Time, Not Words, Proves a Tire's Value

DUNLOPS not only look good, but they make good—over rocks and gravel, and ruts and sand.

Thirty-three years' experience have shown Dunlop how to design a tread that gives maximum traction and slow, smooth wear.

This Dunlop Tread is the toughest development of rubber known. And this same tough tread-rubber is carried clear around the sidewall to give maximum protection against rut wear.

You get the full benefit of all this extra tread-mileage because each Dunlop is built with the famous trouble-free Dunlop carcass, to provide the high-strength and elasticity so vital to long tire life.

Mount Stewart Notes

Mr. Ray Smallwood, Brakeman, C. N. R., is home this week.

Signs of winter: Storm doors and windows replacing the screens.

On Halloween a number of pranks were played on the citizens, but were more mischievous than harmful.

Mrs. Howard Glover returned from her trip to U. S. A. on Monday night's late train, and was met in Charlottetown.

Mr. Robert McKenzie has employed the services of Mr. James Dwyer, Mason, to build a new top on one of his chimneys.

Mr. and Mrs. Wendall Glover have returned from spending some time at Mrs. Glovers' bereaved home in Fanning Brock.

Mrs. Hamilton Douglas, Boston, Mass., who has bene spending a vacation with relatives and friends here, left for her home Wednesday evening.

Mr. Wm. McKenzie purchased a new horse last week, which has signs of speed, as well as of farming purposes.

Our Roadmaster, Mr. E. McAssey, is having our bridge covered with a heavy layer of ashes which makes a large improvement for the travelling public.

We regret to learn of the illness of Mr. McLeod Douglas, one of our most popular merchants, and his many friends hope for his speedy recovery to health.

Mr. Stewart McEachern had his residence electrically wired the latter part of last week. Mr. Frank McLean, Electrician, Georgetown, and Mr. Fred Leard, owner of the new electrical plant, doing a well finished job.

The Motor Traffic Officer for the Mount Stewart district, has been recalled by his Department for the season, and we are glad to say that there are no black marks against him, although there may have been some black looks.

Whether or not you know him, you are able to tell a farmer by his downcast look just at present, and no wonder! With the price of potatoes falling five cents nearly every two or three days. Price 60 cents, then 55 cents, 50 cents and 45 cents per bushel.

The Zion Church concert held in the I. O. F. Hall here on Thursday night last, certainly merited the praises we have so often heard about it. The anthems, songs, recitations and whistling solos all being encored, which showed plainly the sentiment of the meeting. And the way the program was arranged, kept the audience keenly interested until the end, which came only too soon. Following the program a sale of pies was held and all bid with right good will. After this, refreshments were served in the library, and jolly and witty were the toasts which followed. The singing of "For He's a Jolly Good Fellow" brought an evenings entertainment to a close. A total of sixty-six dollars was the amount made. And special mention must be made of the Rev. Mr. Fulton, Professor Thompson and his choir, in giving their services free for the benefit of the Mt. Stewart Presbyterian Church, which was very much appreciated. Mr. Ray Smallwood our snappy auctioneer, auctioned the candy and cakes, and Ray knows how to keep the bidders going.

Saturday and Monday being holidays, our teachers, Miss M. McDonald, principal, spent them at her home in Panmure Island, and Miss Agnes Clemment, Assistant, at her home in White Sands, (Murray Harbor.) —"F"—

Drink Water Freely If Kidneys Bother

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink.

Worn spots on polished floors in doorways or at the foot of stairs may be prevented by applying a thin coat of wax once or twice a month. Put the wax in cheesecloth and rub over the worn spots, allowing 15 minutes for drying, then polish a second coat of wax and polish again.

Ups And Downs In Tryon and Vicinity

The season which usually precedes winter, called "Indian Summer" is now being enjoyed by all the residents of good old Tryon! The North American Indians believed that "Indian Summer" was a gift from the Great Spirit to enable tardy hunters to provide sufficient supplies for their long, hard winters—and so with us, dear readers, we should also consider it a gift and many of the tardy potato diggers should make every effort to "make hay while the sun shines" and clear away their "spuds."

Mr. and Mrs. Harry MacPhee of Tryon, motored to town on Thursday of last week on business.

Mr. Will Irving and son, Fred, of Cape Traverse, were visitors to Charlottetown on Thursday, Nov. 3rd.

The Misses Gertrude Howatt and Kathryne Dobson of Tryon were recent visitors to our Metropolis—Charlottetown.

Mr. and Mrs. Vernon MacLeod, and charming little daughter, Elizabeth Jean of Albany, were flying visitors to Victoria on Thursday.

Dr. and Mrs. Sidey of the Baptist Pastorate of North Bedeque, were the guests of the Rev. and Mrs. Banyard of Tryon on Friday, November 4th.

A motor party: The Messers Ed. Boswell, Bob Rogerson and LeRoy Howatt paid a business call to Charlottetown on Friday and report fair roads.

Mrs. Jack Dawson of North Bedeque paid a visit to Tryon on Friday, November 4th., where she was the welcome guest of her sister, Mrs. John Lyman.

Prices of spuds have lowered in this vicinity in the past week and the farmers are all feeling blue, but cheerio, old Top, we still have lots to eat—if nothing else, we'll have potatoes.

Mr. Alex. Large and Mr. Richard Lord, the well-known carpenters of this vicinity, have completed the horse sheds, in conjunction with the United Church of Tryon. Rich says "It's a good job—and he knows his onions!"

The numerous friends of Mrs. Janie Coughan of Victoria, who is undergoing treatment in the P. E. Island Hospital at Charlottetown, very much regret to learn that she is little or no better, but hope to hear more encouraging reports soon.

The Abitean Bridge, which has been in a very bad condition all summer, rendering hauling almost impossible, is being gravelled, under the supervision of Mr. Spurgeon Clarke of West Tryon. This undoubtedly was the only way out of the difficulty and should make a good job of it.

Mr. Ernest Howatt, our congenial merchant of Tryon, who has been indisposed for the past three months is well on the road to recovery. Mr. Howatt who already has a fine store-house and barn, is having an ice-house erected in the very near future, and intends doing a rushing business in ice-cream next summer.

Mr. Jack Gillis, our noted carpenter of North Tryon left recently for Boston, Mass., and intends remaining for the winter—perhaps permanently. Mrs. Gillis and her two daughters, Minerva and Mary, also intend "setting sail" for the city of beans and brown bread, very soon. North Tryon will certainly miss this respectable family very much from their midst, but hope they may return again in the springtime to their old home town.

From the vicinity, the Messrs. Douglas Bell, (Dr.) Bell, and "Dad" Lyman attended the fistic encounter between Harry Runcorn, the idol of the Western Prairies and Jack MacKenna, the popular middleweight of the East. Runcorn's ability as a boxer is well known throughout Canada, being very fast and packs a wicked right. MacKenna is better known to the Islanders and is a coming Middleweight, being fast and clever.

The Young People of St. John's Church at Victoria and Crapaud, are very busily engaged in practising for their play "The Importance of Being Earnest.", which they intend staging in Victoria Hall in the very near future. This play composed by the famed Oscar Wilde promises to be a "top notcher", and judging from the far-famed actors and actresses who compose the cast of characters, I should say we should all avail ourselves of the opportunity of being present there. What say, old Top?

On Halloween when witches flit,
And elves and things just think
of it——Oh, yes, to return to my story, it was a very tame affair in Tryon this year—not even a party to break the monotony. Why? Oh, all work and no play in "spud" time. The pranks played were of a harmless nature and should not antagonize any one, the occasional ramble of a tick-tock on the window and the hurried footsteps of some "imps" as they sped away with a gate under their arms was the only reminders that "witch night was at hand.

Now as it is 11 o'clock Atlantic Standard Time, Station T R Y O N will bid you all revoir, but will be on the air soon again. —"D"—

POWNAL

Miss Viola Ballem, Waterside, was a visitor in Pownal Thursday.

Mr. Jack MacKinnon, Alexandra, was a welcome visitor at Pownal Village on Oct. 31.

Miss Margaret A. Jones paid a flying visit to Charlottetown last week, she was accompanied by her cousin, Layton Jones, the trip was made by auto.

The following P. W. C. Students are spending the holidays at their homes here: Misses Francis Wood, Helen and Charlotte Drake, Ernest Smith and Miss Vivian Gay, C. B. C.

Mr. Harold Lawton, second year student P. W. C., and Mr. Vernon MacLeod, country pedagogue, spent Thanksgiving in Pownal Village, the guest of Harold's parents, Mr. and Mrs. Wilfred Lawton.

A meeting of the board of management of the Pownal Sunday School was held at the parsonage on Wednesday evening, the attendance was exceptionally good, the meeting proving very successful and helpful. The minutes from the M. R. E. C. Convention were read and contained some suggestion which ought to prove a a stimulus for our Sunday School.

It is pleasing to note that our Island girls are coming to the front at the Amherst fair. The writer here refers to Miss Margaret Vimy Jones, Bunbury, and her beautiful Shetland pony, Sunkett's Ideal, which won three prizes, this is quite easy to understand, when we know Miss Margaret was the driver at the exhibit. Miss Jones is a grand-daughter of Mr. James B. Jones, Pownal. Congratulations, Margaret!

Halloween was spent quite merrily here, quite a few mysterious costumes were seen walking around with some of our young people, the pastor being called upon to officiate at a late hour, but as parties out of town must be consulted, the event was postponed, however, quite a lot of fun was had, gates left their moorings, the old hayrake was again seen in action, and doorbells were rung incessantly. The only sad feature of the evening was when a Jack-o'-lantern from the adjoining district who in quest of the nearest house to the sanctuary, lost his way and had to call at a farm house to get righted up "Jack" returned home next day at noon.

MALPEQUE

Mr. Creed, potato inspector, was a visitor to this community on Wednesday.

Mrs. Howard Ramsay returned to her home on Wednesday after a few days' visit in Charlottetown, where she was in attendance at a meeting of the W.C.T.U.

Rev. James A. Ramsay, pastor of St. John's church, Moncton, N.B., returned to his home on Wednesday morning, after several days' visit with friends in Hamilton.

Mr. and Mrs. F. J. Lockerby motored to the western part of the Island on Friday, when they were guests of Mr. Fulton Ramsay, O'Leary, and Mr. Russel Lockerby, Fortune Cove.

The stock, implements and furniture owned by Mr. George Taylor, Hamilton, was disposed of to good advantage at an auction sale on Thursday afternoon. The attendance was good and the day an ideal one, adding to the spirit of the bidding. Mr. H. F. Morrison, Kensington, was the auctioneer.

Friends in this community were grieved to learn of the passing of Miss Bessie Clay, R.N., Calgary, Alberta, and formerly of Summerside. Miss Clay is remembered as a devoted Christian lady, a loving daughter, sister and a true friend. The deep sympathy of the community in general is extended to all who mourn her passing, especially to the sister, Mrs. Carrie Beairsto, with whom Miss Clay resided.

Although not largely attended the thank-offering service in Hamilton Hall on Wednesday evening proved to be very interesting and instructive and was of a nature to call for the presence and co-operation of every member of the district. Mr. Howard Ramsay presided, and the chief number on the program was an address by the pastor, Rev. D. M. Grant, whose lucid description of the life of Oerigen—one of the greatest of the fathers of the early church—one of the greatest teachers, preachers and theologians of post-apostolic times — was listened attentively to by all. The other numbers on the program were good. The readings by Misses Jean Owen and Louise Simpson were much enjoyed, and the duet was heartily sung by Misses Jean Owen and Reta Ramsay, while the solo by Mr. Chas. Lowe was a splendid number. About eighteen dollars was realized.

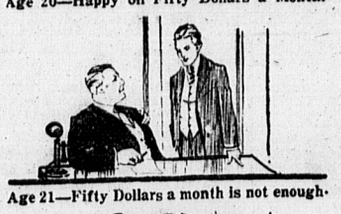
The most largely attended shower ever held in this community was given at the home of Mrs. James Cousins, Baltic, on Tuesday evening, in honor of her young friend, Miss Louise Ramsay, whose marriage is to take place on Monday. The evening was an ideal one and the guests numbered one hundred and seventy-five or more. The bride-to-be was accompanied to the living room by Misses Grace Riley and Amy Howatt. The parcels were opened by Misses Jean Donald and Stella Cousins, while the verses were read by Misses Marion Cousins and Hilda Smith. The gifts were numerous and valuable. A real social time with music, games, etc., was enjoyed, and the hours passed pleasantly, being well filled and fragrant with pleasant memories. The occasion was in every way worthy of Miss Ramsay, who is held in the highest esteem by everyone within the wide circle of her friendship. The good will and good wishes of all were expressed throughout the evening and still further expressions are to follow on Monday evening. M

Fifty Dollars a Month

(Guaranteed to you by the Canada Life)

How Fifty Dollars a Month looks to the Average Man

Age 20—Happy on Fifty Dollars a Month.



Age 21—Fifty Dollars a month is not enough.

Age 35—Thinks he can easily afford to "spend" Fifty Dollars a month

Age 50—Things are not going as well as they were.

Age 55—Strange how these assets have depreciated! Fifty Dollars a month is good interest on $10,000, and not to be despised.

Age 60—He finds Fifty Dollars a month pension, added to what income is left, brings happiness.

You know of men well up in years who are still "drudging along." They cannot stop if they would, but must go on to the end of their days working for a living. You can avoid that.

Why Not Pension Yourself ?

Why not "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future?

Our New Pension Plan

guarantees that upon reaching a certain age in life you will receive a *monthly* cheque for $50.00, $100, $200, $250—as you may now decide—and this monthly payment cannot cease as long as you live.

An Income for Life

Think what it may mean to you to be certain of an income right up to the end of life, when you consider that 97% of people in their later years are partially or wholly dependent upon others for support.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and certain provision as this Monthly Pension Plan.

An average deposit of only a few dollars a month will return you $50.00 a month later on.

To wax floors that were never polished, the following method is good. The floors should first be washed thoroughly, and then, when dry, coated with some floor oil such as linseed oil. This should be at once rubbed with sawdust which removes all surplus oil and polishes the floor. After this another wax may be used, according to directions, and then after a weighted brush is used, the old floor will be as smooth as new oaken ones.

THE GABBS
