Women Have

Kidney Disease

And Often Make the Mistake of Attributing the Resulting Backache to Other Causes.

Dr. Chase's Kidney-Liver Pills

Many women have kidney disease and do not know it. They confuse the symptoms of kidney disease with those of ailments of a feminine nature. We would warn you against this danger. As a few days' neglect of kidney disease may mean years of suffering.

Pain in the small of the back or weakness and lameness of the back are the most marked symptoms of kidney disease; others are loss of flesh, dry, harsh skin, deposits in the urine, swelling of the feet and legs, severe headaches, stiffness and soreness of the muscles, rheumatic pains, cold chills in the back and loins, scalding, painful urination, weariness and despondency.

There is, we believe, no preparation extant which affords such prompt relief for backache and the other distressing symptoms of kidney disease as Dr. Chase's Kidney-Liver Pills. That this preparation is a thorough cure is evidenced by the scores and hundreds of statements which are received at these offices from reputable people in all walks of life.

Mrs. J. Larter, 123 Cross street, Charlottetown, P. E. I., and whose husband is a contractor, states:—"I had suffered a great deal with pains in the small of my back, my digestion was bad and I was frequently troubled with spells of racking headache. I have been entirely cured of these distressing symptoms by the use of Dr. Chase's Kidney-Liver Pills, and find that my general health is greatly improved since I have been using this preparation."

"I can also testify to the merit of Dr. Chase's Syrup of Linseed and Turpentine, as I was cured of a severe attack of bronchitis by the use of this remedy."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box of his remedies.

The main points of a carriage can hardly be treated in an issue or two. Our idea is to impress upon you the necessity of examining several parts which go toward the "making" or "unmaking" of the work.

SPRINGS, for instance. Now, many builders to reduce the cost of "too many styles," get their end or side springs (as the case may be), all of one size, and style, not understanding the fact, that although the BODY may admit of us-

ing on many styles, the huggies may be used for very different purposes. Every carriage we build has a spring to suit its use. Our "guarantee" is in effect to protect you from the REALITY OF WORKMANSHIP AT ANY TIME.
