CENTRAL GUARDIAN

S. S. HOCHLAGA—A change in the schedule of the Hochlaga may be necessary unless suitable train connections can be made for her arrival at Pictou. At present a ferry meets the Hochlaga and carries passengers to New Glasgow. If a change becomes necessary it would mean that the schedule would be reversed; the boat would stay here overnight and leave for Pictou in the morning. However, it is expected arrangements can be made by holding the train an hour at Pictou and having the boat leave Charlottetown at 3 o'clock.

**United Church
Presbytery Meets**

Election of officers and discussion of church work took place at a meeting of the Presbytery of the United Church held Monday and Tuesday.

On Monday three interesting papers dealing with the spiritual work of the church were read by Rev. J. W. Nicholson, Rev. G. A. Christie and Rev. F. E. Boothroyd. Considerable discussion took place and resolutions were passed.

At yesterday's meeting the business part of the work was taken up. Allocations for the missionary and maintenance fund for the coming year were set.

Increases in church membership were noted in a report read by Mr. W. G. Aitken.

Congregations are looking forward to a good year despite depression.

New officers were elected as follows: President, Rev. D. K. Ross; Secretary, Rev. W. G. Aitken; Treasurer, Rev. J. M. McLeod. Committee: Rev. L. P. Archibald and Rev. F. E. Boothroyd.

expressed her thanks very graciously for the best wishes and tangible expressions of goodwill presented to her and hoped that she would retain their friendship all her life. A pleasant social time was spent and at the close of the evening a dainty lunch was served by the hostess.

THE FEDERAL PARLIAMENT

OTTAWA, May 10—(By The Canadian Press)—Robert Gardiner, farm bloc leader, upset parliamentary plans today. It was agreed the afternoon would be devoted to discussing Imperial economic problems but Mr. Gardiner took the floor to review agricultural conditions in the West.

ANEMIA

means lack in quantity or quality of the fluid or corpuscles of the blood. Its symptoms are pallor, lassitude, and weakness.

Unchecked, it results in general debility and invites serious diseases.

Fellows' Syrup promptly checks Anemia because it contains ingredients which enable the body to utilize food to greater advantage, so that more blood is formed. Other constituents of Fellows' Syrup purify and enrich the blood, tending to correct any deficiency in quantity or quality of the red corpuscles.

This well-known, trusted preparation is made in Canada and sold at all drug stores.

**Three Stations
Are Suggested
For Maritimes**

OTTAWA, May 10.—Proposed to establish a nationally owned system of broadcasting for Canada are expected to occupy Parliament at the present session, following the report of a special committee tabled in the House of Commons yesterday, concurrence of which will be moved on Wednesday.

After a long series of public and private sessions and the hearing of numerous witnesses, the committee, under the chairmanship of Hon. Raymond Morand, (Cons.-Essex East), recommended a system of Government-owned broadcasting, controlled by a paid federal commission of three, and modelled to a considerable extent, on the lines laid down in the recommendations of the Aird Commission in 1929.

The existence of small, low-powered stations, serving a more or less community interest or extending university courses by radio, would not be disturbed by the recommendations of the committee, although general regulations laid down by the commission. Stations up to 100 watts under private ownership, and by sharing wave lengths more than one hundred of such stations might operate in Canada, if properly distributed, without conflicting with the chain of high powered stations proposed.

Location of the high power stations would be determined by a careful technical survey. British Columbia, Manitoba, Ontario and Quebec would each secure a 50,000 watt station to form part of the high powered chain. For the three Maritime Provinces two alternatives were proposed, one giving each province a 500 watt station and the other to place one 50,000 watt station located at a point that would enable its programs to reach all parts of the province.

EXPENSE ACCOUNT

(Continued from Page 1)

from the committee. Pursuant to their enquiries, Dr. McGibbon returned with considerable information which had been embodied in a memorandum presented to the committee. He had also demanded the committee's approval of a motion authorizing him to secure further data.

Protesting that such procedure was contrary to public interest and that much of what the committee had done was tending to destroy confidence in the officials of the railways, Mr. Euler moved in amendment that the information secured by Dr. McGibbon be referred to the C. N. R. directors for necessary action. This amendment was defeated on a vote of 8-9, and Dr. McGibbon's motion was carried by the same vote. Widening the scope of the investigation, the committee called for the expense accounts of the C. N. R. directors for 1930.

In seconding the amendment William Duff (Liberal, Antigonish-Guysboro) declared that it was not fair to bring such a matter up unless it was to be given adequate consideration. "I said at the start," he went on, "that it would take six months to get a true picture of the expense accounts aspect of this problem."

Hon. J. D. Chaplin, (Cons. Lincoln)—"More than that."

"Then it hardly seems fair that we try to get at the true facts in the short time we have at our disposal." Mr. Duff was also of the opinion that the committee should concern itself only with the expenditures made during the period covered by the annual report. They should not go back farther than 1931.

"Dr. McGibbon says he has the information," Mr. Duff continued, "then all that is necessary for him is to make a report, if he wants this information to go before the committee. But it is hard to understand how he could have secured a comprehensive report in the short time he had to study the documents." He would urge that all information relating to the expense accounts be given to the Board of Directors, and he would suggest that the Board sit every day if necessary until they have dealt with the accounts.

The motion was carried by the same division.

Mr. Chaplin moved that the committee be furnished with a statement covering the expenses of each of the Canadian National directors for the year 1931.

The motion carried.

Further Assistance to Coal Industry

OTTAWA, May 10.—The Dominion Government has authorized further assistance to the Canadian coal industry. Provisions of an Order-in-Council made public by Hon. W. A. Gordon, Minister of Mines, today will permit of coal mined in the Maritime Provinces entering the market as far west as Toronto. The action taken would widen considerably the existing markets for Eastern Canadian coal, the Minister stated in an interview.

Coal shipped from Nova Scotia will now be assisted at the rate of \$1.00 per ton when moved by water transportation to points west of Montreal including Lake Ontario points. Additional aid at the rate of one third of one cent per ton per mile will be granted on this water-borne coal when transported inland from discharging ports on Lake Ontario of Canadian coal used by the railways over and above their consumption for 1931. It is proposed to pay to coal operators or coal distributors the difference up to \$2.00 per net ton between the laid down cost at the same points of imported coal that would otherwise be used.

The Dominion fuel board is charged with the administration of this Order-in-Council which becomes effective immediately.

Motion Defeated

OTTAWA, May 10.—Without a recorded vote, the House of Commons defeated today a motion to continue the five-cent bonus on export wheat. It also turned down a suggestion that a bonus be based on seeded acreage.

Cost of Broadcasting

OTTAWA, May 10.—Radio broadcasting cost the Canadian National Railways \$441,082, in 1929, the House committee on railways and shipping was advised today, but only \$114,000 is to be spent in 1932. The gross figures for 1930 were \$3,420,608, and for 1931, \$326,248.

There was a certain amount of revenue from rental of facilities and tolls to the Canadian National Telegraph, in addition to the advertising benefits which could not be reckoned in dollars and cents.

OTTAWA, May 10.—(By The Canadian Press)—A renewal of the five-cent bushel bonus for export wheat for the crop year 1932-33 was urged in the House of Commons today by Robert Gardiner, leader of the United Farmers in an amendment to the Government's motion to go into supply.

He appreciated, said Mr. Gardiner, that the time had come when the business of the session should be expedited; but felt that conditions in Western Canada were of such a nature as to warrant his action in drawing attention to them. Agriculture was the most important of the primary industries, and the most important branch of agriculture was wheat-growing.

OTTAWA, May 10.—(By The Canadian Press)—The Imperial Economic Conference opening in Ottawa on July 21, came under discussion in the House of Commons this afternoon. The subject was brought up on a vote of \$250,000 to provide for necessary expenses in connection with the conference.

Prime Minister R. B. Bennett explained to the House that it had been the custom of the British Government to defray the expenses of all delegates to previous conferences in London. The opposition leader (Mr. King) and himself had held the view at the time of the last Imperial Conference that each country should pay its own expenses.

Last night the visiting delegates entertained the Bermudians at dinner, and 100 guests were sent tonight at the final social event, the speaker's dinner.

Relief from Asthma. Who can describe the complete relief from suffering which follows the use of Dr. J. D. Kellogg's Asthma Remedy? Who can express the feeling of joy that comes when its soft and gentle influence relieves the tightened, choking air tubes? It has made asthmatic affliction a thing of the past for thousands. It never fails. Good druggists everywhere have sold it for years.

LOOKING 'EM OVER

BY "TEC"
SOUNDS GOOD

A Moncton exchange says: Optimistic reports, optimistic for the Abbies but especially dark for the Maritime hockey teams, come from Charlottetown these days. Visitors from the Capital city of the Garden of the Gulf say that Abbies supporters are by no means backward in predicting that their team next winter will lead all the rest. The new lineup is about complete and nobody can deny it is a formidable one.

"WELL, IT'S HIS HEADACHE"

Mr. Jimmy Johnston has fixed the prices for the Sharkey-Schmeling fight next month in New York, and if that is all that will be fixed about this brawl? It will be different in one respect at least from the Fields-Brouillard run around. Prices range from \$3.45 low to tops of \$25 and, to a man this far away, the \$3.45 looks reasonable enough. Almost any kind of a heavyweight fight—unless Phil Scott and Joe Beckett are involved—should be worth that much.

Back in 1926, when depression was just a word lying idle in the dictionaries, tops for the McLarnin-Mandell fight was \$1650. That wasn't a particularly inspiring battle from our ringside pew, but if it doesn't rate higher than the Got and the Teuton you may start suit immediately.

Mr. Johnston has 66,000 seats to be filled. If he can get that he is greater than Houdini as a magician. Last time Sharkey and Schmeling met the customer's bid \$749,994 in return for twenty-nine cents' worth of fighting.

They may do it all over again in June. It seems the fight customer tops all sucker lists.

Jury Recommends Full Investigation

"We the jury empanelled to enquire into the cause of death of an unidentified female child apparently full term found on May 7 last buried in the rear of a residence number 39 Park Street, are of the belief in accordance with the autopsy performed by Drs. Seaman and Smith that the child was stillborn. Such still birth might be due to neglect during the delivery of the child."

"The jury recommends that this case be investigated by the proper authorities."

(Signed): J. D. McCloskey, James A. Brady, Roy Cudmore, John B. Murley, George McQuaid, Arthur Henry and James Power.

Such was the verdict brought in at the adjourned inquest held yesterday afternoon to enquire into the death of the infant discovered by officers of the R. C. M. P. on Saturday afternoon.

The first witness heard was Dr. es; but the British Government was of the opinion that delegates from the different countries should accept their hospitality. Delegates to the coming conference would be the guests of the Canadian Government, Mr. Bennett proceeded.

Mr. King agreed that it was only correct that the Dominion Government should defray the expenses of the delegates. At the time of the last Imperial Conference in London, this country had suggested paying the expenses of its own delegates, the Liberal leader said, but the Government of Great Britain had asked that the Canadian delegates accept its hospitality. Perhaps the course of each country paying the expenses of its own delegates might be adopted in the future.

Replying to a request of the Opposition leader if he had any statement to make, Premier Bennett said the coming meeting would be the first Imperial Economic Conference to be held in Canada. In 1894, there had been a Colonial Imperial Conference here in connection with the Pacific cable question; and while trade matters were to be discussed then no development had taken place in the matter.

ROUTING OCEAN FREIGHT

OTTAWA, May 10.—(By The Canadian Press)—The arrangement entered into last year whereby the Canadian National Railways combined with the Canadian Pacific Steamships in the matter of routing ocean freight has worked satisfactorily, Sir Henry Thornton, President of the C. N. R., told the House of Commons committee on the matter rose when the committee was discussing the elimination of competition between the railways generally.

NEW PRESIDENT

(Continued from Page 1)

hastened to Elysee Palace in Paris where he bowed before the bier of Paul Doumer, his assassinated predecessor.

After expressing condolences to Mme. Doumer, the new President went to the tomb of the Unknown Soldier at the Arc de Triomphe where he placed a wreath. His route was lined with cheering crowds.

Then he went to his Luxembourg Palace where he was inducted as Grand Master of the Legion of Honor.

There was virtually no opposition in the joint Senate and Chamber session to the brief little man whose name as President of the Senate had put him in line for the French people. He received 633 out of 787 votes cast. Paul Faure, prominent Socialist, won 114 votes; 12 ballots were cast for former Premier Paul Painleve, eight went to Marcel Cachin, Communist, and 59 were blank. The blank ballots were not counted and were not included in the total.

M. Tardieu will carry on as Premier just as he would if there had been a Cabinet overthrow in Parliament. Pending the selection of a new Government, he will take no initiative in important matters of State.

DEATHS

GIDDINGS—In this city, May 10, 1932, Myrtle Giddings, age 26. Funeral from Wallace Hotel Thursday at 8.45 to St. Dunstan's Basilica thence to R. C. Cemetery.

HAWKINS—At the P. E. I. Hospital Tuesday, May 10th. Mrs. John Hawkins in her 68th year. Funeral from the MacLean Funeral Home, Thursday, May 12th. Service starting at 2 o'clock. Funeral leaving at 2.30. Interment People's Cemetery. (Boston papers please copy).

WESTERN GUARDIAN

SUCCESSFULLY PASSED EXAMINATIONS—Friends of Mr. Rendle E. Bowness, son of Mr. and Mrs. Geo. A. Bowness, Summerside, will be interested to learn that he has successfully completed his examinations at the Ontario Veterinary College, Guelph, and received his degrees as Veterinary Surgeon and Bachelor of Veterinary Science at the graduation exercises of the University of Toronto last Wednesday, 5.

MISCELLANEOUS SHOWER—The girl friends of Miss Ruby Lord tendered her a miscellaneous shower at the home of Mrs. Les Mousse on Granville Street, Summerside, in honour of her approaching marriage. The presents were concealed in a daintily trimmed baby carriage, which was brought in to the room where the guests were assembled by Miss Ruth Rogers and Master Elsworth White as bride and groom. Miss Lillian Staver and Miss Lillian Hogg opened the presents and Miss Florence Harris read the accompanying verses. The bride-to-be

DELEGATES

the trade possible within the Empire, plus other profitable arrangements with foreign countries.

Lord Askwith, for the British group, complimented previous speakers and noted that the Canadians had referred to the thoughtfulness, kindness and courtesy of the Bermudians. These were qualities which were a natural outcome of a gentle climate and complimentary and enterprising.

Trior to Mr. Spurling's resolution Western Canada, M. P. spoke for Western Canada, M. P. spoke for Quebec, and J. H. Harris, M. P., for Ontario. Mr. McIntosh pictured the evolution of the Empire materially, and told of the colonizing genius and convictions contributing to greatness, institutionally and ideally. He touched upon the securing of responsible government by French Canadians and other nationalities in making the Dominion. He closed with a tribute to Bermudians.

Adjoining natives of the island to "carry on" Mr. Harris spoke of Bermuda's loyalty through the last three centuries. Canada was ready to extend help in any possible manner.

For the first time in the history of the Bermudian assembly an address in French was delivered within its walls, by Mr. Barrette. He outlined the part played by Quebec in the history of the Dominion. Natives of Quebec were loyal to the Empire, and would play a still greater part.

IN MEMORIAM

In loving memory of **Montague L. Hennessy** who died May 11th, 1931.

A happy home we once enjoyed
How sweet the memory still
But death has left a vacant place,
This world can never fill.

His cheerful ways and smiling face
Will never be forgotten by
And all who loved him well.
Inserted by Wife and Family.

IN MEMORIAM

In memory of our dear brother **Montague L. Hennessy**, who died May 11th, 1931.

His many kind ways and pleasant smiles
Will never be forgotten by his
Sister and brother who could
not be at his dying bedside.
