Hear George Wotton, CCF Provincial Organizer, speaking on "Provincial Affairs", over O.F.C.Y., on Monday evening, September 27th, at 9 P. M. Standard Time.
The Annual Meeting of the Belfast Home Association will be held in Belfast Hall, Monday, September 27th, at 8 P. M. Frank MacDonald, Secretary.
Bernald Hall Monday, Sept. 27th, bazaar and auction, 4 to 7 p.m., from 8 until 10 o'clock, followed by a dance. Special music. Aulicques C. W. L.
Notice—Beginning Monday, Sept. 27, my store will be open Tuesday, Thursday and Saturday nights, will close other nights at 10 p.m. N. Aubrey Outcliffe, Fredricton.
Buying pigs Monday at Fredricton. Paying \$21 a pair, for good pigs over 30 lbs. each. Will buy any kind. Will not be buying at any other points until following week. Knud Jorgensen, Fredricton.
All farmers in St. Peters and surrounding districts troubled with vermin in cattle are invited to a meeting at St. Peters High School Tuesday evening, Sept. 27th, at 8:00 o'clock. Dr. Bishop and Mr. Gurney will be present to assist with organizing a program of treatment and control. Meeting sponsored by St. Peters Senior Farmers.

Six Ships In Path Of Hurricane Off Halifax

HALIFAX, Sept. 24 — (CP) — Six ocean-going vessels tonight battled the fury of a hurricane some 150 miles off Halifax.

The tropical twister was approaching Sable Island "the graveyard of the Atlantic" — and the R.C.A.F. reported that half a dozen freighters were embroiled in its anger.

Dominion Public Weather Office here said Sable Island, a desolate sand pile, was being lashed by 75 miles an hour winds but there were no reports of shipwrecks or injuries.

The death-dealing hurricane was moving parallel to the Nova Scotia coast, headed straight for Newfoundland which was sidestepped by a similar storm a week ago.

The United States Army transport vessel General M.B. Sturgis, carrying 844 displaced persons to new homes in Canada, was directly in the path of the vicious storm. The Sturgis, which sailed from Bremerhaven, is scheduled to arrive in Halifax early tomorrow.

An unknown number of fishing boats also were on the Sable Island fishing banks today and it is believed that these are headed for shelter.

This is the same storm that smashed its way through Florida, leaving a wake of debris and three dead. Damage there is estimated at \$25,000,000.

Weather officials warned that "this severe storm merits extreme caution by all marine interests off Canada's eastern seaboard during the next 18 to 24 hours at least."

Native Of Ch'town Dies In Sydney

SYDNEY, N.S., Sept. 24 — Mrs. Anna Sabina Gillis, wife of deceased registrar John R. Gillis, died here today.

Mrs. Gillis was born in Charlottetown and was a daughter of the late Mr. and Mrs. Thomas J. Morris.

Quebec Village Almost Wiped Out By Fire

ST. MATHIEU, Que., Sept. 24 — (CP) — This tiny St. Maurice valley village, 30 miles northwest of Three Rivers, was almost wiped out tonight in a fire which destroyed the church, presbytery, four stores, the village forge and 22 homes.

Mrs. Delphis Heroux succumbed to a heart attack, but there was no loss of life directly attributable to the blaze. Men and equipment rushed from Shawigan Falls and Grand'mere fought the fire.

Late tonight flames were licking through timber in the hilly surrounding countryside, threatening numerous summer cottages and hunting lodges.

The village water supply ran out as the blaze spread and firefighters intensified their efforts to check it. However, they pooled hoses and drew water from a nearby Lac Bill to keep up the battle.

Abbe Leonce Panneton, parish priest, said the fire of undetermined origin broke out about 4 p.m. in a small shed at the rear of a home near the presbytery.

Mrs. Heroux, 70, died in the arms of a son who was restraining her from re-entering their home to save their personal belongings. The Heroux home was destroyed.

St. Mathieu, whose population is about 700, is situated on Lake Bellemare, in rolling, wooded country about 10 miles west of Shawigan Falls.

Believe Freighter Is Total Loss

ST. JOHN'S Nfld., Sept. 24 — (CP) — The ceaseless moan and pounding of the ocean tonight sounded a death knell for the Greek freighter Orion, split on a rock in the Strait of Belle Isle.

A Canadian salvage tug gave up its watch beside the doomed vessel and sailed to seek another prize—the abandoned British freighter Leicester, believed drifting 700 miles off Halifax.

\$1,000 Each On Head Of Two Montreal Brothers

MONTREAL, Sept. 24 — (CP) — The Perreault boys, unrelated but crime-hardened and wanted for murder, ranked as major Canadian outlaws tonight after police placed a \$1,000-price on each of them.

Police tracked down many leads. But up to midnight they went without trace of Donald, 28, and Douglas Perreault, 29, who with Noel Cloutier, 24, yesterday were alleged to have robbed an east-end bank and killed policemen P.E. Duranleau and Nelson Paquin.

Bank officials said the bandits stole \$2,142 of which \$1,506 has been recovered, some of it with the capture of Cloutier. He had a bundle of money inside his shirt.

Police, now holding Cloutier in cells, were confident the Perreaults would be overtaken by one of the most earnest manhunters Montreal police ever staged.

But nevertheless they warned the general public that anybody harboring the Perreaults would be prosecuted as "an accessory after the fact," liable to sentence of seven years.

Police said Cloutier told them he and the Perreaults had planned to hold up a bank for some time. They met yesterday morning in a tavern, discussed the possibilities, and then decided on the spur of the moment that this was the bank. At the time they were driving near the Banque Canadienne Nationale branch at Notre Dame St. East and St. Just Street.

Early this morning, Cloutier dictated an unsigned statement in police cells while his sobbing wife stood nearby. In it, so authorities said, the 24-year-old bandit declared he fired only one shot—"accidentally."

Cloutier, with Douglas Perreault, entered the bank between 2 p.m. and 3 p.m. yesterday, cowed the manager and six others at gunpoint, and made off with money from the till, only to run into the police at the bank's entrance.

Donald Perreault remains outside in the get-away car and high-tailed it away when the shooting started leaving Cloutier and the other Perreault to commandeer a passing car after they killed the two policemen.

Cloutier and Douglas Perreault drove only a little way, with police in pursuit before they abandoned the car and dashed down a lane. There Cloutier surrendered but Perreault entered a private house, changed his coat and eluded police.

Retirement Of Rear Admiral Taylor

OTTAWA, Sept. 24 — A naval career that began just two years after the formation, in 1910, of the Royal Canadian Navy will terminate at sunset Friday, October 1, with the striking of the flag of Rear-Admiral C.R.H. Taylor, C.B.E., R.C.N., Flag Officer Atlantic Coast.

Rear-Admiral Taylor, 52, will proceed on retirement leave as of that date. He will be succeeded by Rear-Admiral E. R. Malinay, O.B.E., R.C.N., who previously held the post of Flag Officer Pacific Coast.

During his 37-year career, Rear-Admiral Taylor has served in more than a score of ships, Canadian and British, and held a number of shore appointments involving high responsibility. His "home port" has been Halifax and, besides serving in several ships based there, he has served at successive intervals, between 1928 and 1948, as Executive Officer, R.C.N. Barracks, commanding officer of the same establishment; Naval Officer in charge and, lately, Flag Officer Atlantic Coast.

Shooting Fails To Interfere With Traffic

BERLIN, Sept. 24 — (AP) — The Russians slammed anti-aircraft fire into the crowded airlift corridor today — without hitting anything.

They told British and American officials about 11 officially 1 1/2 hours after the shooting started. The target practice lasted 3 1/2 hours at Döle Airport, 25 miles west of Berlin in the Buckeburg air lane used by British and American planes on their return flight from this city.

Then the Russians posted notice that they intended to shift to air-to-ground firing, which could include practice shooting at ground targets, and possibly some bomb dropping.

The Soviet shooting failed to deter the supplying of Berlin by air, but incited Anglo-American authorities to a new protest.

The complaint was their second in two days against Soviet antics in the corridor. A Yak fighter played dangerously close to an airliner with 30 passengers in the corridor yesterday — a wing-to-wing performance that appeared to have no purpose.

Airforce officers were especially indignant about the anti-aircraft fire. One officer said the stuff was being thrown "dangerously high" — up to 10,000 feet "which is as high as we fly." In the second place, he said, the notification from the Russians of their intention to hold target practice came "an hour and a half late" and was "a little less than polite."

Despite this, airlift planes lugged another 3,613 tons of food and coal to Berlin in 444 flights.

Almost as explosive as the air incidents was the outbreak of a "newspaper war" in which the Americans ordered all Soviet-sponsored newspapers and publications banned from the United States zone of Germany. The ban did not apply to the American sector of Berlin.

Meanwhile, German Communist leaders and Soviet occupation officials were reported in a secret strategy session at Potsdam. There were indications the next Soviet moves in the battles for Berlin and Germany were being discussed.

Island Conservatives For Ottawa Convention

The majority of Prince Edward Island's large contingent of delegates and guests to the National Progressive Conservative Convention which opens at Ottawa on September 30 are planning to leave by special pullman car on Sept. 28, returning home on Oct. 3.

In addition to the pullman party, Maj. D.L. Matheson, K.C., M.L.A., one of the ex-officio delegates, has left by plane and Mr. and Mrs. Philip Matheson, Wheatley River, Mr. and Mrs. Reagh Bagnall, Hunter River, have gone by car. Mr. Bagnall is president of the Provincial party organization and will be presiding at the convention.

All delegates representing specific ridings were picked at meetings of party supporters in those ridings, he said, and none were chosen by the high command of the party.

(Continued on page 15, Col 3)

No "Packing" Of Conservative Convention

OTTAWA, Sept. 24 — (CP) — Claims that next week's Progressive Conservative convention is being "rigged" in favor of any leadership candidate are "undiluted bunk", R. A. Bell, the party's national director, said today.

"There has been no 'rigging' or 'packing', and I am prepared to give the lie to anyone who so asserts," Mr. Bell declared at a press conference.

Mr. Bell was replying particularly to "rigging" reports growing out of the claim of E. L. R. Williamson of Ottawa that he had been rejected as an Ontario delegate-at-large because he supports John Diefenbaker, Lake Centre member of the Commons. He is prominent on the Ottawa Diefenbaker-for-leader committee.

Mr. Bell said the 1,311 delegates had been chosen under a system laid down at the last party convention in 1942.

All delegates representing specific ridings were picked at meetings of party supporters in those ridings, he said, and none were chosen by the high command of the party.

Notice Of Practice Given Allies Long After Firing Starts.

BERLIN, Sept. 24 — (AP) — The Russians slammed anti-aircraft fire into the crowded airlift corridor today — without hitting anything.

They told British and American officials about 11 officially 1 1/2 hours after the shooting started. The target practice lasted 3 1/2 hours at Döle Airport, 25 miles west of Berlin in the Buckeburg air lane used by British and American planes on their return flight from this city.

Then the Russians posted notice that they intended to shift to air-to-ground firing, which could include practice shooting at ground targets, and possibly some bomb dropping.

The Soviet shooting failed to deter the supplying of Berlin by air, but incited Anglo-American authorities to a new protest.

The complaint was their second in two days against Soviet antics in the corridor. A Yak fighter played dangerously close to an airliner with 30 passengers in the corridor yesterday — a wing-to-wing performance that appeared to have no purpose.

Airforce officers were especially indignant about the anti-aircraft fire. One officer said the stuff was being thrown "dangerously high" — up to 10,000 feet "which is as high as we fly." In the second place, he said, the notification from the Russians of their intention to hold target practice came "an hour and a half late" and was "a little less than polite."

Almost as explosive as the air incidents was the outbreak of a "newspaper war" in which the Americans ordered all Soviet-sponsored newspapers and publications banned from the United States zone of Germany. The ban did not apply to the American sector of Berlin.

Meanwhile, German Communist leaders and Soviet occupation officials were reported in a secret strategy session at Potsdam. There were indications the next Soviet moves in the battles for Berlin and Germany were being discussed.

OTTAWA, Sept. 24 — (CP) — Trade Minister Howe announced today the completion of arrangements for purchase of an additional 6,000,000 pounds of Danish and Australian butter, bringing the total butter imports for this winter to 15,000,000 pounds.

Of the 16,000,000 pounds, 11,000,000 pounds will come from Denmark and 2,000,000 pounds each from Australia and New Zealand.

Mr. Howe said the imported butter will sell at Canadian price ceilings.

The first shipment will arrive in Canada in October and the total quantity is to be delivered by the end of January. The 15,000,000 pounds are expected to take care of the minimum requirements during the seasonal shortage in this country.

The Canadian Commercial Corporation, the agency through which the butter is being purchased, will make all sales to the wholesale trade under direction of the Prices Board.

News In Brief

PARIS, Sept. 24 — (AP) — A two-hour country-wide general strike of 7,000,000 workers against the cost of living today passed calmly in France. Carried out in a half-hearted way, it proved far less than 100 per cent effective.

ROCHESTER, N.H., Sept. 24 — (AP) — A United States Army jet plane exploded while flying over Rochester fair grounds today and crashed in neighboring woods, starting a forest fire. The pilot was believed killed.

TORONTO, Sept. 24 — (CP) — Convicted of manslaughter in the hatchet-slaying of John Farrell last July, Yvonne Brouillette today was sentenced to 10 years in prison by Mr. Justice Keller Mackay.

CHICAGO, Sept. 24 — (AP) — A United States Grand Jury will begin an investigation Thursday at the far-flung Dupont industrial empire, it was announced today.

"Most Prosperous Year" For P. E. I. Farmers Says Minister Of Agriculture

The year 1948 will prove, when all statistics have been compiled, to have been the most prosperous the farmers of Prince Edward Island have ever known, Hon. W.F. A. Stewart, Minister of Agriculture, stated yesterday.

All farm crops without exception were "the full of the ground," he stated. Hay has been so heavy that many farmers did not have the time nor the labour available to cure it all so that in several areas there were the inevitable losses—many of them the result of spoilage augmented by intermittent rains during the haying season.

The grain crop has probably never been exceeded in the Island's history, the only danger now being the possibility of excessive rains. With less than half of the grain safely under cover or, as in some instances, in stack, the farmer might be well advised to delay further cutting with the hope that fine weather may come soon.

Potatoes have suffered seriously in some areas from the late blight but it is unlikely, Mr. Stewart said, that the overall picture respecting blight damage is as bad as many people believe it to be. Top killing has been carried on widely and this practice will have a beneficial effect on a big acreage which otherwise might have suffered considerable damage from blight.

Canada Boosts Butter Imports To 15,000,000 Lbs

OTTAWA, Sept. 24 — (CP) — Trade Minister Howe announced today the completion of arrangements for purchase of an additional 6,000,000 pounds of Danish and Australian butter, bringing the total butter imports for this winter to 15,000,000 pounds.

Of the 16,000,000 pounds, 11,000,000 pounds will come from Denmark and 2,000,000 pounds each from Australia and New Zealand.

United Church Endorses Program For Peace

VANCOUVER, Sept. 24 — (CP) — A peace program to combat the world's current mood of "war hysteria or blind hatred" was endorsed tonight by the General Council of the United Church of Canada.

Approving a report on international affairs the Council agreed its people should not tolerate any complacency about war. "Our people should contribute to a change of mood to increase the chance of averting war," the 20-page document stated.

"The only right use of power—

Had Been Missing For 12 Days

By JACK AVESON
WINNIPEG, Sept. 24 — (CP) — Search planes today located a United States Navy aircraft missing for 12 days and all five of its personnel are safe.

Headquarters for one of the largest aerial searches ever undertaken in Canada announced the aircraft was located near Highland Lake, where it had crash-landed in the bleak northeastern Saskatchewan wilderness 225 miles northwest of The Pas.

It was spotted by an R.C.A.F. Lancaster in one of the routine search sweeps involving as many as 40 aircraft.

A huge white arrow pointing south from the grounded plane led searchers to the five survivors, who include two high-ranking British and United States naval officers. They were sighted beating their way through woods away from the plane.

Food and supplies were dropped.

HALIFAX, Sept. 24 — (CP) — Official inland forecasts issued tonight by the Dominion Public Weather Office at Halifax and valid until midnight Saturday—with an outlook for Sunday

Synopsis:
The hurricane at 10:30 this evening centered about 320 miles southeast of Halifax and was moving northeastward. Winds along the Atlantic coast of Nova Scotia were about 25 miles per hour and although they are likely to increase somewhat in Cape Breton they are not expected to exceed 35 miles per hour over land. Cool moist air from the North Atlantic still covers the district and is causing showers in Nova Scotia and Prince Edward Island. In New Brunswick and Quebec skies are mostly clear but cloudiness with scattered showers and north winds are expected again on Saturday in many regions. Winds will be lighter on Sunday but the cool cloudy weather will continue.

Regional forecasts:
Prince Edward Island: Overcast with showers. Continuing cool. North winds 25 diminishing Saturday evening to north 15. Low early Saturday morning and high in the afternoon at Charlottetown 49 and 55.
Outlook for Sunday—Cloudy and cool.
High tide this afternoon at 3:34 and tonight at 2:35.
Sun sets this afternoon at 5:54 and rises tomorrow morning at 5:51.
Last quarter moon September 26th, 1:07 A. M.

VANCOUVER, Sept. 24 — (CP) — and in particular power from atomic energy—is for the good of all men everywhere."

It urged the Church to move quickly toward "greater economic well-being throughout the world."

There should be greater emphasis on increasing social welfare, greater observance of human rights, and greater use of processes of international conversation and negotiation.

Earlier, the Council refused to make a major statement on the "church and war" as part of the
