

Here's one granddaughter who takes advice from elders

Schoolgirl learns simple health measure

WITH all the talk there is nowadays about the independence of the sub-deb generation, your reporter got a great kick out of hearing a grandmother describe how her granddaughter was following a good old tried and true method of improving her general health.

"My granddaughter, Margaret," says Mrs. Zell of 6231 Catherine Street, Philadelphia, "read about Nujol, was interested in it, so sent for a sample." It seems she has been taking a tablespoon of Nujol once a day since and expects to continue this treatment. Already she has found an improvement in her general health, her system functioning normally where other remedies had failed.

That's one of the best things about Nujol. It is just as harmless for young girls, or babies even, as it is for adults. For Nujol contains no medicines or drugs. It can't upset

you because it works so easily and regularly, in a normal fashion. Nujol was perfected by the Nujol Laboratories, 2 Park Avenue, New York City. It can be bought anywhere for about the price of a ticket to a good movie. Get a bottle of Nujol today and try it, won't you? In sealed packages.

Tignish School Fair

The Tignish School Fair was held in the Parish Hall, on Sept. 10th. Despite unfavorable weather there was a large attendance. The exhibits compared favorably in quantity with those of previous years but were superior in quality. The judging was done by Inspector M. Gallant, Mr. Reid, of the Department of Agriculture and Miss M. Saunders, of Summerside. Rev. G. J. McLellan ably presided. Pleading speeches were delivered by the judges and the following: Sir Charles Dalton, Mr. J. A. Bernard, C. F. Morrissey and Mr. Elmer Pineau, all of whom commented favorably on the general excellence of the fair. Before closing Rev. Dr. McLellan made a strong appeal to continue making the school fair a bigger success each year. He exhorted the pupils to get better acquainted with the natural resources of our country and the possibilities it offers.

Owing to the weather conditions the usual sports could not be held. The following is the prize list:

The daily task of tasting

YOU drink tea every day in the year. So we pass judgment on tea, and buy it or refuse to buy it almost every day you drink it. The process of expert tasting goes on day after day to secure for you the necessary elements of strength, fullness, and flavor that make King Cole so universally preferred.

It would simplify things amazingly if we could buy one crop from one garden, label it King Cole, and get away with it. But King Cole's popularity could never be achieved thus easily.

Needless Pain!

The man who wouldn't drive his motorcar half a mile when it's out of order, will often drive his brain all day with a head that's throbbing.

Such punishment isn't very good for one's nerves! It's unwise, and it's unnecessary. For a tablet or two of Aspirin will relieve a headache every time. So, remember this accepted antidote for pain, and spare yourself a lot of needless suffering. Read the proven directions and you'll discover many valuable uses for these tablets. For headaches; to check colds. To ease a sore throat and reduce the infection. For relieving neuralgia, neuritic, rheumatic pain.

People used to wonder if Aspirin might be harmful. The doctors answered that question years ago.

It is not. Some folks still wonder if it really does relieve pain. That's settled! For millions of men and women have found it does. To cure the cause of any pain you must consult your doctor; but you may always turn to Aspirin for immediate relief.
