Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera, Malaria, Dysentery, and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of more children than any other medicine in use. When reduced with water and sweetened it is pleasant to take. You, or some one of your family, are sure to need this remedy sooner or later and when that time comes you will need it badly; you will need it quickly. Why not buy it now and be prepared for such an emergency? Price, 25 cents.

Pains in Back

Now All Gone.

After Twenty Years of Suffering from Kidney Disease and Dyspepsia, a perfect Cure is Made by

DR. CHASE'S

OINTMENT.

A medicine which will cure such a severe form of kidney disease as that described below can certainly be relied upon for any ordinary case of this ailment.

It seems folly to experiment with new and untried remedies when there are thousands ready to testify that Dr. Chase's Kidney Liver Pills have positively cured them of this painful and fatal malady.

Mr. John Gearin, an old resident of Thorol, Ont., states:—"For twenty years I was badly afflicted with kidney troubles, indigestion and bladder derangements. During that time I was a great sufferer and had to get up six to twelve times nightly to pass water. I tried different doctors and used all sorts of medicines to no avail.

"Finally, I began using Dr. Chase's Kidney Liver Pills and soon found relief. This encouraged me to continue to use these pills and after having taken twelve boxes was again in perfect health and vigor. I can now sleep undisturbed, the pains in the kidneys and back are gone, and I am feeling well and strong. I consider Dr. Chase's Kidney Liver Pills a great boon to suffering humanity and had I known about them when I was a young man could have escaped suffering all the best years of my life."

Dr. Chase's Kidney Liver Pills, one pill a dose, 25c a box, at all dealers for E. H. Manson, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

A WONDERFUL ANIMAL.

The Turtle is a Peculiar Creature in Many Respects.

Almost alone among God's creatures, the turtle has but a single enemy—man. It does not seem to matter to the turtle whether he stays beneath the surface for an hour or a week, nor does it trouble him to spend an equal time on land if the need arises. He is neither fish, flesh nor fowl, yet his flesh partakes of the characteristics of all three. Eating seems a mere superfluity with him, since for weeks at a time he may be headed up in a barrel (with the bung out) and emerge after his long fast apparently none the worse for his enforced abstinence from food, from light and almost from air, and, finally, it may be truly said that of all the higher, warm blooded organisms there is none so tenacious of life as the turtle. I can truly say that I have seen the flesh cleared out of a turtle shell and hung up on a tree, where for hours the quivering, convulsive movements of the muscles went on. Not only so, but on one occasion only the head and tail were left attached to the shell. Some time had elapsed since the meat had been cut out of the carapace, and no one could have imagined that any life remained in the extremities. But a young Dane, noticing that the down hanging head had its mouth wide open, very foolishly inserted two fingers between those horny mandibles. They closed, and our shipmate was two fingers short. The edges of the turtle's jaw had taken them off clean, with only the muscular power remaining in the head. Signor Redi once cut a turtle's head off and noted that it lived for twenty-three days without a head, and another whose brain he removed lived for six months, apparently unconscious that it had suffered any loss.—Leslie Monthly.
