LE. VERLET TO GIVE CONCERT TONIGHT

Assisting Miss Verlet will be Mr. Thomas A. Edison's Three Million Dollar Phonograph.

Saturday night we will have an opportunity to hear Mlle. Verlet, the 'Little Belgian Queen of Song' as she is lovingly called in her own home country near Brussels. Mlle. Verlet came to Canada direct from the Paris Grand Opera Company where she was premier coloratura soprano. She had a brilliant reputation which she acquired in musical centers of Europe, and her coming to Canada has only increased her fame. For Canadian music lovers were not at all disappointed in Mlle. Verlet's marvelous voice, in spite of her great reputation.

Mlle. Verlet herself has become an enthusiastic Canadian. While she is intensely devoted to her own country still, the fine reception she has received in Canada has caused a great affection to grow up in her heart for the people of this country. So she is very happy singing her way into the hearts of her new friends.

Saturday night's concert will be an invitation affair and the musical lovers of Charlottetown will be there in full force. This concert will be a long looked for opportunity to hear the wonderful golden voice of the gifted Belgian.

ROTARY.—The Rotary Club has been invited by the Cavendish Social Service Council to visit that locality and explain the principles of Rotary. It is understood a carload or two of Rotarians will pay this pleasant visit Thursday night.

FOOTBALL.—A game has been arranged to take place at the Abegweit grounds this afternoon between Prince of Wales College and the second team of St. Dunstan's. This will be the first game of the local intercollegiate series. The senior game to have taken place today between the Abegweits and St. Dunstan's is cancelled.

NOTICE.—Time will be changed from DAYLIGHT to REGULAR STANDARD on Sunday 26th October 1919, when all clocks and watches should be set back one hour from 2.00 a. m. to 1.00 a. m. to conform with time to be used for departure and arrival of trains on Canadian National Railways.

FOX BREEDERS' CONVENTION.—The Commission of Conservation is calling a convention of fox breeders, and others interested in the business of fur farming, Fox farming, although only in its infancy, is today netting those engaged in the industry over \$1,000,000 per year. This is in continuation of the pioneer work done by the Commission of Conservation in 1913 and 1914. The development of the industry will undoubtedly be much stimulated by a conference of all interested in the fur business, whether as breeders, trappers, or buyers. A supplementary report to 'Fur Farming in Canada' will shortly be issued by Mr. J. Walter Jones, the foremost authority in Canada on fur farming.

INTERCOLLEGIATE FOOTBALL.—The first game of the local intercollegiate series begins at the Abegweit grounds today. The players are the team of Prince of Wales College and St. Dunstan's second team. It is interesting to note that quite a proportion of the boys playing football this year are returned soldiers. The first team of St. Dunstan's had not less than seven in its line-up and both teams of St. Dunstan's and Prince of Wales playing today are largely made up of returned men. Prince of Wales having at least eight. All have been training hard and after their long rest from trench warfare will be feeling fit for a period of open warfare. Much interest is being taken in the college games and a large representation of rooters may be counted on.

Farewell Sermon

(Fenelon Falls, Ontario, Gazette)

On Sunday last Rev. S. C. Lord, who has been pastor of St. Andrew's Church here for the past twelve years, preached his farewell sermon, he having been compelled to give up the ministry on account of poor health. It was also the anniversary services of the church. The church was full for both services, and in the evening many were unable to gain admittance. In the morning Mr. Lord addressed his hearers on Paul's motto: "I determine to know nothing among you but Jesus Christ and Him crucified." The evening service was more of a personal appeal, recommending the gospel for everybody as a panacea for all human ills, after which he spoke a few words of farewell. At both services the choir furnished special music and was assisted by Miss K. McIntosh.

A Farewell Social was held in the Sunday School rooms on Thursday evening of last week, when a large number were present to give up the ministry on account of poor health. Mr. A. Sutherland acted in the capacity of chairman. During the evening Mr. and Mrs. Lord were presented with an address and a well filled purse on behalf of the united congregations of Burry's Green and Fenelon Falls churches. Mrs. J. S. McCreedy read the address while the presentation was made by Mrs. Josiah Flett.

On Tuesday evening Mr. Lord, who has always been a valuable member and regular attendant at the regular meetings of L. O. L. No. 996, was presented with the following farewell address:

Fenelon Falls, Oct. 14th, 1919. Dear Brother Lord,—

It is with feelings akin to deep sorrow that we learn of your decision to remove from our village, and to sever your connection with this lodge. We have all learned to love and esteem you as a brother, and to accept your wise counsel at our meetings a regular attendant at our meetings, and have lived up to the principals of a true Orangeman. Our Constitution being founded on the word of God, you at all times have kept the principals of the Order in the foreground. You have shown an unselfishness in all your deliberations, and at all times anxious that no offence be given to any class or creed, but that all privileges be given to none. Neither have you asked that our Order be granted a privilege that are not accorded to the general public. It is a great tribute to you, that after twelve years' service in the church here, that your resignation is of your own free will and accord, and that you enjoy the highest esteem of your congregation, who all regret your decision to withdraw from this field of labor. We regret that your health is not up to the standard, and will not allow you to continue your work in this field, but sincerely trust that with a short rest you will be able to resume your work again in the services of the

Wishing you and yours health and prosperity, we are,

Fraternally yours, L. Deyman, W. M., C. A. Brown, Secretary, Thos. Johnston, P.C.M.

Mr. Lord has relatives and friends throughout P. E. Island and has preached in St. James Church in this city. He also lost a son at the war reference to which has already appeared.

Stock Breeders Meeting

A representative meeting of the P. E. Island Stock Breeders Association was held yesterday afternoon in the Agricultural Hall, Charlottetown. Present were: W. W. Crosby, president. Matters relating to holding a winter fair were discussed by Messrs J. M. Laird, B. R. Brown, Major MacRae, W. J. Gibson, H. J. Kennedy, and the Commissioner of Agriculture.

The Provincial Exhibition was brought under discussion and, the following resolution, moved by C. E. MacKenzie and seconded by Peter Brodie, M. L. A. was carried unanimously:—

Resolved:—That the P. E. Island Stock Breeders here assembled ask that a representative of the Breeders of horses, cattle, sheep and hogs be placed on the committees of the Exhibition Association for the purpose of revising the prize list and that the provincial grant be withheld until the Association agree with the above request; and further resolved: That as the cost of preparing exhibits has almost doubled, we ask that the prize list be increased.

Hon. W. M. Lea, Commissioner of Agriculture discussing the Winter Fair proposition would not hold out any prospect of a grant from the Provincial Government for the fiscal year and suggested that the breeders here make all possible use of the Winter Fair at Amherst.

The breeders on the other hand contended that the Amherst Winter Fair was available principally to the larger breeders and expressed the opinion that a local fair would have the effect of inducing more of the smaller breeders to exhibit.

harness racing is just as much a rarity as was the case here more than 20 years ago, so it is but natural that they will pay more for a 2.10 horse than one with a slower record. That was the case before the war put a stop to the foreign trade and is bound to be true today.

The Atlanta meeting of the Grand Circuit will furnish few, if any, additions to the "select list," as it once was shown, but there are yet several record meetings to be held in various parts of the country, as well as races to Phoenix, Ariz., and on the Pacific coast, which should boost the total materially.

HORSE RACING

BOSTON, MASS., Oct. 22—For the first time in the history of the standard-bred horse, distinctly an American product, one season's racing on the turf of this country has given the trotting enthusiasts who made a specialty of recording 2.10 trotters something to do, for in that more than 100 diagonal-gaited performers have earned a place in the table of horses of this variety.

Thirty-five years ago appeared the first 2.10 trotter. E. D. Bither, who is still active in the training profession and makes his headquarters at the Charles River speedway, Alliston, drove Jay Eye See to a mark of 2.19 which naturally was heralded as a wonderful performance. It was in those days, and Bither has a right to be proud of the distinction, but now, when a horse trots in 2.10 at a Grand Circuit meeting, his performance is considered little more than ordinary.

Exactly 103 trotters have taken new records of 2.10 or better since the opening of the recent racing season. Up to the first of last week the list was just one short of the century mark, but the second week at Lexington provided the occasion to "go over the top," and four more earned a place in the table. No season before has ever furnished more than 75, which affords more proof that the year 1919 will go down in history as the banner one in the harness sport, from the breeding as well as the racing standpoint.

There is no doubt that the opening of the foreign market for trotters has something to do with such an unusual number of "fast-record" steeds. A 2.10 trotter in the European countries which lean toward the sport of
