VENIOT CHARGES WILL BE INVESTIGATED

Oyster Leasing Policy Traced To Its Source In Liberal Agreement

Attempt To Foist Responsibility On MacMillan Government Answered By Hon. Adrian F. Arsenault In Draft Address Debate, Who Produced Document Signed By Ex-Premier Saunders & Quoted Commentary Of Mr. Lea.

Resigns As Bishop Of Que. Diocese

(C. P. By Guardian's Special Wire) QUEBEC, March 13.—Bishop Williams, whose resignation was accepted today by the House of Bishops of the Ecclesiastical Province of Canada meeting in Saint John, resigned as Bishop of the Diocese of Quebec six weeks ago. ...

An attempt on the part of Dr. John F. MacNeill, (Liberal, Fifth District of Prince), to fix responsibility for the Dominion oyster leasing policy on the present provincial and federal administrations brought a sensational rebuttal from Hon. A. F. Arsenault, who followed Dr. MacNeill in the legislative debate on the Draft Address last evening.

Mr. Arsenault recalled to the attention of the House that under a former administration, when the old leasing policy, agreed to in 1912, was in effect, Dr. MacNeill had himself been a leaseholder and that he was a member of the Saunders Government which, on Feb. 27, 1928, signed the new agreement with the Liberal Minister of Fisheries at Ottawa.

On the latter occasion provision was made by the Saunders Government, under Clause 8, that "where any lease granted in pursuance of the purposes of the said agreement of 16th May, 1912, is still in effect, it is agreed that the terms and conditions thereof will be observed in all respects by the Dominion, if the lessee attorns to the Dominion and agrees to pay to the Dominion such rentals as may be provided for in the lease," etc.

OTTAWA AGREEMENT

Clause 5 of the Saunders-Mackenzie King agreement, Mr. Arsenault showed, gave the Dominion Government "the right and power of control and administration of the five oyster or other mollusk beds or areas suitable for such," for the purpose of developing and improving oyster and other mollusk growth and culture in the areas, "provided the said Government of Canada shall not grant any of the aforesaid areas EXCEPT BY WAY OF LEASE FOR A TERM OF YEARS AND FOR THE SOLE PURPOSE OF THE PRODUCTION AND CULTIVATION OF OYSTERS OR OTHER MOLLUSKS WITHIN THE DEMISED PREMISES."

WILL PROBE AUTO INDUSTRY

Finance Minister E. N. Rhodes Authorizes Investigation.

(C. P. by Guardian's Special Wire) OTTAWA, March 13.—Finance Minister E. N. Rhodes today formally authorized chairman George H. Sedgewick of the Tariff Board to undertake "at your earliest convenience" an investigation into the automotive industry in Canada, "particularly as regards the bearing thereupon of customs and excise duties or taxes."

The action follows a decision reached by the Government over a month ago when motor car manufacturers in Canada were advised by Mr. Rhodes that the disparity between the price of cars to the consumer in Canada in contrast with the price of similar cars in the United States was "giving the Government grave concern."

TO ESTABLISH COUNCIL TO PROMOTE TRADE

HALIFAX, March 13.—Moving along a legislative path defined by its Royal Commission of Economic Enquiry, the Nova Scotia Government today introduced a measure in the Legislature authorizing the formation of a council to promote trade.

Creation of the projected council, to help promote Nova Scotia's economic and industrial development, is in accord with a recommendation of the Jones Commission in its report last year on the province's affairs. Premier Angus L. Macdonald, though he did not speak in bringing down the bill, has termed its potential benefits "almost beyond stretch of the imagination."

Mr. Arsenault also showed that during the regime of the first Stewart Government the Mackenzie King Government attempted to have the same agreement passed, but Premier Stewart refused to sign it.

VENIZELOS SEEKS REFUGE ON TINY ISLE

Leader of Short Lived Greek Revolt Flees To Italian Island Of Rhodes.

(By James A. Mills, Copyright 1935 By The Associated Press) ATHENS, March 13.—Eleutherios Venizelos, leader of the short-lived Greek revolution, took refuge tonight at Rhodes, the tiny island where pirates interned Julius Caesar 2,000 years ago.

Meanwhile the cruiser Averoff, "flagship" of the rebellion which dropped Venizelos, his Anglo-Greek wife and other rebels at the Italian Island of Cassos yesterday, arrived at Salamis to complete the government's reconquest of the insurgent fleet.

"Mopping Up" While the loyalist army continued "mopping up" after routing land rebels in Macedonia, courts martial started grinding away at the grist the 12-day revolt left for them.

Those rebel soldiers who did not flee to neighboring countries probably will be given amnesty, it was indicated, but their officers and those soldiers who joined the movement as volunteers were expected to face military courts.

Athens, Salonika, and other large cities gradually were emerging from the economic paralysis caused by the costliest revolution Greece has suffered since she won her independence from Turkey.

Streets, cafes and cinemas again were crowded with patrons all excitedly discussing the results of the revolution. "The Roman" Blandford today brought 620 tourists all of whom came ashore.

May Seek Extradition Whether or not Greece would try to extradite the man her government blames for the costly uprising remained uncertain.

Dispatches from Rome said any extradition request for Venizelos probably would be refused, just as France refused to extradite General Nicholas Plastiras who fled after his revolt failed.

Venizelos is free to go where he pleases, the Rome advices said, and has indicated he may go to Paris to be with his two sons.

Mr. Lea interjected. "Or who was responsible for the cultivation of the beds," retorted Mr. Arsenault, still reading from Mr. Lea's after-dinner statement. "That was the Opposition leader's opinion, and it obviously had reference to the leasing policy which his colleague, the hon. member from Summerside, condemns, and the responsibility for which he unfairly and unjustifiably tried to fasten on this Government." (Applause.)

Mr. Arsenault also showed that during the regime of the first Stewart Government the Mackenzie King Government attempted to have the same agreement passed, but Premier Stewart refused to sign it.

Dr. MacNeill's contention that the Conservative Provincial Government was responsible had been based on clause 9 of the agreement, "that the Dominion shall in-"

Witnesses Value Services At \$20,000

(A. P. By Guardian's Special Wire) TRENTON, N. J., March 13.—Albert S. Osborn and his son, Albert D. Osborn, handwriting experts who testified Bruno Richard Hauptmann wrote the Lindbergh ransom notes, value their services to the state at approximately \$20,000.

CUBAN STRIKE IS BROKEN

Government Rounds Up Strike Leaders.

(A. P. By Guardian's Special Wire) HAVANA, March 13.—A general revolutionary strike threatening it apparently broken, President Carlos Mendive's government today started rounding up those believed responsible for its troubles.

The familiar sounds of streetcar gongs and omnibus horns rang through streets that echoed last night to rifle and pistol fire as most lines of business returned to operation approaching normal.

Police castled hundreds of strikers, among them many government employees, off to police stations and prisons in army trucks, and it was learned 50 or more suspected revolutionary leaders were held at Cuban fortresses.

Police released all old employees of the treasury they had detained after they signed resignations.

The seeming collapse of the strike movement, which began several weeks ago with the walkout of an estimated 300,000 students and teachers, came after the Mendive government, supported by army commander Fulgencio Batista, exchanged its policy of diplomatic negotiation for vigorous repression.

Discoveries Corroborate Bible History

(C. P. By Guardian's Special Wire) JERUSALEM, March 13.—(C. P. Balcor Agency)—One of the most important corroborations of the Bible during the period of the kingdom of Judah was made known here today with the discovery at Tel Adadweir, midway between Beersheba and Gaza, of archives with Hebrew inscriptions which give the names of the most famous Israelites mentioned during that period in Scripture.

The discovery was the work of a British archaeological expedition headed by J. L. Starkey. The find is regarded as of unique importance because hitherto the discovery of written documents of the Biblical period has been rare and pottery usually has been the only available witness of the Bible stories.

WILL FIGHT EXTRADITION FROM STATES

Well Known British Author Denies Communist Charges Of Washington Authorities.

(A. P. By Guardian's Special Wire) CHICAGO, March 13.—Evelyn John St. Lee Strachey, widely known British author, promised a "last ditch" fight today against government efforts to deport him from the United States as an alien Communist.

While repercussions of his case disturbed the calm of official and political quarters from here to London and evoked a number of protests from fellow Liberals, the towering young economist boarded a train for Cleveland to continue his lecture tour.

He appeared before Fred J. Schlotterbeck, immigration inspector here, and posted a \$500 bond to obtain his release on federal charges of gaining entry to the country through false statements and advocating Communist doctrines.

The charges against him are absolutely false, he asserted, "I will fight them to the last ditch."

Flanked by sympathizers and attorneys furnished by the American Civil Liberties Union, he spent 40 minutes in conference with the inspector. He said he was not interrogated on his alleged advocacy of the overthrow of the United States Government.

The hearing was limited to the ball question. Professor Robert Ross Lovett, liberal member of the University of Chicago faculty who said he acted as a representative of the union, settled that by producing a Liberty Bond. Schlotterbeck announced after the closed session that Washington officials would fix the time and place for formal hearing of the charges.

STORM OF PROTEST

NEW YORK, March 13.—(A.P.)—The American Civil Liberties Union tonight quoted John Strachey as having disclaimed any desire to take part in United States politics as a storm of protest arose in Liberal circles over the British author-lecturer's arrest by Washington authorities.

The Communist party's propaganda department denied Strachey was a Communist and declared the Government's action against him represented "the organized move of the new deal regime to suppress the democratic rights of the American toilers."

The Civil Liberties Union released a statement which it said Strachey had given to its director, Roger Baldwin, in response to a request for an outline of his aims and policies.

Halifax Taxis Must Be Up To Standard

HALIFAX, March 13.—"Taxis in Halifax have got measure up to the standards set by our committee," observed Alderman W. A. Gates, chairman of the cabs committee of the City Council, as he suspended the licenses of 18 of Halifax's 110 cabs.

The safety of the public is the first consideration, he said and adjudged the cabs unfit for the conveyance of passengers.

Fighting Resumed In Greece

(A. P. By Guardian's Special Wire) SOFIA, March 13.—Reports reaching here tonight from Petrich on the Greco-Bulgarian border said fighting between Greek rebels and government forces was resumed today in the vicinity of Siderokastron.

Artillery and rifle fire could be heard clearly in the border regions between 3 p. m. and 6 p. m. (8 a. m. and 11 a. m. E.S.T.). Bulgarian frontier authorities reported.

Later, these sources said, Greek frontier patrols advised them that the 22nd Infantry regiment, which was part of the rebellious fourth army corps, declined to surrender and offered armed resistance.

WOULD INVOKE ROME ACCORD

France To Take Action Re German Air Force.

(By John Evans Associated Press Staff Writer) PARIS, March 13.—French Government officials tonight were reported considering notifying Germany with the expected support of Great Britain and Italy, that her proposed "official" air force constitutes clear violation of the Versailles Treaty.

If the action is taken, it was said, France would invoke the Rome accord and the Franco-British declaration at London in support of her move to keep the Reich from giving her air force official status without the consent of other signatories. This denial, it is understood here, was intended to apply primarily to Germany whose military forces the peace treaty restricted.

French officials were in consultation with Rome and London to see what could be done in the face of the forthright announcement of General Hermann Wilhelm Goerring, German Air Minister, he would head the officially admitted air force as "General of Flyers."

Goerring's announcement, made in Berlin Sunday, also said Germany's aviation "Air Sport" Association had been placed under the direct orders of the Reichswehr, thus becoming an integral part of the Reich's defence force.

Balanced Budget For Manitoba

(C. P. By Guardian's Special Wire) WINNIPEG, March 13.—Increased returns from taxes and revenue-bearing services were forecast today by Hon. E. A. McPherson, provincial treasurer, when he presented the Manitoba Legislature with a budget balanced in duration of improved conditions during the next fiscal year.

Revenue for the year ending April 30, 1936, was estimated at \$14,050,193, and expenditure at \$14,083,067. The estimated deficit of \$32,874 was expected to be erased by increased tax returns. Mr. McPherson said no new taxes would be imposed. The provincial treasurer expressed confidence there would be a continued decrease in the rate of interest paid by the province. He warned of "the continued necessity for years to come of a programme of the strictest economy compatible with the maintenance of absolutely necessary services to the public."

FULL PROBE INTO LIBERAL ALLEGATIONS

Chief Justice J. B. M. Baxter to Head Royal Commission Investigation of R. C. M. P.

(C. P. By Guardian's Special Wire) OTTAWA, March 13.—Chief Justice J. B. M. Baxter of New Brunswick will head a Royal Commission to investigate charges levelled against the Royal Canadian Mounted Police by Hon. Peter Veniot, former postmaster-general. Minister of Justice Hugh Guthrie made the announcement today in the House of Commons.

In the last two years, the former postmaster-general has charged Canada's famous Red Coats have used third degree methods against witnesses; let their patrol boats lie at anchor in the Bathurst, N. B., harbor while smugglers operated a short distance away and illegally burned food from the liquor vessel Paul T., while 150 persons, many on relief, watched the flames.

British Premier Denies Rumors Re Resignation

(By Harold F. Branson Associated Press Staff Writer) LONDON, March 13.—Prime Minister Ramsay MacDonald, tired and showing the ravages of the severe cold that has kept him abed the last week, returned to duty today to authorize another denial of reports he is about to resign.

Nevertheless rumors continued in Downing Street and parliamentary quarters that the veteran leader's retirement is likely, with general reconstruction of the Cabinet following.

The Prime Minister, his head heavy and his voice hoarse, presided at today's Cabinet session. Coinciding with his return to No. 10 Downing Street MacDonald struck vigorously in defence of the "white paper" which he wrote to accompany increased estimates for British defence in 1936.

An old fighter for the cause of peace, the Prime Minister characterized the "white paper" as a "peace document", even though it announced larger expenditures for arms in 1936, and said: "Peace is written on my forehead; peace is its concluding thought; peace is its purpose throughout."

Hitler To Receive British Peace Delegates March 24

(A. P. By Guardian's Special Wire) LONDON, March 13.—Sir John Simon, Foreign Secretary, and Anthony Eden, Lord Privy Seal, will go to Berlin March 24 to hold conversations with Reichsmarschall Adolf Hitler on questions of European peace, conversations which were originally postponed by Hitler.

The Reichsmarschall apparently was so well pleased with the lack of references to Germany in Monday's white paper debate in the House of Commons, that he notified Sir Eric Phipps, British ambassador, that his cold will be sufficiently improved to permit him to hold the postponed talks March 25 and 26.

It was Hitler's cold—contracted after the British government presented its white paper referring to German armaments—that brought
