SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved by "Fruit-a-lives"

LITTLE BRAS D'OR, C. B.
 "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try 'Fruit-a-lives'. In a week, the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous". ROBERT NEWTON.

NEW CANADIAN PACIFIC TOURIST CARS

Did you ever examine the cars in which you travel year after year and notice the improvements made for your Safety, Convenience and Comfort?

The Canadian Pacific Railway Company has just perfected a new type of tourist car, of steel construction. The outstanding advantages of the tourist car are that it is a more economical, although less luxurious, means of travelling than the Standard Sleeper, and also that a woman can prepare her own food in her own way in the tiny kitchen at the end of the car. For those who desire a trip at the minimum cost, the tourist car is ideal.

The new car remembers the babies and so, besides the range, it possesses a gas stove where a mother may speedily warm baby's bottles for him. She can keep his bottles in the refrigerator, where a receptacle is specially provided for milk bottles.

She washes her dishes in the enamel sink, drains them on the sanitary metal dresser and puts them away in a shining white cupboard. No boards to scrub off, with a consequently unpleasant smell of damp, greasy wood. The metal is hygienic and will not rust.

When the children want a drink—as they do twenty times a day—they no longer require to enter the dressing room for it. Two water coolers, with sanitary cups, occupy a corner of either passage, easily accessible.

She who has never banged frantically on the dressing-room door can never realize all the agony a certain life when she knows her station is the second one off—and some heartless creature holds up the room. Happily the Canadian Pacific Railway Company has cared for the poor soul; now she may share a room large enough for three women to dress at one time.

There are three basins with a mirror over each, a long mirror in one door, and a certain inside the entrance to protect one from any chance newcomer. The clean towels are packed in a box, the soiled ones go into a basket under the box. These rooms are absolutely sanitary—open plumbing sees to that.

The car, proper, contains fourteen sections, is furnished in mahogany and rejoices in a strip of carpet down the middle of the floor.

"How light it is," a chance visitor remarked. This extra light is due to the windows having brass sashes—the pane is not divided and the wood does not encroach on the glass.

ARE YOU FAT? JUST TRY THIS

Thousands of overfat people have become slim by following the advice of doctors who recommend Marmola Prescription Tablets, these harmless little fat reducers that simplify the dose of the famous Marmola Prescription. If too fat, don't wait for the doctor's advice. Go now to your druggist or write to the Marmola Co., 315 Woodward Ave., Detroit, Mich., and for \$1 procure a large case of these tablets. They reduce two, three or four pounds a week without exercise, dieting or any unpleasant effect whatever. If too fat, try this today.

*LAND SALES.—Mr. R. McPhee Selkirk, purchased the "Carey farm" at Big Cape, Lot 42, and sold one-half of it to John R. McCormack. This is a fine property and was purchased at a great bargain.

*Mr. Jno. Alfred McDonald, P. L. S., has returned from New Perth, where he was surveying during the week.

*Mr. A. Deagle, Clear Springs, returned Wednesday evening from Nova Scotia, where he has been engaged in the lumber trade since July last.

There are no deck sashes, only panel sashes.
 "Porter, a screen, please," will soon be heard no more. The new cars keep the screens in position constantly so that when the glass goes up the screen comes down over the entire 19 1/2 inches.
 If one requires a porter during the night, all one does is "push a button." Each berth has an electric light and a push bell; and, joy of joys, a mirror. No excuse now for parading the aisle in curl papers. The light under each lower berth shines out on the floor and saves the shins of many who might stumble over baggage in the darkness of the car at midnight.
 The berths are comfortable, improved ventilation makes cinders an "unknown quantity" so the women who travel in them are sure to say that the New Canadian Pacific Tourist Cars spell Travelling Comfort. 5783-12-22Mmuf31.
