**THE SCHOONER HILDA MAUD** has arrived with a cargo of Inverness Run of Mine coal for Geo. E. Full. 482

**POLICE COURT.**—At the Police Court yesterday a prohibition case was dismissed. One drunk had his \$10 bail bond forfeited.

**Y. M. C. A. RUMMAGE SALE.** Thursday, May 17th. Help the auxiliary by sending your donation. Parcels will be called for Tuesday and Wednesday.

**GONE TO ENGLAND.**—Mr. Reginald Taylor, of the Bank of Montreal, St. John, N. B., son of Ex-Councillor J. D. Taylor, Charlottetown, sailed from New York yesterday for London, England. Six clerks of this Bank left some weeks ago for England and Mr. Taylor is one of two others who left New York yesterday.

**MOVING TO P. E. ISLAND.**—The Trenton correspondent of the New Glasgow Chronicle says:—Mr. and Mrs. Amos Landry of Brook St., are moving to P. E. Island next week. The Landry family have been residents of the town for about four years. They have been good citizens and good neighbors, and have made many friends. We are sorry to lose them, but we wish them success in their new home. They have two sons fighting in France.

**CORPORAL B. M. HORNE.**—A letter to Mrs. E. A. Moore, Drochester, Mass., from The Red Cross Society, London, Eng., states that her brother, Corp. Brenton M. Horne, Canadian Infantry, was admitted to King George Hospital, Stamford street, London April 21st, suffering from a severe wound in the neck, which seemed to affect the spine. He was receiving every care and attention and it was hoped when the neck wound would heal, the spine would recover. Corp. Horne is a Charlottetown, P. E. I., boy and enlisted in Westville, N. S. His many friends hope for his complete and speedy return to health.

**SHIPBUILDING COMPANY.**—Attention is directed to the advertisement in this issue of Canon N. Fuller, who has organized a shipbuilding company for the purpose of acquiring shipyards at Tuskett, N. S., and for the building of wooden ships. It is admitted that never before in the history of this country has there been such a world wide demand for ships of all kinds. The organization of a shipbuilding company at present, therefore, is opportune. Those interested in the idea, and who do not wish to wait until the summer, should write at once to Mr. Fuller and obtain all necessary information.

**CANADIAN PRISONERS OF WAR FUND.**—New adoptions are Summer side Methodist Church Sunday School, and Cavendish Red Cross and Royal Edward Chapter I. O. D. E., and a second prisoner, Margaret Hay Aitken and Miss Elaine Aitken, one. Donations O'Leary Red Cross \$20.00, Chas. McGregor \$5.00, W. C. West, York \$5.00. A gentleman writes "I send you \$5.00 the price of ten Deeds Tickets. The first fifty of the second hundred prisoners have now been adopted and the names of the adopted will be published in a few days. Many Societies who adopted one prisoner are now taking a second. For further information apply to Canon Simpson, Treasurer.

**Economy**  
The Best is Always Cheaper in The End

The value of drugs or of a prescription is not in the price you pay it in the goods they do. The failure of customers to demand **DRUG QUALITY** is often responsible for serious results. All Drug buyers should know that quality is the true test of cheapness. The same truth also applies to the buying of **DRUG SUNDRIES**. Compare our prices with those asked elsewhere and carefully note the comparative quality of goods. If you pay higher prices than we ask, you pay too much. If you pay less than our prices, you will get inferior quality. Best quality at lowest cost is a rare combination—but that is just what we offer you.

**FOR MAGALENS.**—The S. S. Amelia will make her first trip from Souris to the Magdalen Islands on Wednesday evening the 16th inst, upon the arrival of the train from Charlottetown.

**LONG DETAINED VESSEL TO SAIL.**—The schooner C. H. Hackley, which was caught in the ice in Charlottetown harbor late last fall, and was obliged to remain here all winter, sails the first favorable weather for New York. She has a full cargo of laths for that port. The Hackley is owned in Mobile, Florida.

**THE S. S. EMPRESS.**—The C. P. R. steamer Empress, of the St. John-Digby service, formerly running between Summerside and Point du Chene, will be taken off the route on May 21, 22 and 23, for repairs, and general overhauling. The work will be done in St. John, and there will be no other vessel placed on the Digby route while the Empress is tied up.

**NATIONAL SERVICE LEAGUE.**—Canon Simpson presided at the meeting of the National Service League in the Legislative chamber yesterday afternoon, the others present being Mr. J. O. Hyndman, Prof. J. A. Clark, Rev. C. R. Freeman, Rev. R. G. Fulton, Col. Moore, Judge Stewart, Captain Canfield, Mr. J. R. Burnett, and the Secretary, Mr. T. S. Hubbard. On behalf of the Publicity Committee, Mr. Hyndman reported that arrangements had been made with Mr. Craswell to produce a number of slides bearing on National Service which Mr. Gallagher had consented to exhibit, and Mr. Gaudet, Summerside, and Mr. Yeo would also be asked to use them. He also submitted the letter and form which had been prepared to be sent to all employers regarding summer holidays which were approved. Prof. Clark drew attention to the possibility of increasing the honey production, and submitted an article on the subject which was ordered to be published. Mr. Clark said there were 54 beekeepers on the island who had made an unusual success of the industry, last year while another averaged 107 lbs. per hive of which he had seventeen. Mr. Hyndman presented a report on poultry raising and showed the enormous advantage that would result from an increase in chicken raising this season. Mr. Clark said that Mr. Kerr had taken a survey of this field and had met with considerable success in getting farmers to raise eggs of good strains of poultry. Mr. Clark also drew attention to Prof. Tennant's article on root crops, and on his motion it was agreed to adopt it as one of the publications of the League. Mr. Clark said there was a mistaken idea abroad that imported turnip seed produced the best results. That was not so. Experience had shown that better results were obtained from Island seed than from any other. A proposal to get a piece of land at Victoria Park under cultivation by professional and business men was remitted with powers to the Agricultural Committee and Prof. McLarty. It was suggested that the members of the Home Guard might be persuaded to take hold of the scheme and make it a success. It was agreed that the delegation to Ottawa should present to the Director-in-chief, a full report of the League's activities, together with specimens of its publications.

**Good tea is not dear.**—A pound of Red Rose Tea will make about 250 cups of strong flavory tea. This is due to the Assam tea which are used in Red Rose—Assam is the native home of the tea bush and produces the strongest richest teas of any country in the world.

**A Minister's Evidence**  
That Piles, or Hemorrhoids, Can be Quickly Cured—A Justice of the Peace—Cured Many Years Ago.  
Toronto, Ont., April 24.—There has come to us recently these two letters from prominent men who bear unquestionable testimony in regard to Dr. Chase's Ointment as a prompt and lasting cure for piles.  
These men give their evidences freely because they know what it means to suffer from the tortures of piles and then be cured. They feel it a duty and a pleasure to let others know how they too may be cured.  
Rev. Frank N. Bowes, Methodist Minister, Priceville, Ont., writes: "In the winter of 1912, I was stationed in Cohat. I went for a snowshoe tramp one day, and sat for only a few minutes on a cold stump waiting for some comrades to catch up to me. From sitting on the damp stump I contracted piles, and suffered so severely that it caused me great pain to walk. A friend recommended Dr. Chase's Ointment, and I immediately purchased a small box which very rapidly effected a cure. I always keep a box on hand and find it excellent for any kind of wound or sore."  
Mr. W. B. Thorne, J. P., Alderside, Alta., writes: "It was twenty-eight years ago that I became acquainted with the merits of Dr. Chase's Ointment, and would not be without it on any account as it never fails to do its work. I was first induced to try it for piles. Less than one box cured me and I have never been troubled since. That was twenty-eight years ago, so I think the cure is permanent. It is good for sore lips and hands, chafing, and in fact, all sorts of sores. You are at liberty to use this statement for the benefit of others."  
You can put Dr. Chase's Ointment to the test in any case of piles with the utmost assurance that you will obtain relief from suffering and ultimately lasting cure. 60 cents a box at all dealers, or Edmanston, Bates & Co., Limited, Toronto.

## Good Prints Worth 15c 12c

Here's a print that we bought months ago at old prices. There are many patterns—a score of colorings—printed on a good strong cotton, 30 inches wide. The actual cost of the fabric AT THE MILL today is 15c. We have quite a lot of it and while its here it is 12c.

# On Every Shelf we're Showing Wash Goods Priced Lower than Present Mill or Wholesale COST

THAT may seem like a pretty strong statement. It is a pretty strong statement. But it is simply so. For example we are selling one particular line of wash fabrics for 20c which at this very moment would cost you 22½ per yard at the mill—by the case. And that's not all. We're showing you great assortment of the very latest American Wash goods for spring—the styles are right—and they are priced right. They are priced right—because they are bought right—bought many months ago at prices that give us a small profit—and you a big saving. Let's talk it over today.

## MY WHOLE LIFE

was spent in trying to cure an ulcer by using ordinary ointments, writes Mrs. Jeffrey, of 21 French Street, Methuen. "Then I heard of Zam-Buk, used it, and am now completely cured."  
"Thirty-three years ago the ulcer appeared on my ankle, and gradually spread to my knee. The pain was terrific. For years I could hardly walk and had to remain in the house. For twenty-five years I received doctors' treatment but got only temporary relief."  
"Then I heard of some wonderful cures worked by Zam-Buk and commenced using it. The relief experienced was wonderful. The inflammation was gradually drawn out. The pain was soon ended and, at last after thirty-three years of misery, I was on the road to recovery. To cut a long story short—perseverance with this wonderful balm resulted in a complete and permanent cure."  
Zam-Buk is also unequalled for eczema, ring worm, abscesses, boils, blood-poisoning, burns, scalds, cuts, and all skin injuries. All drug-gists or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

## Blood Food

Right now is when you need a good blood medicine—to overcome impurities in the blood—to supply the elements that enrich the blood—to protect the system against the depressing effects of "spring fever".  
Mother Nature, the great physician, has provided this "blood food" in **Dr. Wilson's HERBINE BITTERS**

It is a simple and effective remedy, made from Nature's healing herbs—that was a favorite medicine in our grandfather's time and is just as effective today. The best of spring tonics and blood purifiers. 25c. a bottle, Family size, five times as large, \$1. At most dealers or prepaid on receipt of price. 29

**CAPTAIN BEST TO SPEAK HERE.**  
A meeting of unusual interest and one which will crowd the Market Hall to the doors that which will be held here on Wednesday evening, when Captain T. F. Best, just returned from France, will speak. Capt. Best went through the South African war as a Y. M. C. A. representative, receiving his appointment from Lord Roberts personally. In South Africa he proved his mettle and won the friendship and esteem of Col. now General, Lessard, a friendship which has continued ever since. The captain has been with the Canadian troops since the beginning of this war, and has doubtless met many of the boys from the island, and will be heard with special interest.

**NARROW ESCAPE FROM DEATH.**  
—While the schooner Hilda Maud was discharging a cargo of coal at Full's Wharf on Saturday, a regrettable accident occurred. As the result the commander of the vessel, Captain Malcolm, is in the Charlottetown Hospital, suffering from painful injuries and another man was also hurt. An empty trolley was being pushed along the overhead rails when in some way it fell to the deck of the schooner, a fall of probably close upon 25 feet, carrying the man who was pushing it, Mr. John Gillis, along with it in its descent. Captain Malcolm who was standing on the deck was struck by the trolley as it fell, and Mr. Gillis also received a bad shaking up. How both men escaped fatal injury seems strange.

**SIR GEORGE E. FOSTER**  
(Continued from Page 3)

on a long route. The Pullmans are gone as well. They are reducing themselves down in all these ways to the old, simple necessities and conveniences of life. They are sacrificing themselves in every respect. On this very question of respecting, months ago, the amount of beer that the brewers would be allowed to make in the United Kingdom was cut down to one-fourth of the average of the years past. Within three weeks a decree has gone out from the Controller of Food in the

United Kingdom that no longer shall grain be given, or provided, or used for brewing purposes. They have come to it gradually. They do it, not because they do not believe in beer or whisky, but because the necessities of the case drive them to it. We are flesh and blood of the Empire. We are part and parcel of this great united Ally war. What it is so necessary to suffer in one country in the way of self-sacrifice it is equally necessary to suffer in another if we are to have equality of service and equality of distinction in carrying and bearing the burden of the great war we are going through.

I fear that my earnestness has carried me farther than I should have gone, but I do want again, before I sit down, to say that what we in Canada could do we have done in many respects. I was in the city of Washington for a few days very lately. I had since I was in the United States more or less since I was a boy, but I tell you that it warmed the cockles of my heart, it sufficed me with a feeling of infinite satisfaction to hear, from high and low, from the President of the United States down to the man on the street, the woman in the home, so hearty, so undiluted, so absolutely wholesoled appreciation of what Canada has done in this war. I tell you the sacrifice, the heroism, the splendid gleams of real suffering and sacrifice that have been shown by Canadians to the people to the south of us as they have to the people in all allied countries. Are we quite worthy of it? Some have gone and fought and died. Others have gone and been maimed, others have gone and fought and will fight and come back whole in body and in mind. But the people of Canada, through and through, by far and large, do not know the meaning of self-sacrifice and burden-bearing in this war. We can come up to it by self-sacrifice, by saving and by producing that which is right and good for the necessities of the hour.

I am not going to say what the Government is going to do in this respect. It has not been brought to the attention of the Government for the first time to-day by my hon. friend (Mr. Devlin). It is a matter which has been at work in men's minds in this country, it is a matter which has been brought to the attention of the Government, and it is a matter to which the Government at the present moment is giving its serious consideration. What will happen, we shall see as future events unfold themselves, but I, for one, stand by the argument I have made and it is a fair, sound argument which will prevail in our country.

**THE DEFENCE LEAGUE ASKS CONSCRIPTION.**

TORONTO.—"The Canadian Defence League regrets that selective conscription has not long since been in force and calls upon all patriotic subjects, irrespective of party, to unite in a demand for the immediate enactment of this measure, especially in view of the fact that conscription has been adopted in the neighboring republic."

After two hours' discussion the above resolution was passed by the

Defence League last night at its annual meeting in the Forester's Hall, Rev. Father Minhehan was the mover and Prof. Alfred Baker the seconder.

Four previous motions and half a dozen amendments, all carrying in their degree of censorship upon the Dominion Government were rejected.

A vigorous speech by Principal E. W. Hagarty, of Harbord Collegiate, former lieutenant-colonel, and whose son Galer was killed in action, injected considerable bitterness into the discussion.
