WOUNDED ISLANDER WRITES.
Mr. J. C. McKendrick received a
letter yesterday from his son, Corpl.
Howard McKendrick, who was recent-
ly reported wounded. Corpl. McKen-
drick is in an English hospital and
is progressing favorably towards
recovery. He speaks in the highest
terms of the care and attention re-
ceived, not only by himself, but by
all the wounded at the hands of the
nurses who are untiring in their
devotion to their work. Life in a
hospital, under such ministrations,
he says, a pleasure and the mothers
and friends of wounded soldiers may
rest assured that their loved ones
are being as tenderly cared for as if
they were at home.

A THOUGHTFUL ACT.—The
104th Reinforcements draft had a
route march out Malpeque road yester-
day afternoon, when they showed
good soldierly stepping and endur-
ance. A happy incident of the march
was a treat given the "boys" by Mr.
J. C. McKendrick, who, when he
saw them coming, went out with a
sufficient quantity of milk, bread and
cake to feed them all. The men were
halted and given an opportunity to
enjoy to the full the kindly act of the
mother of a comrade now in hospital
in England. Needless to say, the
"boys" appreciated Mrs. McKen-
drick's thoughtfulness as they enjoyed
the bountiful repast for which their
walk had sharpened their
appetites.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia
E. Pinkham's Vegetable
Compound.

Columbus, Ohio.—"I had almost given
up. I had been sick for six years with
female troubles and nervousness. I had
a pain in my right
side and could not
eat anything with-
out hurting my
stomach. I could
not drink cold water
at all nor eat any
kind of raw fruit,
nor fresh meat nor
chicken. From 178
pounds I went to
118 and would get so weak at times that
I fell over. I began to take Lydia E.
Pinkham's Vegetable Compound, and
ten days later I could eat and it did not
hurt my stomach. I have taken the
medicine ever since and I feel like a
new woman. I now weigh 127 pounds
so you can see what it has done for me
already. My husband says he knows
your medicine has saved my life."—
Mrs. J. S. Barlow, 1624 South 4th St.,
Columbus, Ohio.

Lydia E. Pinkham's Vegetable Com-
pound contains just the virtues of roots
and herbs needed to restore health and
strength to the weakened organs of the
body. That is why Mrs. Barlow, a
chronic invalid, recovered so completely.
It pays for women suffering from any
female ailments to insist upon having
Lydia E. Pinkham's Vegetable Com-
pound.

of visiting the offices of some of the
most expert Opticians in Canada.
We have studied their methods and
seen them practically demonstrated,
and it is a matter of gratification to
be able to say that the service we
are giving our patrons, we believe
is quite equal to that obtainable in
the larger centres.

ROUTE MARCH.—The 105th Bat-
talion draft started on a route march
yesterday afternoon, carrying full
equipment and looking very fit. They
made a detour to the outskirts of
the city before returning.

NEW RESIDENCE.—Mr. Frank
Morris, is having erected a commo-
dious two and a half story residence
on the corner of Euston and Wey-
mouth Street. It will be a twelve-
room building of frame construction
and up-to-date design built on a
foundation of concrete blocks. Mr.
A. H. McDougall is the contractor
for the work.

THE CAR FERRY.—The car ferry
steamer left Pictou yesterday at
12:55 and docked in Charlottetown at
4:30. She brought 352 tons of freight
and 40 passengers. The freight in-
cluded 4 cars of flour, one of hay and
ten of way freight. The steamer will
likely proceed to Halifax after her
next trip to Pictou and the Stanley
will go on the service until the car
ferry comes off the drydock.

BEAUTIFUL PIANO.—The beauti-
ful Heintzman & Co. piano, an Em-
sh Mission in Flemish Oak, with
electric lamps attached, which has
been so much admired in Miller Bros.
window last week, has been sold to

the Department of Agriculture, who
is removing to Summerside.

HAY FOR P. E. ISLAND.—A large
amount of hay is being brought to
the island from New Brunswick these
days on account of the shortage of
hay on the island. The Northumber-
land made a special trip last Sunday
bringing over 175 tons. One of the
loger Miller Co's, scows at Point au
Lion is being loaded with 200 tons
of hay and will be brought to Sum-
merside in tow of the tug Muska-
onge.

PREFERENCE FOR HAY ON THE
RAILWAY.—The Guardian stated
yesterday that the Director of Na-
tional Service, had succeeded in re-
gaining preferential rates for hay be-
tween New Brunswick and this pro-
vince. This was not correct. What
Mr. MacDonald said was that he had
succeeded in getting a preference
N MOVING of the hay freight,
over freight of other and less up-
tent description.

AN ATTRACTIVE WINDOW.—In
the show case of the Bayer Studio is
to be seen an excellent composite
picture of the Faculty and graduates
of St. Dunstan's College for the past
year. The design is distinctly new
and most appropriate and the com-
plete work which shows much tech-
nical skill and artistic thought, adds
still more laurels to the present large
honour wreath conferred on this pa-
triotic studio.

WEDDING BELLS.—A pretty
wedding took place at six
o'clock, May 11th, 1917, at the home
of Mr. and Mrs. Charles E. Fer-
guson, 85 King St., Moncton, N. B.,
when their daughter, Hazel Elaine,
was united in marriage with Mr.
Chester Stanley Fulcher, of London,
Ontario. The ceremony was per-
formed by Rev. H. A. Goodwin. The
bride was given away by her father
and attended by her sister, Aleah. A
dainty lunch was served. Mr. and
Mrs. Fulcher left on the Maritime at
8:30 for their future home in London,
Ont., where he holds a good position.
Mrs. Ferguson was formerly of Mr.
Stewart, P. E. I.

She wants a hat that is not only smart and conforms with the fashions of the season, but one also that is becoming and improves her looks. And since you buy a hat to give you most pleasure and satisfaction in wearing why not choose one that will make your friends ask you where you got it and say, "My, what a pretty hat you have on!"

A becoming, pretty hat brings more pleasure in wearing than the question of service, for when you get a hat that you like, you take more care of it and wear it longer hereby increasing its service to you.
