PAINS IN THE STOMACH.

After working all day, sewing, scrubbing, sweeping, washing, writing, operating a typewriter, or behind the counter, a woman is sure to get tired. It's too bad a woman has to work, still that's the way the world goes, but it's a consolation to know that the pains that come through hard work and weary such an headache, indigestion and dyspepsia can be cured by Hutoh tablets. They are put up expensively so any one can buy them

The Charlottetown Business College goes straight to the mark and teaches young men and women just what will be required of them in commercial life whether as Accountants, Bookkeepers Office assistants, Sales men or women Stenographers, Reporters or expert at accurate operators on the Typewriter In the Typewriting department a large number of machines from EIGHT manufacturers are in use. The latest and best made. Right and touch methods are taught. No better equipped college in Canada 1-7 drtf

THE KING'S COUNTY GUARDIAN

Angus William Docherty, Pinette, visited his sister Mrs. Alfred J Simons, West Cable Head, last week.

Capt and Mrs. P. A. MacKenzie, Pictou Landing, are visiting Mrs McKenzie's brother Alexander McSwain, Forest Hill.

Mrs. Elmer McEwen, Rollo Bay, who has undergone an operation in the P. E. Island Hospital, Charlottetown, is reported doing nicely. Her many friends wish her speedy recovery.

J. P. Crockett & Co., Montague are holding their first white wear sale. They received a large lot of these goods on Friday and for value we have never seen quite so good for the price. There is also a set of manufacturer's samples slightly soiled in a few places only, at the whole sale prices. If you canno come to see them write us. We can send you a cut of all lives with description and price. Will you not help us to make this our first sale a success? 2-25drll.

MISERABLE FATE OF A GENERAL

St. Petersburg, Feb. 22 — Quite recently a report was circulated in St. Petersburg that General Stoessel, who achieved world-wide fame by his defence of Port Arthur against the Japanese, had been obliged by necessity to seek financial aid from a well known benevolent organization which is indirectly connected with the Russia army. Confirmation or denial of this report was refused at the office of the institution in question. Its truth is considered highly probable, however by those who know into what desperate straits Stoessel has fallen of late, and how pathetic a figure generally is this man whose deeds once seemed likely to be remembered with gratitude by his countrymen as long as the record of them survived.

OPPOSITION TO MODERN WEAPON

New York, Feb. 22— The pin is slowly becoming one of the chief implement of civilization. A versatile person has been known to assert that with pins and stamp edging he could make a suit of clothes or build a house. Certain it is that feminine costume is becoming less composed of fabrics and more of pins every year. The young lady of the present day pins her hat, her blouse, her chiffon tie her lace collarette, her waist belt, her skirt, and her gloves. Unless fashion takes a turn next year she will attempt to pin her shoes her waterproof, her purse and her umbrella. Already, however, a strong opposition to the great pin movement is growing, and numbers of newly betrothed young men whose right arms have been seriously lacerated, are entering strong protests. They fear that blood poisoning may set in and gloomily hint that they prefer to die for their fiancees under more heroic conditions.

LONG TIME IN OUTER WORLD

Victoria, B. C., February 22.—After three years spent at Fort St. James, without a trip to the outer world and civilization, Alexander C. Murray, chief factor of the Hudson's Bay Company for the Caledonia district has arrived in the city. He brings his accounts for the local offices, and will lay in fresh supplies for the posts under his control.

Badly frost-bitten during the 325 miles by dog train to Quesnel, Mr. Murray states that he is no exception to the rule. Nearly everyone in the north has suffered in the same way this year.

"It is the severest winter that I have experienced during the thirty years during which I have been in the north country," he said. "It is not an off-hand estimate, either, for we keep the meteorological reports for the government, and they confirm this. The G. T. P. survey parties on the Fraser are tied up on account of frost-bitten feet, etc., and their work has been delayed. The other parties have been making good progress.

TERRIFIC GALES CAUSE DAMAGE

London, Feb. 21.—Tremendous gales, accompanied by snow, hail and thunderstorms, swept over the whole of Northern Europe yesterday, and were especially severe in the British Isles. There has been widespread damage to property in all directions, numerous fatalities, and many shipping casualties. Among the vessels still detained at Liverpool are the liners Teutonic and Havreford.

Poor Show for The Dyspeptic

Poisoned Stomach, Clogged Brain, Wavering Ambition, Failure—Unless He Seizes His Opportunity.

There's no good reason for any man's remaining a dyspeptic—a burden to himself and family, when he should be a producer.

There's only one reason why he has been a dyspeptic and that is because he has overworked his stomach so that it cannot secrete the juices and work the muscles necessary to digest the food.

FAILURE STARING HIM IN THE FACE.

What the dyspeptic must do is to help the stomach out. It is full of a poisonous pile of fermenting, nauseating food. Instead of being assimilated and carried by the blood to make nerve and muscle and rebuild the waste tissues, it lies there inactive.

First, take an unirritating cathartic and get rid of this food.

Second, get a 50-cent package of Stuart's Dyspepsia Tablets from any druggist and take one at each meal and at bed time. The tablet will do the digesting while the stomach is regaining its forces. Before the box is gone, your stomach will be vastly relieved if not cured. Why? Because Stuart's Dyspepsia Tablets contain the very elements which your stomach possessed when it was healthy—pepsin, diastase, golden seal and others. It was because your stomach kept losing its supply of these digestive ferments that you became dyspeptic.

Stuart's Dyspepsia Tablets do the work simply, surely, and without injury. They are not a medicine, but the working out of a scientific principle upon the food you eat.

Hundreds of sufferers in far worse condition than you have been positively cured of dyspepsia by these wonderful little tablets. Forty thousand physicians in the United States and Canada recommend them.

If you are uncertain and wish further proof, send us your name and address today for a free trial package, which we will gladly mail you at once. F. A. Stuart Co., 74 Stuart Bldg., Marshall, Mich.
