INTOLERANCE A HIDDEN REEF IN OUR NATIONAL LIFE SAYS REV. NEIL HERMAN

Let Canada Build Upon the Rock and Canada Will Shine as the Stars for Ever and Ever.

Taking as his subject, Our Country and Our Dangers, Rev. Mr. Herman preached from the text:—Luke 9:45.

"Lord will thou that we command fire to come down from heaven and consume them, even as Elijah did?"

There is an intolerance which is right and just. There is an intolerance, without which, there would be neither religion or morality or anything else that makes up the fine and durable timber of human character.

Jesus had that brand of intolerance. The apostles had it. The martyrs had it. The saints, in all the ages, had it. The men of today, who are blazing trails, scaling mountains, defying work-out, shifting, entering and subduing new worlds, in thought and science, preaching and living the Gospel of the dynamic life of Jesus—these men have an intolerance, that lays the foundation, upon which the generations of the now, and the generations to come may find for time and eternity.

But there is an intolerance that cannot stand the touchstone of Jesus; cannot stand the keen knife of science; cannot stand the rapier of common sense or experience; cannot stand the challenge of true and undefiled religion.

It is the intolerance of James and John, who would command fire from heaven to burn up, root and branch, the village of the Sanitanians, and all who dwell therein. It is the intolerance of the bigots, in every age, and in every land. The intolerance of thumbscrew, the gibbet, the stake and the gallows, for all who will not worship the manufactured gods of the fanatic and modern idolater.

This intolerance is the hidden reef upon which our beloved nation can go down in the wreck of the ages, and in the storms which have engulfed kingdoms and empires.

Racial Intolerance

We have, living in this immense Canada of ours, two great races—the French and English races.

Class Intolerance

We have, in our land, two great classes—the working class and the capitalist. We hate the distinctions drawn between Labor and Capital, because such distinctions are false to everything in reason, to everything in Christianity, and to everything that tends towards progress along any line you have a mind to mention.

At Rotary

At the monthly meeting of the Hon. Dr. MacMillan was the Rotary Club yesterday, the President, while the business was being transacted, and Rotarian J. J. Hornby during the remainder of the meeting.

Dr. Hamilton's Pills
 Remove Constipation
 Overcome Biliousness

THEY DO NOT GRIPE!

These Mild Vegetable Pills Are Easy to Take, and Do Not Sticken

Instead of irritating and weakening, as many harsh pills do, Dr. Hamilton's Pills prove a mild, yet certain corrective to an overburdened system.

Taken at night, they work while you sleep, and you feel fine next morning. Headache is gone, system is cleansed and toned, you feel like a new person.

After cleansing and regulating your system with Dr. Hamilton's Pills, you'll feel like new all over.

Get them to-day, 25c at all dealers.

TOLERANCE!

Class intolerance can dig the grave of Canadian achievement, and bury the last fond hope of Britain's greatest overseas dominion.

Political Intolerance

We have, in this Dominion, several political parties. They are great parties, but only great as they are tolerant.

ISLANDER LEADS CAMPAIGN.

The Y. M. C. A. of Sydney has just completed a very successful financial campaign when the amount of over \$8,500.00 was raised in three days. Nearly seventy prominent Sydney business men participated. These were presided over by Dr. D. A. McLeod, campaign chairman. The canvassers were divided into two divisions—one of which was led by Mr. D. J. Bonnell, formerly of Charlottetown, as divisional commander, the other by Mr. Theo. Sadler in the same capacity. Each division played a very pretty game of bridge on the morning of June 29th, when Miss Addie Cecelia MacInnis became the bride of Mr. Edwin A. Duffy of Village Green, the nuptial mass being performed by Rev. J. A. MacDonald, P. E. The bride looked charming in a gown of white crepe satin with trimmings of rhinestones, she wore the conventional veil with wreath of orange blossoms and carried a bouquet of pink and white carnations and maiden hair fern, also a mother of pearl rosary. She was given in marriage by her uncle, Leo P. Fraught. The bride was attended by Miss Mary Duffy, sister of the groom, who was attired in Lemon Georgette with silver trimming, and wore a large picture hat to match and carried a bouquet similar to the bride's. The groom was attended by Mr. Emmet Fraught, cousin of the bride. After the marriage ceremony the bridal party motored to the home of Mrs. Priscilla MacDonald, mother of the bride, where a sumptuous wedding breakfast was served to over fifty guests relatives and friends of the contracting parties, after a few hours pleasantly spent with music and dancing, the bridal party accompanied by friends motored to their future home in Village Green, where over two hundred invited guests awaited them, after being showered with confetti and rice. They were ushered to the dining room, which was tastefully decorated, the color scheme being pink and white, the table was heavily laden and was presided over by Rev. P. D. McGuigan who spoke very highly of the groom and on behalf of all present welcomed the bride to her new home.

Religious Intolerance

Two great religions live side by side in this land of the Maple. For over a hundred years, these religions have lived, without rupture, without rancor, and without the battles that have been waged in other parts of this continent and the world.

The Only Remedy For Intolerance

There is only one remedy for intolerance—intolerance of any kind. That remedy is in the spirit and power of the religion of Jesus Christ.

At Rotary

At the monthly meeting of the Hon. Dr. MacMillan was the Rotary Club yesterday, the President, while the business was being transacted, and Rotarian J. J. Hornby during the remainder of the meeting.

INSIDIOUS EYE STRAIN

We use this adjective advisedly.

Sufferers from eye strain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when eye strain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body and produce ill health.

HORSE RACES on St. Peters race track Wednesday, July 20th. 75533 75 31

FUNERAL NOTICE.—The funeral of the late Mrs. Eugene McEachern will take place this morning from her late residence 248 Grafton Street, service starting at 11 a. m. leaving at 11.30 by auto for Church of Scotland, Cape Traverse. There service will be held at 2.30 p. m. Interment Cape Traverse Cemetery.

POLICE COURT.—At the police court yesterday two cases against householders charged with having unsanitary yards were dismissed as the premises had in the meantime been cleaned up. One drunk who was arrested while driving a team, ill-using the horse was fined \$20.00 or thirty days. An autoist charged with driving a car while intoxicated was fined \$30.00 and seven days in jail and in default of the fine thirty days additional. The fine against an autoist for operating a car without a license was dismissed as was a case of corner loafing.

Popular Pastor Given Presentation

While the Congregation of Murray Harbour United Church were enjoying a well prepared program by the Women's Missionary Society of the Congregation in the Church, and the same was filled to its capacity, a few evenings ago, and their beloved Pastor, Rev. Christopher Graham, acting as Chairman, an unexpected and unannounced incident occurred that added much to the occasion. Mr. A. S. Prowse, Secretary of the Official Board, came forward to the platform and read the following address:

"Rev. Christopher and Mrs. Graham.

Dear Friends:—As, in a very short time, you will be leaving us for your new field of labor in the Master's Kingdom, we take this opportunity of expressing to you our farewell wishes.

We want you, Mr. Graham, to know that we appreciate your ceaseless and untiring efforts for the welfare of this Church and its people. Truly the highest life is one of service—the giving of time and self for others—and that is the life which we have seen you live among us. Through your efforts and those of others whom you brought to us, you have added many to the membership of our different churches and to the list of those who are working for the advancement of God's Kingdom. This work alone would have made your stay among us well worth while.

You and Mrs. Graham have, however, ministered to the bodily as well as the spiritual needs of our community. We remember how many of the poor in these districts have been helped through your efforts and the giving of your own goods. Since you came among us, your home has ever been hospitably open to all, who wished to enter. The sick also have received very much of Mrs. Graham's time and strength, often when she was not really able to help others.

Your interest in our young people and all their activities will not soon be forgotten. You have set them an example of a ready worker and one who has always a smile, even in the face of difficulty, which they would do well to emulate.

All can testify to the earnestness, the enthusiasm and the self-forgetfulness with which Mrs. Graham has carried out, often under the most trying circumstances, the many social and religious duties which naturally devolve upon the mistress of a parsonage. We wish to express our deepest sympathy with her in her illness. We would remind her that:

"God hath not promised
 Skies always blue,
 Flower-strewn pathways
 All our lives through;
 God hath promised
 Joy without sorrow,
 Peace without pain.

But God hath promised

SAVE THE POTATO CROP BY USING OUR SPRAMOTORS, HORSE POWER AND MAN POWER MACHINES

SAMUEL KENNEDY

7453-6-30-ft-31.

Strength for the day, Rest for the labor. Light for the way; Grace for the trials; Help from above, Unfailing sympathy, Undying love."

"He who can, does; He who cannot, teaches."

So, thro' your willing, patient love and good wishes of the spirit, many lessons have come to congregation.

with the work for the welfare of the community, and altho' illness has kept you from being fully active in all, yet we know your heart was in the work.

Lovingly, we offer this little gift. Our good wishes and our prayers go with you to your new field. Signed on behalf of E. M. C. LEXIE PENNY.

Rev. and Mrs. Graham responded in a fitting manner, although deeply touched by the evidence of spirit, many lessons have come to congregation.

 PAOL'S WHARVES

Following this surprise came another day or two later as Miss Lexie Penny, in behalf of the Excelsior Mission Band delivered the following address, and presented Mrs. Graham with another token of their esteem.

Murray Harbor, P. E. I. June 26th, 1927.

Dear Mrs. Graham:— As members of Excelsior Mission Circle, we endeavour to express our appreciation of what you have done among us and what you have been to us. You have been ever ready to help
