

Delicate Children

The children cannot possibly have good health unless the bowels are in proper condition. A sluggish liver gives a coated tongue, bad breath, constipated bowels. Correct all these by giving small doses of Ayer's Pills. Genuine liver pills, gently laxative, all vegetable, sugar-coated. We have no secrets! We publish the formulae of all our medicines.

It was Robert Bowden who with Jonathan Hopkinson was Tuesday courted for a week at the Police Court for stealing a horse, not Wm. McCabe as stated yesterday.

JOHN J. McDONALD, Montague, was in the city yesterday. He came in by the Murray Harbor Railway from Grand View and was accompanied by Mrs. McDonald to that place.

The King's birthday, Nov. 9, is to be honored by the usual salutes at military stations at noon of that day, but the official celebration of the event is postponed until Thursday, May 24, 1906.

Mrs. Thos. McARTHUR, Malden, Mass., and daughter of Edward Skerry, of this city, and Miss E. I. Beer leave today en route to Eastport, Maine, where they will spend a week with friends of the former, before returning to Mass.

THE following were among the schooners that loaded coal at Port Hastings this week: Rapture, Murray Harbor, P. E. I.; Florence M., St. Peter; Ripple, Montague, P. E. I.; H. W. Gardner and Charming Lass, Charlottetown, P. E. I.

STIPENDIARY McDONALD and B. C. Prowse a few days ago bagged what was probably the finest haul of snipe and woodcock brought to the city for a long time. The game was obtained at Mount Allison where they were shooting with Robert Jenkins.

THE schooner Minnie Mac arrived yesterday from P. E. Island with 3,300 bushels potatoes, 330 bushels turnips and 80 quintals hake. The schooner Ripley Roper arrived yesterday from New London, P. E. I., with 1,000 bushels potatoes, 1,500 bushels oats.—Haltax Chronicle.

A CORRESPONDENT with a keen sense of the humorous writes The Guardian as follows:—A great misfortune happened a young man Sunday night while visiting a neighboring settlement. He had his horse taken by two young ladies who put it into a neighbor's barn and cared for it, but neglected to inform the young man of their actions which caused him no little anxiety. A diligent search ensued before he found his noble stud only in time to reach home, sweet home, before Monday morning.

The first regular passenger and freight train on the Murray Harbor Railway came to the city yesterday. Three cars were completely filled with passengers. The train left again in the afternoon at 3.40 with four freight and baggage cars and four passenger cars all of which were filled. There was a large number of city people at the station to watch the train as it slowly crossed the bridge and disappeared in the distance on the other side. Among those present was Judge McDonald who saw with pleasure the consummation of a project to which he with his colleagues had devoted years of labor while in the political arena.

WHAT almost terminated in a fatal accident to a young lad happened at Murray River Tuesday as the train was approaching the station. Angus McLeod, Glen William, and his little son with a span of horses attached to a wagon arrived at Murray River a few minutes previous to the train and Mr. McLeod went into a store, leaving his little son on the wagon holding the reins. As the train was approaching the station the horses became unmanageable and started to run. The young lad jumped from the wagon just in time, and before the horses were captured the younger and more valuable of the two was killed.

Farmers and Horsemen—Clydesdale Collie Cures speedily relieves spasmodic, flatulent, kidney and gas colics, acute indigestion, grain founder and slippage of water. Try it for your horses when troubled with these diseases. It is a new preparation but its record is a good one.—50c per bottle.—A. W. Reddin, Phem B.

The Amelia was in port yesterday on her last trip of the season and sailed in the evening for the Magdalens.

The death took place yesterday after an illness of about two months of William McLeod, Port Vernon, at the age of 78 years. The deceased who was one of the most respected residents of the locality leaves to mourn besides a sorrowing widow three daughters Mrs. L. C. Hayden, Vernon River and Bertha and Katie at home and three sons, Angus and John in British Columbia and Daniel on the homestead. To them the sympathy of many friends will be extended.

THE Wotaskiwin, Assa. Post of recent date contains an extended notice of the death of the late councillor John West, nephew of Martin West, city. The Post in part says:—"To speak of the loss which Wotaskiwin has sustained in the death of Mr. West would be inadequate or more so on our part. A loyal friend, a sincere adviser, a business man of the first water, a citizen of citizens, a public man of most ardent sincerity and probity in all his public actions down to the smallest detail, an indulgent and beloved parent and above all a man of the highest integrity in every action of his public and private life, full of gentle ways, and tactful kindnesses, we can only regard the death of Mr. West as one of the greatest losses that our community has ever sustained. For ourselves with our intimate knowledge of the deceased's life and character we could fill whole columns with descriptions and instances of Mr. West's kindly life and character, but as mostly all of our readers know him equally well, it is also enough to report that our pioneer citizen and one of our dearest friends has passed away."

NOBODY IS EXEMPT. New Preparation Which Everyone Will Need Sooner or Later. Almost everybody's digestion is disordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which, in many cases, are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition, they need only a little help and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels and often do more harm than good. Purging is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help it needs. They stimulate the secretion and excretion of the digestive fluids and relieve the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When that is done you need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—give them needed help, and you will have no trouble. It's a common-sense medicine and a common-sense treatment, and it will cure every time. Not only cure the disease but cure the cause. Goes about it in a perfectly sensible and scientific way. We have testimonials enough to fill a book, but we don't publish many of them. However—Mrs E. M. Falth, of Byrd's Creek, Wis., says:—"I have taken all the Tablets I got of you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time."

H. E. Willard, Onslow, Ia., says:—"Mr. White, of Canton, was telling me of your Dyspepsia Tablets curing him of Dyspepsia, from which he suffered for eight years. As I am a sufferer myself I wish you to send me a package by return mail."

Phil. Brooks, Detroit, Mich., says:—"Your Dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia, but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

It will cost 50c to find out just how much Stuart's Dyspepsia Tablets will help you. Try them—that's the best way to decide.

EGERTON B. BALDERSTON, son of Hon. John Balderston, North Wiltshire, who was for two years a student in the Columbian College, New Westminster, B. C., is now a dental student at the Pennsylvania University, Phila., Pa. Upon his removal to this University, where he received a hearty greeting as a student from the west, a flattering recommendation was given him from the Principal of Columbian College. Students of all departments at the Pennsylvania University number over 300; the grounds, exclusive of streets, cover over 50 acres and the Dental Department is thought to be one of the best in America.

In the Colonial Herald of May 9th., 1840 is a requisition addressed to Edward Palmer and Francis Longworth, representatives in General Assembly for Charlottetown, asking for a general meeting to arrange for repairing the city pumps and to consider the purchase of another fire engine. The requisition was signed by the following, many of whose names are familiar to the older generation:—R. Hutchinson, Alfred Lepage, John O. Nantes, James Moore, Stephen Boyer, Charles Blatch, David Wilson, James H. Conroy, J. D. P. Coles, William C. Comp. John Macgill, C. Binn, jr., Richard Faight, James Purdie, Daniel Hodgson, George Beer, jr., J. B. Cooper, George Clarke, Donald Beaton, Henry Stamer, Wm. Cundall, John Sellar, Jas. D. Cautelo, C. C. Davison, Thos. Macgill, James Macdonnell, Samuel Nelson, Wellington Nelson, Peter McGowan, William H. Gardner.

HARDLY CREDIBLE.

"I suppose you keep good track of things, even if you do live out in the country?" he said to the farmer.

"Yes, purty good track."

"Then you have followed the giant strides made by the world of science during the last decade?"

"I guess I have," was the doubting reply.

"Well, you keep your eye on the flying machine. That will be the next thing to astonish the world. I predict, sir—"

"YES, PURTY GOOD TRACK."

predict that it won't be over ten years before we shall be flying from New York to Chicago just as safely as we now ride the same distance on these cars."

"Shoo!"

"You doubt it, do you?"

"Wall, I've been sparkin' the Widder Spooner for the last thirteen years and tryin' to get her to say yes, and as long as she won't do it it don't seem possible that the balance of this earth is goin' to stand on its head a twinkle its feet."

IF A DYSPEPTIC, USE HUTCH

"Not a foul smelling nasty tasting dose, but a palatable appetizing corrector of acidity, heart burn and water brash.
