# The Silver Fox Ranching Co.

Statement of Actual Results from the Breeding of Two Pairs of Pedigreed P. E. Island Silver Foxes

We give below an example of ACTUAL RESULTS obtained in our ranch at Alberton, P. E. Island from the breeding of two pairs of pedigreed Silver Foxes. One pair was acquired in 1911 and placed for the season of 1912 in a neighboring ranch, our own equipment being then in course of construction. The ranchers charge was adjusted by his taking one of the young animals and paying the fraction due us in cash. Since then all our foxes have been in our own care.

Pair in pen No. 10:	Cash Rec'd	Foxes Kept
Season 1912, raised three,	\$1,150	2
Rancher kept one and paid us		
Season 1913, raised six,	22,400	2
Sold four for.....		
Season 1914, raised three,	12,750	1
Sold two for.....		
Pair in pen No. 1:		
Season 1913, raised five,	21,000	1
Sold four for.....		
Season 1914, raised five,	17,000	2
Sold three for.....	\$74,300	8

Observe that from the production of pair No. 10 for three seasons, and pair No. 1 for two seasons, we have actually sold young foxes to the value of \$74,300, and added eight foxes to our own breeding herd, and still have the original two pairs with their present litters. No mention has been made of the proceeds from the litters of the eight young foxes. That will be another wonderful story later on.

These sales were made to ranches in the Maritime Provinces owned by Canadian and American investors, and can be verified at our office.

We invite inquiry from interested parties, and will supply to new ranches and old, the very highest quality of Standard Bred P. E. Island Silver Foxes to be had. This is a most opportune time to buy. We shall be glad to give the benefit of our experience, if desired.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
