"CHURCH MEETINGS HELD" During the month of January the annual meetings of the Souris-Bay Fortune church were held. Both meetings were well attended and very encouraging reports were presented by all organizations within the congregations. During the year the interior of the Bay Fortune church was completely redecorated, and the exterior of the Souris church reshingled. The manse at Souris had been completely furnished and many repairs were made to it. All financial allocations were met by every organization and the M. and M. Fund reached its objective of \$550.00. It was planned that the minister's salary should be increased in 1950 to meet the full objective set by General Council for 1951. Twenty-one new members were received into full membership with the church during the year.

Mr. and Mrs. Nell A. Wight of Georgetown. The proceeds of the lottery will go to augment the building fund of the new rink and recreational center and the Community Welfare League thanks all those who patronized the lottery.

Montague To Get Modern Fire Fighting Equipment

Following the recent fire loss of the Masonic Temple on Friday last, a group of citizens met with the Town Council for the purpose of devising a more efficient mode of operation for the town fire equipment. It was proposed by the group that a fire department of seven or eight members be formed who would be on call at all times. It was also further proposed that a buzzer system be installed in the home of each member, such a system to be operated from a central switch at the Town Hall. The appointment of Mr. Murray Johnston as fire chief is expected to be made in the near future. Mr. Johnston has had considerable experience on the fire department of the city of St. John, and with the support of this proposed permanent group, an efficient department should be forthcoming. The decisions to be made were placed in the hands of the fire committee of the Town Council; Messrs. Doug Coffin, B. H. Yeo, and R. W. Beck. Also under consideration is the purchase of a new additional pump which would be a vital addition to the equipment. It is possible, however, that the purchase of a whole new unit might prove to be the most advisable in the long run since the present fire truck is not overly commendable for efficiency. Of course, the immediate argumentation of lack of necessary funds is instantly recognized, and since it might be inadvisable at this particular time to raise the taxes again, the argumentation is well founded. Nevertheless, it might be possible to lay aside each year a definite amount towards the eventual purchase of such more efficient equipment. At all events, it is commendable that something is at least being done to eradicate the sorry situation which has been present for the past number of years, and it is felt that any move in the desired direction will have the full support of the general public, since it is their safety which is in question.

Card Of Thanks
Mrs. Dougald Gunning and family wish to thank their kind friends, neighbours and Doctor for all their acts of kindness shown to them in their recent sad bereavement, also to those who sent flowers and messages of sympathy. Also special thanks to Mr. and Mrs. Ensor Bowness for their kindness.

VICTOR MCGUIGAN

On Saturday, January 14th, there passed away to his eternal reward the person of Victor McGuigan, at the age of 67 years. All his life he was a man of robust health and cheerful disposition. He was stricken last August, and from then to the time of his death, he had everything in medical care and kind nursing. He was operated on by Dr. Seaman, a skilled surgeon, assisted by Dr. McIntyre and skilled nurses at the P. E. I. Hospital, to whom his widow and brothers will ever feel grateful. He remained there for 5 weeks when he returned home where six weeks after he passed peacefully away. Numerous were the friends and relatives who called upon him during his sickness. He was also visited by his parish priest, Father Mullally, who administered the last rites of the Church. His remains were conveyed to St. Paul's Church, Sturgeon, where Mass was sung by Father Mullally assisted in the choir by Lawrence, Edward and Maurice Daly. Service at the grave was conducted by Father Mullally where his body was laid tenderly to rest to await the resurrection. He leaves to mourn his widow (nee Martha Jamieson), Lawrence Jamieson, whom he brought up, four brothers, Christopher, Emmet, John A. and James C., all of St. Mary's Road. The Mass Cards, Letters and Messages of sympathy, all attest to the esteem in which the deceased was held. It may be truly said he had no enemies. His funeral was largely attended by friends and neighbours. The pall bearers were: James Daly, Jerome Hughes, Ray Gornley, Brine McCarron, Lester McKeeman and his nephew George McGuigan, Hearse driver, William Daly.

Card Of Thanks
Mrs. Victor McGuigan and Family, wish to thank the Nurses and Doctors of Montague and P. E. I. Hospital for their care and attention during the illness of her husband; also the neighbours for their kindness during his illness and death and to those who sent letters, cards of sympathy and Mass Cards.

FARMERS ATTENTION NA-CHURS-LIQUID-FERTILIZER

We are now booking orders for a carload of Na-Churs Liquid Fertilizer, to arrive about April first, and if you are looking for a better, all-purpose fertilizer, at a greatly reduced cost per acre, we invite your immediate attention. We are not promised a further supply, as the demand from the Central Canadian Provinces and Western Canada, following experiments and experiences last year, threaten to over shadow production.

NA-CHURS-LIQUID Fertilizer contents are the same as in dry fertilizers, the great advantage being that, already in liquid form and dissolved, they become immediately available as plant food, assuring a quicker start, sturdier growth and an earlier maturity. The cost for potato growing is covered by \$15-\$20 dollars per acre, and grain less than \$2 dollars; other crops proportionately.

We cannot tell you all about "Na-Churs Liquid Fertilizer" in this advertisement but we invite you to send for literature and our own special pamphlet, now in course of preparation, which will be mailed upon request—or call at our office, Fitzroy Street, off Queen, when in Charlottetown.
