school meeting of this district Mrs. Howard Ramsay was appointed lady trustees which appoint meet meets with the approval of all.

—ORGAN RECITAL.—A most enjoyable organ recital was given in the Summerside Methodist church last night (Tuesday) by Professor Hiram Ball, the English gold medalist of Moncton, assisted in several vocal numbers by Mrs. Ball. Among the numbers on the program, which was thoroughly enjoyed by a very large attendance, were Mendelssohn's Sonata, Moszkowski's Serenade, Borceuse from Jocelyn, by Godard, Chopin's Nocturne in G, Best's Fantasia in F, a Communion composition by Gerson and a Grand Offertoire in G, by Vely. Mrs. Ball was heard with great delight and sustained applause in the solo, "The Lord is My Shepherd" by Little and Men. deissolm's beautiful masterpiece for the female voice, "O Rest in the Lord." The proceeds of the recital, which were of a substantial nature, were for the Methodist Choir Fund.

—CHILDREN'S romper suits, only 98c to clear at Sinclair's.

—WANTED—AT BRUNSWICK House two maids for general work. Mrs. James Lynds, Kensington.

—BOYS' JERSEY play suits, \$1.65 value, selling for \$1.25 at Sinclair's.

—COAL VESSEL.—The schooner Merino, Captain Holsen sailed from Summerside on Tuesday morning for Hastings, after discharging coal for Joseph Read and Co.

—CADETS IN CAMP.—Seventy five Cadets of Summerside and vicinity went to Charlottetown Tuesday, under the charge of Rev. Mr. Herman, to go into camp.

—CONVENTION.—For the purpose of choosing a candidate for the forthcoming by-election is being held in St. Pauls Hall today (Thursday.)

—WON'T THAT RUNNING race at Kensington on the 20th be worth seeing. All plugs and don't know the game. But they are going to make some sport. Don't miss it.

—TOWN COUNCIL.—The regular meeting of the Town Council was held Monday evening. The usual assortment of bills were passed, other business of routine character discussed.

—SUCCESSFUL OPERATION.—Miss Goldie Evans of Tignish was brought to the Prince Co. Hospital Tuesday morning, where she successfully underwent an operation for appendicitis.

—THE LADIES AID of the Protestant Orphanage, Kensington, will serve supper in the King George Hall on day of races, July 20th. Hours 4 to 10 p. m. Prices 40 cts. Any donations of cake, etc. will be thankfully received. Come and help the orphans.

—ROAD IMPROVEMENT.—The trees on the corner of the Pope Road and Central Street have been removed and been replaced by about 300 feet of wire, giving a better view to those using the road and making it much better and safer for the auto traffic.

—REPEAL CASE.—It is understood that notice has been given of an appeal to the Supreme Court from the decision of His Honor Judge McQuarrie of the County Court in the prohibition case of Barbour vs Croke. This case was originally decided in favor of the defendant by Stipendiary Magistrate Wyatt in the Summerside Police Court. It was then appealed to the County Court and Judge McQuarrie reversed the Magistrate's decision. When it goes into the Supreme Court, the decision will be awaited with considerable interest.

## Report of Work Women's Institutes

The following paper was read by Miss Carruthers, supervisor at conference yesterday:—  
 July 1, 1920 to March 31st, 1921  
 Hon. Walter M. Lea and Members of this Convention;—I beg to submit herewith the following report of the work done by the Women's Institutes of Prince Edward Island from July 1, 1920 to March 31, 1921.  
 Formerly the Institute year was from July 1st, to June 30th of the year following. But for several reasons it was thought best that the work end in March rather than June. On account of this there is the work of only nine months to report at this time.  
 During this period 76 visits have been made to the Institutes by the Supervisor, Miss Saunders and her two assistants Miss Carruthers and Miss H. McKenna when demonstrations were given in millinery, first aid, hot school lunches, and various phases of cookery, as well as talks on Institute work and the like.  
 July and August were taken up largely with this work, each Institute receiving one visit and some of the weaker, two.  
 The latter part of August was spent in preparation for the Annual Convention which was held on September 1st, and 2nd. In spite of the disagreeable weather, there was a good attendance of members and the session proved a most successful one. The question as to whether Prince Edward Island should join the Federated Women's Institute of Canada was discussed and decided in the affirmative. Mrs. John McFiguin and Miss Saunders, then Supervisor, were appointed to attend the Convention to be held in Montreal on September 30th, October 1st, and 2nd. These delegates were present at this Conference and received much help from the meetings then held. At this time Prince Edward Island was formally welcomed to the Federation and the circle of provinces was completed.  
 Judging at the school fairs and exhibitions occupied our time for the month of September. From October to the end of the year Miss McKenna taught cooking to the children of the public schools, having eight classes each week, while Miss Saunders and I did Field Work.  
 In December Miss Saunders resigned her position as Supervisor in order to take up work along those lines in the province of Quebec.  
 January and February were taken up with Short Course work. Sixty applications to these Short Courses were received but, owing to an epidemic of measles and influenza this number was somewhat reduced. The first Short Course opened on January 13th. Practical work in cookery, laundry, home nursing, sewing, millinery were given, as well as lectures on Hygiene, Sanitation, household accounts, care of milk and cream poultry.  
 From March 1st, Miss McKenna continued the work with the school children while I visited the Institutes.  
 Since September last, eleven new Institutes have been organized, namely—New Perth, Cardigan, Rosemeath, Cavendish and Rustico, Hunter River, Cherry Grove, Springton, Sherbrooke, Victoria, South Lake and Bernley. This makes for thirty-three active Institutes. The new clubs have proved most enthusiastic and are doing excellent work.  
 The Women's Institutes of Prince Edward Island take up work largely along the lines of school improvements and the Superintendent of Education has complimented them greatly on the interest they

There are, no doubt, several brands of Baking powder on the market that apparently give satisfactory results. But when the thoughtful woman comes to the point of giving consideration to the important question of pure food, she naturally becomes discriminating, and chooses a baking powder that she knows is free from alum and other injurious ingredients.

TWO DAMS COLLAPSED

BROCTON, Mass., July 10.—The collapse of two dams holding millions of gallons of water, tonight deluged the surrounding country for miles, and threatened the works of the Edison Electric Company, which supplies power to several towns and many large manufacturing plants.  
 No loss of life resulted from the flood. Persons living nearby had been warned that the dams had been made unsafe by the tremendous volume of water that poured into them in the severe rains yesterday.  
 Late tonight officials of the Edison plant stated that the water had almost reached the fire house in the boiler rooms and that unless it subsided no power could be supplied tomorrow.  
 The Dudley dam holding in check a big pond, was the first of its contents rushed into the ponds controlled by the Forge dam, which collapsed a few hours later. Crops in nearby fields were being under several feet of water while the waters seeped into cellars and eventually into the ground floors of many houses.

DOUGLAS STORY DEAD

CALCUTTA, India, July 13.—Douglas Story, the author of a big novel, was the first of his contents rushed into the ponds controlled by the Forge dam, which collapsed a few hours later. Crops in nearby fields were being under several feet of water while the waters seeped into cellars and eventually into the ground floors of many houses.

	This year.	Last year.
Active Institutes	43	21.
Total Members	830	600
Total Receipts	\$6200.	\$4600.
Expended on schools	\$1500.	\$850
Expended on community work		
Expended on Patriotic Purposes	\$675	\$450
Expended on other work	690	

Considering that the report of this term included the work of only nine months compared with the work of a full year, it is indeed encouraging.  
 Considerable money was raised for War Memorials. This was kept separate from the general funds so that we have no accurate way of taking count of them. Knitting and sewing for the Hospitals and Orphanages was also done by many of the Institutes.  
 Greater interest has been taken in the Women's Institute this year than ever before. The members are more enthusiastic, many calls for organization have been received, the school inspectors and Superintendent of Education are much interested in the work.  
 The year upon which we have entered promises to be the most successful in the history of the Women's Institutes of Prince Edward Island.
