BOSTON CANNOT SIGN AMERICAN HOCKEY PLAYERS

Remarkable Situation Arises in the National Hockey League.

BOSTON, Nov. 14.—A rather remarkable situation exists in professional hockey, in the fact that Boston, latest entrant in the National League, and the only American club in professional hockey now that Seattle and Portland are out, is deprived of the right to sign up players in United States territory. It is a peculiar situation, but true nevertheless, for Boston must respect the agreement of the N. H. L. with the Western Canada League in which it is provided that U. S. A. material belongs to the west.

If western clubs have their right to United States players, then Boston can go ahead, but up until such time as the prairie and coast teams sanction the signing, American hockey talent is not at the Bean Town moguls' disposal. This condition arises from the fact that at the time the inter-league agreement was made, the only American teams in professional hockey were Portland and Seattle. Both these have now withdrawn, but the inter-league agreement holds good despite the fact that it is now the east instead of the west which is now international in scope.

THE GAME TO-DAY

The championship football fixture this afternoon between the Saints and Abilies have the fans all hot up and excitement reigns supreme throughout the rank and file of the local football fraternity. The game which starts at 2.15 sharp will be of the sudden death variety, therefore the importance of the tussel may well be imagined as the victors today will have earned the right to the P. E. Island pigskin title. The following is the Abie-gewit line-up:—Full-back, Saunders; Three-quarters, Walker, Kelly, White, McCarey, Tanton; Halves, W. J. McDonald, DesRoches; Forwards, Horton, Connolly, Francis, Mathieson, D. McDonald, Trainor, Jenkins; Spare, Stewart. Referee—Leo McDonald.

It is expected that Lieut. Governor Hartz will officiate in the kick-off today—His Honor is reputed to have a nifty toe.

Y. M. C. A. BOWLING

CITY BOWLING LEAGUE

In one of the closest games yet rolled in this league the Y. M. C. A. team emerged victorious over the fast Abattoir team by the small margin of 9 pins. If it had not been for J. A. Bentley, captain of the Y. team making a spare in his last frame the Abattoir team would have won the game. Mr. Bentley's three strings of 277, 242 and 195 total 714 is by far the highest three string total rolled this season. Mr. Sample of the Abattoir had the high single for his team of 256. Each member of the Abattoir team rolled a steady and consistent game and should have

Jockey Kummer May Lose 2 Fingers

NEW YORK, Nov. 14.—Clarence Kummer, generally recognized as the best rider in this country since Earl Sande met with his accident at Saratoga, is out of action for the remainder of the season, and may lose two fingers of his right hand as the result of a peculiar accident. Kummer went to Pimlico Saturday to keep several riding engagements. While there he received an urgent telephone message from his home at Hollis Court, Long Island, informing him of the birth of a daughter. Laverne Fator drove him to the Baltimore railroad station to catch the 9.30 train for New York. After Kummer had alighted from the automobile, either Fator or a station porter slammed the door of the automobile, crushing two of the riders fingers. Kummer's physician is attempting to save the fingers, but is not optimistic. The third and fourth fingers of the right hand are badly crushed, and it is doubtful whether the injury will heal satisfactorily.

THE WATER HAZARD

Four thousand golf balls were found in a reservoir used as a water hole on the Wilmington public golf course. Evidently they drain the reservoir only once or twice a week down there. Fire is a god deal like lightning. You never know what it is going to destroy next. Last month it was the big garage on the corner; next month it may be your own store. Fire losses last year were \$508,000,000—all waste. This amount is almost enough to support our national defense. It would have paid the personal income tax in 1923, with millions of dollars left over. Invested at 4%, this sum would yield in a year upward of \$20,000,000.
