A WRONG IDEA OF... DYSPEPSIA

Throws all the Blame on the Stomach - The Real Seat of Trouble is the Intestines - The Permanent Cure is Dr. Chase's Kidney-Liver Pills.

It is an old idea long since exploded that digestion is confined to the stomach. No modern scientist denies that by far the greater part of digestion and the more difficult part takes place in the intestines. This explains why dyspepsia is never really cured by preparations which merely aid stomach digestion and act only on the stomach. This fact also explains why Dr. Chase's Kidney-Liver Pills have been so remarkably successful as a cure for the worst forms of dyspepsia and indigestion. Dr. Chase's Kidney-Liver Pills act directly on the kidneys, liver and bowels, and give new tone and vigor to the intestines, and make them able to perform their work of digesting the substances on which the stomach has no effect. Stomach treatment may do well enough for slight indigestion, but if you have chronic indigestion or dyspepsia of a serious nature you can profit by the experience of scores of thousands who have been permanently cured by using Dr. Chase's Kidney-Liver Pills. One will cure, 2d & 3d of all dealers, Dr. Chase, 2nd & Co., Toronto.

Dr. W. CHASE'S DISCOVERED NERVOUS TREATMENT DISEASES FOR

In his study of diseases of the nerves, Dr. A. W. Chase found that in nearly every case the cause of trouble was improper nourishment. About one-fifth of all the blood in the human body is found in the brain, and unless this blood is rich and pure the nerves cannot obtain proper nourishment, and become worn out and exhausted. Nervous depression, nervous headache, nervous dyspepsia, loss of sleep and vital force, lack of energy, are symptoms of weak, watery blood and exhausted nerves. It was as a food for blood and nerves that Dr. A. W. Chase's Nerve Food was prepared. Its remarkable success in curing all diseases arising from thin blood and impoverished nerves is proof that Dr. Chase's theory of feeding the nerves and blood is the proper one; stimulants only urge on the tired and worn out nervous system until there comes a complete collapse. Dr. A. W. Chase's Nerve Food creates new brain and nerve cells, and makes the blood pure and rich. It restores to the exhausted nerves the vigor of perfect health. No, as they please. Let us treat them as we would treat our own wayward children. Let us plead with them, but never coerce them with either gun or rod.'" DEAR SIR: - Within the past year I know of three fat yutiors on the head having been removed by the application of MINARDS' LINIMENT without any surgical operation and there is no indication of a return. "Writing a composition," was the reply. "Well, why don't you write it in the library?" "Because the teacher told me to write a composition on a horse."

FERTILIZER FACTS!

The value of all Fertilizers consist in the amount of soluble Phos. Acid, Nitrogen, and Potash they contain, and the brand which shows the greatest value in these is the one to buy, on the same principle that milk testing 4 per cent. butter fat is more valuable than 3 per cent milk. ENGLISH MANURES costing the same price, contain 20 per cent to 25 per cent more Phos. Acid, Nitrogen and Potash than any other complete Fertilizer on the market. Or, in other words the Plant Food contained in a ton of other Fertilizer costing, say \$35, can be purchased from us for about \$28. All Fertilizers are sold under a guaranteed analysis enabling any who may, to verify the above, and the superior quality of these Manures is being shown by annual testyear after year by the really wonderful results produced wherever.
