

### This is Real Value in a Steel Range

Dollar for dollar, from the standpoint of long service and genuine satisfaction in all-year results, you cannot do as well in any other range at the price as you can in buying a Kootenay—because it represents the best in achievement after sixty-three years study of household requirements. As a cooker and baker it is unequalled. It does more with less fuel. It is built from best material. It wears longest, and is reliable to the end. It has every improvement. It is made for the critical—for you. You will find your investment paying good interest in money saved on coal. Let your new range be a

### LAND HUNGER IN CITIES.

Increasing Desire to Get Out on the Farm and What Causes It.

The American people have always had land hunger. They have it yet, and the people of the cities have it in more acute form than ever before. Several things have conspired to develop the "back to the land" idea in our city population. The first is the increased cost of living in cities. The most economical and prudent man who works for wages in a great city today cannot save much money even if he is well paid. Thousands who make what would have been called high wages ten or twenty years ago have little more than enough to pay their current expenses. Other thousands are already existing without the possibility of becoming independent of the uncertainty of employment and the earnings of the collector's calls.

The panic of 1907, which took employment from many people without reducing their living expenses to any great extent, caused thousands to hink seriously of getting into some business in which "the bite to eat and the dud to wear" will not depend wholly on matters beyond their control, such as panics, rents and prices.

Another cause of the present land hunger in cities is the reading of articles and advertisements in the daily papers. Never before were afforded so many wonderful tales of success in farming—success achieved without experience and without capital, independence acquired in a short time, prosperity on a few acres following close after the lack of it in the city. Not all this literature is false, but much bears with it evidence of embellishment, and so tells of achievements that are clearly impossible. Of course the advertiser's calculations to interest the city man in land turn toward him to the right side of the picture. It is their purpose to interest him to the extent of selling land to him, and, whether such advertising appears in type or in the form of exhibits, it does not and cannot be expected to show him anything but the attractive side of life on the land.

It is a good thing for the public to become deeply interested in farming, to study it and learn more about it. Anything that makes men do this will at last result in a better understanding between the city and the country people of this great nation. But it is deplorable that in all this there must be so much misrepresentation, such inflated expectations and at last so many losses and disappointments, for many who attempt to gain independence without sufficient capital, without knowledge and without experience must be disappointed even if they do their level best. It would be so in any business.

True friends of city people will caution them against rashly investing all they have in something they know nothing about, will show them the necessity of study and counsel them against rash steps. The savings of many of these land hungry city people have come hard, and they should not be lured into investments that mean loss.

### OUR FIRST TOMATO.

Jailbird Brought Seed From Bermuda and Started Pennsylvania.

Now that so much controversy is under way concerning the wonder berry it is interesting to read the report accorded the first tomato grown in the United States, for both belong to the same family, solanaceae.

In reality the wonder berry is simply

a hybrid but edible nightshade. The crossing of two species gave a flavor superior to either of the parents, and when eaten raw the taste is much that of a tomato and fully as good. It is not at all bitter when ripe, yet in its greener stage it is not so bitter as a green tomato. The only way in which the two fruits cannot compare is in the matter of size.

The story is told that a good many years ago a man recently arrived from the Bermuda islands was committed to a Pennsylvania jail. He had with him a few seeds, which he planted in the jail yard, but before the plants came to maturity he was discharged. The plants bore strange fruit, which, as it ripened, changed from green to red and was greatly admired.

The matron of the jail, sure that it was poisonous, cautioned all the inmates against eating the fruit, but as she desired to save specimens of it she planted some of the seeds the following spring, and just as the fruit was well ripened the man from Bermuda revisited the jail and asked to see the plant. He called for pepper, salt and vinegar and to the astonishment and horror of the spectators ate the fruit with a relish. Having finished, he told them that this strange fruit was a tomato, or, translated into English, a love apple, and that it was wholesome and nutritious.

The seeds were therefore carefully preserved and distributed among friends and neighbors, who cultivated the plant as a curiosity, but it was years before prejudice gave way to appetite and this now most popular vegetable came into general use. Even now many people remember it as an ornamental rather than a useful plant. Probably more tomatoes are canned than any other fruit or vegetable, as they can be served in so many ways, eaten raw, with salt, pepper and vinegar or with a salad dressing, or plainly stewed in sauces, soups, preserves and pickles. The tomato is ever ready for an emergency, and the provident housekeeper is sure to have it in reserve. At first it was a small fruit somewhat bitter in flavor. Who knows but the wonder berry, now in a crude state, may be improved in both size and flavor and in far less time than the tomato? Give it a chance.

### SUFFERED THREE YEARS

Till Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes effected a complete cure. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble—it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

My patented pressure valve is giving perfect satisfaction to every user. It is easier installed gives better results and is more economical than any other system.

Read what Mr. Frowse says—  
Answering your inquiry regarding the performance of the Hot Water pressure system lately installed by you in the Arena Rink, may say that it is giving every satisfaction replacing five stoves, and as nearly as we can calculate using no more coal than was used by two of them, besides giving us very much less trouble and much less risk of firing the building. ### SMOKE and CHEW

## LABOR KING

Twist Tobacco

Manufactured by  
**ROCK CITY TOBACCO CO**  
QUEBEC.

We go to all parts of the world for the wonderful ingredients of Psychine (pronounced Si-keen). We combine these ingredients in the finest chemical laboratories in Canada, and so great is our 30-year-old faith in this preparation that we'll buy a 50-cent bottle of it from your druggist and give it to you to try.

For nearly the third of a century we have known what Psychine will do. We have known it to cure hundreds of thousands in that time, of some of the most desperate cases of disease known to medical science.

We have received thousands of unsolicited testimonials, which we will gladly let you look over should you desire.

Think of it, a third of a century's experience with one preparation, a third of a century's intimate knowledge of what extraordinary cures it has made—almost a lifetime!

Do you wonder then with that perfect knowledge of Psychine, that we are anxious to bring it to the notice of everyone in Canada suffering from disease?

Do you wonder that we want those to know who are using wrong methods of cure, who are not getting well, and who we know will be benefited by Psychine.

Do you wonder that we can buy hundreds of thousands of 50-cent bottles of Psychine from the druggists of Canada to give to those who wish to try it?

\*\*\*

Psychine builds vitality.

It strengthens and increases the white corpuscles of the blood—the phagocytes, the policemen or scavengers of the blood.

These white corpuscles of the blood, when strong enough, destroy every disease germ that gets into the body, keeps the body healthy.

If these white corpuscles are not in sufficient numbers or are not sufficiently strong, then these disease germs destroy them and disease holds the body. That's the cause of nearly every disease that afflicts the human race. For years, centuries, in fact, it has been recognized that herbs are the most effective treatment for disease.

It is only within recent times that we have been able to tell just why they were so effective.

Because certain of them increased and strengthened the white corpuscles or phagocytes.

These herbs are employed in compounding Psychine.

We go all over this world to obtain these herbs. Arabia, South America, China and Japan all contribute.

And the result is a preparation that will restore health and build vitality as no other preparation will.

That has proven itself in nearly the third of a century's use as no other preparation has proven itself.

That is a most effective treatment for:

La Grippe	Bronchial Coughs
Bronchitis	Weak Lungs
Hemorrhages	Weak Voice
Sore Throat	Spring Weakness
Anemia	Early Decline
Female Weakness	Catarrh Affections
Indigestion	Catarrh of Stomach
Poor Appetite	Night Sweats
Chills and Fevers	Obstinate Coughs
Sleeplessness	Laryngitis and
Nervous Troubles	Dispepsia
After-effects of Pleurisy, Pneumonia and La Grippe	

Now we don't ask you to take our word for the tremendously beneficial effect of Psychine. Fill out the coupon

below, mail it to us and we'll give you a druggist an order (for which we pay him the regular retail price) for a 50-cent bottle of Psychine to be given you free of cost.

We will undoubtedly buy and distribute in this manner hundreds of thousands of these 50-cent bottles of Psychine.

And we do that to show our entire confidence in this wonderful preparation.

A confidence that has been based on our 30 years' experience with this splendid preparation, with a full knowledge of the hundreds of thousands of cures it has made.
