REV. J. F. DENNY DAWES REPORT PRIEST MURDER MESSENGER FOR LONDON S'SIDE DIES IS GERMANY'S ONLY HOPE SUDDENLY BED SIDE

Esteemed Island Pastor Passes Away in His Sleep.

(Canadian Press) BERLIN, June 5.—Frankly designating the Dawes Report as the pivotal point in Germany's foreign relations and reiterating the minister's adherence to its previous acceptance of the experts' recommendations as a basis for the approaching reparations negotiations, Reichstag today on the occasion of Chancellor Marx's statement in the second cabinet bearing his name, was occupied entirely with references to the nation's foreign relations as affected by the Dawes Report.

The Government's statement met with only a few dissenting voices and it will be debated by the Reichstag parties tomorrow.

In explaining the Government's policies to the Reichstag the Chancellor asserted that Germany's economic life was in a miserable condition, threatening a complete breakdown unless some relaxation of the monetary stringency could be attained. The Government saw in the experts' report a way out of the crisis since in its note of April 17th it had assured the reparations commission of its readiness to collaborate in the experts' plans. In accordance with this declaration, said the Chancellor, the present Government would continue its preliminary work for carrying out the report.

REPORT PRIEST MURDER MESSENGER FOR LONDON 4 DAYS SKIPS WITH BONDS

Shot by Son of Man to Whom He Was Administering Last Rites.

(Canadian Press) NEW YORK, June 5.—Detectives are searching for William Lovell, 22 years old, who had been employed for four days as a messenger by Minsch, Monell & Co., an investment firm at 115 Broadway, and the last rites of the Roman Catholic Church to John King, Sr., at the who disappeared in the forenoon shot Captain David Petrie of the Lowell police in the shoulder and will be arraigned in the district court here tomorrow on a charge of murder.

The police said that King had admitted shooting the priest and remarked that he felt justified for his act. They are at a loss, however, to understand his motive. According to the police King entered his father's bedroom while Father Gilbride was administering the rite, muttered incoherently and drew a revolver fired three shots, one of which entered the priest's temple and caused instant death. He put the hoe from another room and leaving his house went to work in a field. The Dracut police were notified and called on the Lowell police for help.

As several officers approached the field King ordered Captain Petrie, who was carrying a sawed off shotgun to stop. The officer drew a revolver and King shot at him. Petrie was able, however, to help the other officers overpower King. The prisoner in the scuffle sustained several scalp wounds.

ELECTRIC RAILWAY WORKERS OUT ON STRIKE

Men Demand Salary Increase of Ten Shillings Weekly—Walkout is as Yet Unofficial—Spread of Trouble Feared.

(British United Press) LONDON, June 5.—An unofficial strike broke out today among the shompen at the London Electric Railway workshops and power stations and on the Great Western Railway.

The men demand ten shillings increase in their weekly wage with a minimum of three pounds the inclusion of sixteen shillings six pence war bonus in their present wage, and one week holiday yearly on full pay.

The suddenness of the strike, which became effective at midnight, caused considerable inconvenience to thousands of workers using the stations in the north of London and this inconvenience spread later in the morning to the underground system where only a skeleton service was being maintained this forenoon. Forty tube stations were closed because many of the employees at the big Chelsea power station ceased work in sympathy with the strikers.

The National Union of Railwaymen has not officially recognized the strike and has appealed to its members to remain at work, but there is fear that the movement will spread as a crisis has developed in connection with demands made by the Associated Society of Locomotive Engineers and Firemen which is holding the final session of its annual conference today. The members of this society threaten strike action unless the railway companies abolish certain classifications.

Hardship Stories Have Bad Effect On Immigrants

(British United Press) LONDON, June 5.—Sentiment in favor of immigration from Ireland to Canada is reviving especially in Dublin and steamship companies are actively promoting campaigns of education to induce settlers to make the journey. Unfortunately recent stories of hardships undergone by new arrivals have been widely circulated and such cases as the Bulpit case made a regrettable impression on the people. The stories of hardship given much publicity in the Irish press and arouse a feeling of anxiety and mistrust and find a fine field to work in through many parts of the State. Emigrants are unwilling to leave their own soil when the situation is full of anxiety and worry with regard to the future but if only the Canadian situation was laid before these prospective emigrants in a correct light by authoritative representatives the exodus would be greatly accelerated.

COMMITTEE IS NOW PROBING CHARGE AGAINST MINISTER

Opening of Case Give Promise of Heat Before It is Concluded.

(Canadian Press) OTTAWA, June 5.—There was little of interest in the proceedings of the House today, but much interest was created in the proceedings of the committee of privileges and elections this morning, which met to consider the charge against Hon. James Murchison, of having made use of his position as cabinet minister to save himself from loss in connection with the Home Bank failure. The committee did not get very far into the case, but it got far enough to show that some heat is likely to be generated before the proceedings are ended, and the cry of "blooding," a familiar one in such investigations, was early raised.
