

--- "And Thank You for our Hospitals, Doctors and Nurses,"

You who have never known illness can never quite realize the comfort derived from the knowledge that "Dear Ones" are receiving the best in Hospital care and treatment.

Thankful for health and good fortune you can aid materially in alleviating the distress of others by helping to provide the necessities in Hospital Accommodation.

To those who have known illness there is no need to emphasize the vital and important work our Hospitals have been doing.

For over Sixty Years the *PRINCE EDWARD ISLAND HOSPITAL* has been a community asset second to none. Now the time has come when of necessity it must expand.

**\$300,000 Must be Raised**

**The Needed Accomodation must be Provided**

**This Humanitarian Appeal Will Not Go Unanswered.**
