

## "Take No Thought For The Morrow"

A modern life insurance policy will make it easily possible for any man to obey this precept.

Most of our worry is due to dangers that threaten those who are dependent upon us rather than to concern for our own fate.

Many brave men, who would not lose a wink of sleep thinking over their own future, spend anxious hours dreading what may happen their helpless children should death make them orphans.

The Mutual of Canada issues a policy protecting both the assured and his family. It is payable to the assured's dependents should he die before reaching a specified age, say 60, 65 or 70 years.

But should he attain that age, by which time his family would be self-dependent, the proceeds of the policy are payable to the assured himself.

This modern policy makes it possible to lay aside anxious thought both for one's self and for others. We will gladly furnish rates on application.

Is there a Mutual Policy in Your Home?

## Of Course, it makes good Pastry

In fact, "Beaver" Flour is a special pastry flour. It contains the choicest Ontario fall wheat (the finest pastry wheat in the world) blended with western spring wheat to increase the strength.

## BEAVER FLOUR

MILLED OF BLENDED WHEAT

makes the lightest, flakiest Pies and Tarts—the most inviting Cakes, Cookies and Doughnuts—and real homemade Bread, with the delicious, nutlike flavor.

There's no comparison between the tough Pastry and tasteless Bread, made with western wheat flour, and the "good things" made with "Beaver" Flour. Order some.

### WEDNESDAY

**POLICE COURT.**—At the Police Court Monday morning four young men for using profane language on a public square, were each fined \$1.00 and costs.—H.

Yesterday afternoon Canon Simpson received a private cablegram from his son, Lieut. Stewart Simpson saying that he was in the Base Hospital having been slightly wounded.

**ANOTHER CAR PURCHASE.**—Mr. T. B. Gray, of Summerside, has purchased a handsome touring car, an Overland. It was purchased through the local agency, Messrs. Bruce Stewart & Co., Ltd., of this city.

The many friends of Mr. John Collett of Cape Wolfe, who is in his 78th year will be sorry to hear that he has almost lost his eye-sight. His dear wife, who is about the same age, has not at all been well for a number of weeks. She is now however able to go about.—W.

Dr. Thomas, a native of the Island now of Woodstock, Mass., is on a visit to his sister, Mrs. J. Dalton of Burton. On Sunday afternoon he attended the service conducted by the Rev. R. Brodie at Cape Wolfe. In the evening he conducted a service in the Presbyterian Church at Campbellton.—W.

**AN INTERESTED VISITOR.**—Mr. George Cochrane, chief engineer and superintendent of the International Trust Company's Building, Boston, has left for his home after spending a very pleasant and enjoyable two weeks on the island. Mr. Cochrane, who made his home with his brother-in-law, Mr. A. H. Larter, North River, while here, visited the island about six years ago and since that time has travelled extensively, but says that in all his travels, he has not visited such an ideal spot to spend a vacation as Prince Edward Island. He spoke in the highest praise of this place, remarking that it might well be called the "Garden of the Gulf." Mr. Cochrane thinks the citizens are a little behind the times, in regard to the running of "autos," as he thinks it would be a boon to this country if they were allowed to run every day, as nearly everyone who visits here has but a short time to stay, and they would be able to see a great deal more of the "Island" and visit a great many interesting places, in a shorter time, than by team.

**NO DUCK SHOOTING.**—Those having a taste for any or all of the various kinds of ducks at present swarming in Prince Edward Island waters must not forget that said ducks are not to be molested until September 1st, and even then only under certain legal restrictions. The Fish and Game Association is taking steps to see that all illegal shooting and fishing shall be punished this year without respect of persons.

**ACCIDENT AT PICTOU.**—A deplorable accident occurred Tuesday evening at Pictou. Whilst the Stanley was loading coal at the pier her carpenter, namely, Barclay of Matland, N. S., got his foot caught in the wire hawser as the steamer was being hauled up to the pier. His foot was completely severed just above the ankle. The accident was witnessed by quite a number on the wharf, and Barclay bore the terrible pain like a hero. He was taken to the hospital in Pictou.

**GOING TO ENGLAND.**—It is with much regret that the residents of the west of Prince County have heard that their beloved rector, the Rev. Frank G. Hasden, is about to leave them and to return to England. During his stay he has endeared himself not only to his own congregation, but to all who have met him. His many friends wish him further and continuous success when the time comes for him to take up his new work.

**WEDDING BELLS.**—The Presbyterian manse, Souris, was the scene of an interesting event on Friday, Aug. 15th, when Mr. Harry S. Francis, of Fortune Bridge, was united in marriage to Miss Ethel MacEwen, of Souris. The ceremony was performed by Rev. A. MacKay, assisted by Rev. K. M. Munro, of First Presbyterian church, Boston. Immediately after the ceremony Mr. and Mrs. Francis left by train for Charlottetown, and, other ports.

**FLOWERS FROM THE BATTLEFIELD.**—In May last Mr. James Patton, M. L. A., sent a bouquet of May flowers to his old employee, Pte. Harry McDougall, who went with Capt. Stanley's battery to France. In a letter of acknowledgment Harry writes: "Thanks very much for May flowers. They sure remind me of P. E. Island. I'm enclosing you some flowers picked very near a place that has seen some real scrapping. Shell holes are all around them, but they seem to defy the German artillery bloom as though there were no war on." The flowers seem to be wild roses, and have a delightful fragrant perfume.

**SAD NEWS CONFIRMED.**—Mrs. Edward England, of Ellerslie, has received the sad news of the accidental death of her daughter, Mrs. E. Bayfield Williams, whose husband was formerly a barrister at Summerside as well as secretary to Sir Louis Davies, and is now a prominent member of the bar at Edmonton, Alta. It seems that five prominent citizens of Edmonton, amongst them the deceased lady, were staying at the J. D. McArthur Hotel at Lac la Biche, 126 miles north east of Edmonton. They all went out together last Wednesday afternoon on the lake in a gasoline launch. A terrible storm came up suddenly and later the boat drifted ashore, bottom up. All were drowned.

**WEDDING BELLS.**—A quiet wedding took place at Moosejaw, Sask., on July 19th, at the home of Dr. and Mrs. Gibson, when their daughter Ethel M. was united in marriage to Clayton B. Campbell, of Prince Albert. The ceremony was performed by Rev. W. G. Wilson, in the presence of a few immediate friends. The same evening Mr. and Mrs. Campbell left for their future home in Prince Albert. Mr. Campbell has been in the employ of The McLeod Co., Ltd., for the past seven years. He is a graduate of the Charlottetown Business College, and is a son of the late Archibald Campbell, of Tryon, and a brother of Mrs. Henry Calbeck, of this city.

**CHILDREN OFTEN SEEM TO PINE AWAY AND ORDINARY MEDICINE DOES NOT HELP THEM.**

The health of children between the ages of twelve and eighteen years, particularly in the case of girls, is a source of serious worry to nearly every mother. The growth and development takes so much of their strength that in many cases they actually seem to be going into a decline. The appetite is fickle, brightness gives way to depression, there are headaches, fits of irritability, palpitation of the heart, the least exertion, and sometimes fainting. The blood has become thin and watery and the sufferer must have something that will bring the blood back to its normal condition. At this stage no other medicine can equal Dr. Williams' Pink Pills. Their whole mission is to make new, rich blood which reaches every part of the body, bringing back health, strength and energy. Miss Helena Taylor, West Toronto, says: "Two years ago I was so badly run down with anaemia that some of my friends did not believe I would get better. I could not go upstairs without stopping to rest, suffered from headaches, loss of appetite, and for two months of the time was confined to the house. I was under the care of a doctor, but the medicine I took did not help me in the least. A friend advised my mother to give me Dr. Williams' Pink Pills, and although I did not expect they would help me after the doctor's medicine had failed, I thought they might be worth trying. After taking two boxes there was such a marked change for the better that people asked me if I had changed doctors, and I readily told them the medicine that was helping me. I continued taking the pills until I had used eight boxes, when my health was fully restored, and I have since enjoyed the best of health. I hope my experience may be the means of convincing some sickly person that Dr. Williams' Pink Pills can restore them to health."

You can get these pills through any dealer in medicine, or by mail, post paid, at 50 cts. a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### FRIDAY

**CHRISTIAN CHURCH.**—On Aug. 20th, Rev. H. R. Bell will preach as follows: Central street Christian church, Summerside, at 11 a.m., and 7 p.m. Special music. All are invited.

**SCHOOL RE-OPENED.**—Vernon School re-opened on Tuesday last with a new staff of teachers, namely, Miss Florence Vickerson, of Vernon River and Miss Blanche Murphy, of Vernon River Bridge.

**THE PARISH OF ALBERTON.**—Church of England services, Sunday Aug. 20th, Rev. P. G. Godden's farewell, St. Luke's, 10.30. L. O. L. O'Leary, 2.30. Alberton, 7 p.m.

**EARLY HARVEST.**—The first man to commence harvest operations on the island, so far as is known, this season is Mr. Clayton Forbes, of Lot 16, who cut an excellent field of barley on Friday last.

**PICNIC ENJOYED.**—The outgoing train from Souris on Wednesday at 1.30 p. m. conveyed the Protestant Sunday School picnicers on their annual gathering to Grant's Crossing where a most pleasant time was spent; returning home by the evening train.

**BODY RECOVERED.**—Word has been received that the body of Mrs. E. B. Williams who was one of the victims of the recent drowning accident north of Edmonton, previously reported in the Guardian, was found Wednesday and is being brought to her former home at Ellerslie, for interment. Funeral notice will be given later.—X.

**IDEAL VACATION LAND.**—The Guardian has received a copy of the Haverhill Sunday Record, of Aug. 6th, which contains a most interesting and highly complimentary tribute to P. E. I., "the Ideal Vacation Land," from the pen of a Record representative, Mr. W. F. French, of Haverhill, Mass., who has just returned from a vacation trip here. The article will no doubt do much to further tourist traffic to this Province, and is a graceful tribute to all who made Mr. French's visit the pleasant one it undoubtedly was.

Great sadness has entered the home of Mr. and Mrs. J. A. Cullifee, Fredericton, on Thursday, Aug. 3rd, when their youngest daughter, Mary Gladys, passed away. She had an exceptional kind and loving nature, and was loved by all who knew her. She was five years and eight months old, and leaves to mourn their loss a father and mother, four brothers and two sisters, but they mourn not as one having no hope, for we gave her back to the keeping of the all-wise Father, Who loath all things well.

He needed one more angel child To fill his shining band, And so He bent with loving smile, And clasped dear Gladys' hand.

The many friends of Mr. Albert Mills were shocked yesterday on learning of his death which occurred in the City Hospital. He had been stricken on Tuesday with an attack of appendicitis and taken to the hospital for an operation. The operation was performed yesterday and he passed away before recovering from the anaesthetic. He was 38 years of age and leaves to mourn a sorrowing widow and two young daughters, besides his father, Mr. Thomas Mills, New Glasgow, and two brothers, John of this city and Lemuel, recently enlisted in Nova Scotia for overseas service. The deceased was since boyhood a member of the choir of St. Peter's Cathedral. He was faithful, honest and trustworthy and will be greatly missed by those who knew him. The funeral will take place on Saturday morning at St. Peter's Cathedral where the service will be held, Holy Communion at 7.45, burial service at 9. Interment will be at St. Peter's Cemetery.

The funeral of the late Mrs. Eliza Burrows Waite, wife of Mr. John Waite, was held at the residence of her daughter, Mrs. Frank McCallum Centreville, Bedouque, Sunday last, August 15, and was largely attended by relatives and friends, there being about one hundred carriages which accompanied the remains to the Bedouque Baptist cemetery, where interment took place. The Rev. Dr. Calder, of Tryon, officiating.

Mrs. Waite is a daughter of William Burrows and the last of the original Burrows family, was born in Devonshire, England, on December 12, 1836, and emigrated to the Island with her husband.

**CATARH LEADS TO CONSUMPTION**

Catarh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It breaks down the general health, weakens the lung tissues, and leads to consumption.

Hood's Sarsaparilla is so successful in the treatment of catarh that it is known as the best remedy for this disease. It purifies the blood. Ask your druggist for it.
