GRAIN

(Canadian Press)

CHICAGO, March 26—Prospective benefits to crops because of snow and rain over domestic wheat territory southwest put a damper on buying in the grain markets today, and prices went downhill.

Wheat closed weak at about the day's bottom prices, May 86¾ to ⅞ and 1 to 1⅛ under Saturday's finish, corn ⅜ to ⅝ down, oats ⅜ to ⅝ off, and provisions unchanged to a rise of 5 cents.

WINNIPEG, March 26—Wheat prices moved over a narrow range on the Winnipeg Grain Exchange today and closed firm at levels 1 cent lower.

May wheat finished at 67⅞ with July at 69¼ cents. Statistics and the price trend at Liverpool were very encouraging, but any bullish enthusiasm was quickly dampened by good rains reported over the United States winter wheat belt.

Pit trade was light, export business amounted to only 25,000 bushels of wheat and accounted for the bulk of the support. Scattered offerings were credited to Chicago houses.

Chicago values lost about one cent, while Liverpool gained ⅝ to ¾d, as the result of a decrease of 3,500,000 bushels in the wheat supplies on ocean passage.

The amount of wheat now afloat for Europe is about 37,500,000 bushels compared with 56,000,000 bushels a year ago. World wheat shipments dropped from the week previous, but in view of the disappearance of floating stocks, the movement of 9,500,000 bushels was appreciable.

North America shipped only 3,302,000 bushels compared with 3,950,000 bushels the week before but a 40,000-bushel increase over a year ago.

Malting barley commanded the interest in cash grains while coarse grains commodities were all inclined to ease, more from lack of interest than any appreciable selling.

NEW YORK, March 26—Canadian dollars and pounds sterling finished firm after a quiet session on the New York Foreign Exchange market today. Dominion funds closed 1-16 per cent higher at 99 15-16 cents.

Sterling was about the only currency to attract attention. It was quite active in the last hour and improved ⅛ cent to $5.10⅛. It ranged between $5.06¾ and $5.09⅝.

MONTREAL, March 26—Exchange markets here moved narrowly lower in sympathy with outside markets today and at the close a majority of losses were shown. The pound sterling, however, managed to move contrary to the general trend and closed with a minor fractional gain while the French franc was unchanged and the United States dollar slightly lower.

The pound closed the day at $5.10 ⅛ up ⅛ cents from Saturday while the franc again traded at 6.59 cents. The dollar finished at 5-16 of one per cent premium, off 3-64 of one per cent.

MINING

(Canadian Press)

TORONTO, March 26—Mining prices slipped today on the Toronto Stock Exchange as selling expanded, mainly in the secondary gold group. The big gold issues were quite firm and even strong in spots at mid-afternoon but the price structure developed at around closing time. The New York market's inability to make a splurge on settlement of the wage dispute in the motor car industry was also a factor in undermining the market. Volume was higher 2,300,000 shares changing hands.

Dome and Bralorne held gains of 10 to 25 cents and the other senior gold issues were unchanged or lower. Lake Shore lost 20 cents, McIntyre 25, Pioneer 10, Teck Hughes5 and Wright Hargreaves 15. Selling in Sylvanite gradually weakened the price to 2.65 where it closed 11 cents down. San Antonio lost 5, Reno 7, Sisco 2, Sherritt 2, Ventures 2 McWatters 3, McMillan 2, Coniaurum 4, Bobjo 2, and Ashley 2. Active selling again appeared in McVittie-Graham and the close at 88 was off 7 cents.
