CAPITOL TO-DAY

"Forsaking All Others" At Capitol

"Forsaking All Others" the most star-studded film since "Dinner at Eight," is now playing to capacity audiences at the Capitol Theatre.

A Breathtaking Cast

With a cast as large and magnificent as the last year hit, the new picture is revolutionary in several respects. In the first place the cast is headed by three outstanding stars, Joan Crawford, Clark Gable and Robert Montgomery, who, while they have played in teams, have never before appeared together. Perfectly cast, they comprise what could be called the ace triangle of the year.

Secondly, the new picture has a verve and pace not the slightest bit weighted or slowed down by the enormity of its cast. This is due to the brilliant direction of W. S. Van Dyke, who with this picture excels even his smash hit, "The Thin Man," and the excellent individual performances of each player.

As a light comedienne, Joan Crawford reveals a new side to her many admirers. She is par excellence as Mary, Park Avenue, who is left standing at the altar one minute and is pursued by two of New York's most dashing males the next.

We won't spoil the story by explaining who is the lucky and who the unlucky male in the end; suffice it to say that Clark Gable and Robert Montgomery both deserve their merit of outstanding performances.

Billie Burke Amusing

Billie Burke as the nervous society matron; Charles Butterworth (of the "dead pan") as Gable's friend; Frances Drake as the dark-haired siren; and Rosalind Russell as Eleanor, the girl friend, all turn in brilliant performances.

POLICE COURT-At the police court yesterday the defendant in a breach of the customs act case was fined \$50.00 and costs or two months in jail. Another man charged with a similar offence was dismissed. A drunk who failed to appear had his bail arrested.

ASSAULT CASE DISMISSED-Two assault cases which were heard before Magistrate MacKinnon yesterday were dismissed. On Saturday two out of town men appeared on a "damages" charge. Each was fined one dollar and costs and assessed five dollars damages or, in lieu of payment, sentenced to thirty days in jail.

IS BUSINESS MANAGER-Plans are being made for the publishing of the annual copy of the Edgehill Review, and the election of the editorial staff, held last week resulted as follows: Literary Editor, Miss Norma Johnson, Halifax; Assistant, Miss Ethel McKenzie, Halifax; Art Editor, Miss Frances Harris, Antigonish; Business Editor, Miss Margaret Houston, Charlottetown; and Miss Katherine Stairs, Halifax.-Windsor Tribune.

AT EDGEHILL-The Form IV girls held their form party on Saturday evening of last week under the direction of Miss E. A. Murray, Vice Principal. A humorous play was first presented to which the entire school was invited. It was entitled "Sauce For the Gossips" and was keenly enjoyed by all present. Those taking part were: Miss Margaret Houston, Halifax; B. Creighton, Dartmouth; P. Henry, Halifax; C. Ryndman, Charlottetown; E. Chipman, Yarmouth, and M. Wilson, Bremen, Germany.-Windsor Tribune.

UNUSUAL WINDOW DISPLAY - An attractive and unusual window display is to be seen in the window of the Canadian National Telegraphs Office on Richmond Street. The layout is a model of Hamilton, Bermuda, viewed from the water-front. The display is a masterpiece of the town with the wooded hills in the background. The scenery is artistically painted and especially when illuminated at night makes a very pretty scene. The display, which was made by the Bermuda Trade Development Board with the co-operation of the Canadian National Steamships, is an advanced type of window advertising which is creating much interest.

GYRO - "Modern News Gathering" was the subject of a very interesting address delivered by Ralph S. Morton, B.A., LL.B., at the regular weekly meeting of the Gyro Club held last evening in the Canadian National Hotel. Mr. Morton traced the growth of newspapers from the establishment of "The Times" by John Walter in 1785, when he originated a news transmission service of his own, the carrier pigeon, down through the years to the present day. He described the great figures in the newspaper business, such as Lord Northcliffe, Lord Rothermere, Lord Beaverbrook, W. R. Hearst, Pulitzer, and others; and also described the development of news transmission by telegraph and radio from the day of Julius Reuter to the present. A vote of thanks, moved by Mr. R. C. Chandler, seconded by Mr. R. B. Bell, was tendered the speaker by the chairman, Mr. W. J. Monaghan. Mr. Morton then gave a reading, "Sam's Letter," which was greatly enjoyed by the members and the meeting closed with the singing of the National Anthem.

MAGDALEN FLIGHT-Of late trips of mercy have been frequent, made in and to the province, but for the first time in the history of local aviation a plane was converted into a hearse yesterday when the Canadian Airways plane with Pilot Jones at the controls, took off at 11:35 with the body of Marie Turbide, aged 13 years, who about two weeks ago was taken here from Pointe Bease, Magdalen Islands, to the City Hospital to undergo an operation. In addition to 800 passengers of mail two passengers made the trip to the Magdalenes, Mr. and Mrs. Cyril Bourgeois, who arrived here by plane about two weeks ago, the latter undergoing a serious operation in the City Hospital and completely recovering. Mr. J. O. Turbide, who is on his way to Halifax was a passenger on the return trip. The plane left here at 11:35 a. m. and reached the Magdalen Islands at 12:45 p. m., leaving there on return at 2:30 p. m. and arriving here at 3:30 p. m.

ODDFELLOWS AND REBEKAHS-Last evening was most enjoyably spent by Oddfellows and Rebekahs when they met in the lodge rooms for supper which was

DEATHS

MARTIN-At the Charlottetown Hospital, on February 25, 1935, Mrs. William Martin, aged 47. Funeral notices later.

MACINNIS-At Lorne Valley Tuesday, February 19, 1935, Mrs. Alexander MacInnis, aged 67 years and 6 months. Funeral from her residence on Thursday, February 21 at 2 o'clock. Interment was in Lorne Valley cemetery.

STEP TOWARD CANCER CURE

By F. B. Cotton, Associate Press Science Writer (By Guardian's Special Wire)

WASHINGTON, Feb. 25. - The discovery of a mysterious substance which makes cancer cells more susceptible than healthy ones to X-rays and radium rays was reported here today as another in the series of tortuous steps toward cure of the disease.

Physicians have long known that cancer tissue is affected by radiation more than sound flesh but the reason was believed to be that the rays stopped growth of the cells.

Experiments by Dr. Paul S. Henshaw of Memorial Hospital, New York, have apparently determined, however, that the rays halt the workings of the strange substance that regulates not only growth in size but other development as well.

The studies by Dr. Henshaw were made public by the American Association for the Advancement of Science. Cancer specialists hope that from them may grow the knowledge of just how much radiation to apply to the diseased cells so that the normal ones will not be harmed.

WIDE DAMAGE BY STORM

(A. P. By Guardian's Special Wire)

KANSAS CITY, Feb. 25. - Sleet, snow and hail drummed out tonight a dismal finale to a wild weather display that pounded and tore from the Rockies to the Mississippi and beyond.

At least 13 persons died, heavy property damage was recorded and stock and crops suffered widely from devastating dust storms and tornadoes followed by a blinding blizzard.

The wheat belt profited from the moisture of sleet, snow and rain; the first precipitation in some arid sections since last summer's drought. Otherwise, the storm, apparently centered tonight in the Great Lakes region with clearing weather in prospect elsewhere, left little on the credit side immediately recognizable as such.

There were no available estimates of the widespread damage wrought by hailstorms, twisting winds and high-velocity snow banks in many States. In the great tri-state lead and zinc fields of Kansas, Oklahoma and Missouri, and also near Wichita, Kansas, reports of losses pushed estimates of damage in Sunday's tornado past the \$250,000 mark.

PERSONALS

Miss Rena Boswell, Fownall, has returned home after visiting at Southport and Charlottetown.

Mr. T. D. Ling, Charlottetown, returned to the city Saturday after spending the past three weeks visiting friends in Wheatley River.

Mr. Jack Murdoch, Charlottetown, has entered the Prince Edward Island Hospital for treatment.

Dr. Found: the new interne at Aberdeen Hospital, is a native of Summerside, P. E. I. and is taking his degree at Dalhousie University. He has been here about a week.-New Glasgow News.

A TRIBUTE

Mr. W. W. Judson
1852-1935

At the late W. W. Judson was born at Alexandria. In his boyhood days he learned the blacksmith trade, which he followed all his life, part of which was spent in the United States, Mr. Judson, P. E. Island, and finally at Pownall, where he was known as the village blacksmith.

Early in life he joined the Baptist Church at Alexandria and was one of its faithful pillars. Possessing an unusual tenor voice he was a valuable member of the choir. He taught the Bible class in the Sabbath School for many years. He loved the church, and was regularly in his place regardless of roads or weather conditions. In the early fall of 1934 his health confined him to the house. He was frequently visited by his pastor, Rev. Mr. Chisholm. On the afternoon of Saturday, February 2, he died. Considering the severity of the weather and bad travelling there was a large attendance when funeral services were held in the church on Tuesday, Pastor Chisholm comparing the life of the departed to the first psalm of David. The hymns were "I Love Thy Kingdom, Lord," "Euse in the Arms of Jesus," and "Blest be the Tie That Binds." Mr. Chisholm rendered "Some Day the Silver Chord Will Break" very feelingly. Besides a sorrowing widow, he leaves the following: Mrs. Minnie Boswell, Summerside; Mrs. Jennie Wood, Charlottetown; Mrs. Viola Thompson, Dunstaffnage; Ralph, City, who were with their father when he passed away. The absent ones, Mrs. Elizabeth Page, Lorne, Percy and Josephine, to cherish the memory of a kind and loving father. Mr. Judson was tenderly laid to rest in the cemetery adjoining the little church he loved and served so well.

GERMANY

(Continued from Page 1)

Sir John declared he had received a reply from the German government concurring with the British government's description of the scope of the proposed meeting, "to carry the consultation a stage further on all matters referred to in the Anglo-French communique."

May Go To Berlin

The minister emphasized the word "all" as he made his statement. The German communication had invited him to go to Berlin for this purpose, he said. "His Majesty's government consider this a useful suggestion. I hope to visit Berlin shortly. The date remains to be arranged."

The French and Italian governments have approved the procedure, Sir John added.

Money Paid In Old Age Pensions

(C. P. By Guardian's Special Wire)

OTTAWA, Feb. 25.-Old age pensions figured in two answers tabled today in the House of Commons by Secretary of State C. H. Cahlan.

A total of 86,873 persons were receiving pensions last Mar. 31, he replied to G. C. Coote (U. F. A. Macleod) the total paid to pensioners under this act in the fiscal year 1933-34 amounted to \$16,566,116.

In answer to C. E. Ferland (Lib. Joliette), the minister gave total contributions as at Dec. 31 last of the Federal government, with respect to each province, exclusive of Quebec and New Brunswick, as: Alberta \$3,881,406; British Columbia \$6,071,793; Manitoba \$6,598,037; Nova Scotia \$1,154,148; Ontario \$30,061,336; Prince Edward Island \$168,886; Saskatchewan \$6,020,614; and Northwest Territories \$7,774.

Total contributions of each of these provinces at Dec. 31 were: Alberta \$1,678,368; British Columbia \$3,977,760; Manitoba \$4,598,112; Nova Scotia \$3,871,716; Ontario \$15,168,886; Prince Edward Island \$302,283; Saskatchewan \$3,174,685 and Northwest Territories \$3.

PRESCRIPTION REASON

NO. 3

Why You Should Have Prescriptions Filled at WORTH'S Drugstore

RENDERING a service that many times is the difference between life and death, we must combine skill, precision and speed with fresh, pure drugs in each prescription we fill. That we have succeeded is evidenced by the gratefulness of our many patrons.

PHONE 82.

POTATO FREIGHT RATES PROTESTED

Strong Arguments Presented At Kelly's Cross Meeting For Reduction In Present Rates Schedule.

On Monday evening, Feb. 18th, the farmers of Kelly's Cross and vicinity, met in the school hall, to decide what means could be taken that they might profitably market their surplus stock of potatoes. Mr. Frank Flood was elected to the chair and Mr. James E. Coody acted as secretary.

After freely discussing the matter it was shown that owing to the high freight rates from Island points to the central markets of Montreal and Toronto, and the cost of handling, it was impossible at the present prices to market their potatoes without loss to the producer. At the end of the meeting a resolution was adopted unanimously passed, to be forwarded to the Federal representatives of Quebec, Mr. John H. Myers and Mr. Chester McLaure, to urge them to use their influence in inducing the government and railway officials, to lower the freight rates on potatoes, that they might be able to market them, at least without loss. It was also shown that a lowering of the freight rates would not necessarily mean a loss of revenue to the railway, as with the present rates the producer cannot ship, but with lower rates more potatoes would be marketed and the farmer would have more money which would be used in buying lime, fertilizer, seeds and etc. Thus the railway would indirectly benefit by it. Following is a copy of the resolution.

Whereas the question of freight rates on the C.N.R. is, especially in these years of depression, for the farmers a very vital one, and the present high rates to Montreal and other points in Canada are very disadvantageous to the farmers interests, especially in the marketing of potatoes.

Resolved, that our representatives, Messrs Myers and McLaure be requested to bring about the implementation of this Resolution.

Further resolved, that a copy of above resolution be sent to the press for publication.

Whereas, the residents of Kelly's Cross, Queens County, in public meeting assembled, this 18th day of February, 1935, while appreciating the many Federal acts passed, and those now before the House of Commons, for the amelioration of the farmers anxieties, and to enable them to carry on, as well as the zeal for the tillers of the soil, displayed by our worthy Premier Dr. Macdonald, and our boards of trade, hasten to add our emphatic protest against the existing high freight rates on the potatoes, shipped from the Maritime Provinces, with special reference to Prince Edward Island.

And whereas while the Government in power shall have the gratitude of the farmer producers, for the various acts passed and under discussion to improve their status, it is our unanimous opinion, that at the present time-right now, to enable the farmers to sell their potatoes at a small profit-the most welcome "Government Relief" that could be proclaimed, is an immediate reduction of the freight on potatoes, turnips, etc. Every cent cut off the freight to Montreal, would mean a cent on the price of a bushel of potatoes.

Therefore resolved, that we urge most earnestly that not only the district, but every farming community on P.E.I., join in this great, just, this most necessary request upon the Federal Government and the C.N.R. authorities. If this present freight rate be not appreciably reduced at once, the farmers will be compelled to keep their potatoes on the farm.

Resolved, that our representatives, Messrs Myers and McLaure be requested to bring about the implementation of this Resolution.

Further resolved, that a copy of above resolution be sent to the press for publication.

percent of the losses sustained by farmers since 1930.

MAY CONSIDER

(Continued from Page 1)

The credit will go against the principal of the loan.

Applies To Quebec

The last amendment would apply only to Quebec. It would permit loans up to 60 percent of lands and buildings because no chattel mortgages are legal in that province.

There was only one verbal outburst today and that came from the Finance Minister. It was prompted by Progressive members who accused the government of creating low farm prices by a steady policy of deflation. Before the Finance Minister was through, he chided the only woman in the House, Agnes MacPhail (Prog. South-East Grey) for interrupting speakers by caustic questions and comments.

The reason credit sources had been closed to farmers was because of the drop in farm prices said G. C. Coote (U.F.A. MacLeod). He told of a neighbor farmer who got 10 cents for a cow he shipped to the Calgary market.

Mr. Coote said had it not been for the Moratoria laws enacted by the provinces there would have been riots in Canada as in some rural sections of the United States because prices were so low the farmers could not pay their debts.

The government could have done something for the farmers a few years ago by monetary action as had been done in Australia. It had reduced the Australian farmer was getting a fairer return for his products than the Canadian producer because his government had taken action to make Australian currency conform to the needs of the farmer.

Continue Better Health Campaign

Carrying their campaign for better health further into the province, Dr. Harry Thomson of Toronto, secretary of the Canadian Dental Hygiene Council, and Dr. B. C. Keppeler, Provincial Health officer leave this morning for Tignish, where they will address meetings Wednesday night.

"I am very pleased with the excellent results thus far achieved," Dr. Keppeler said tonight. "In all the centres we have visited so far there is an immediate response. Parents show a keen interest in the lectures and the halls have been crowded."

Last week they covered the eastern section of the province. Dentists in all towns were co-operating and giving freely of their time in examining all school children's teeth. They planned to speak at Alberton Thursday night, O'Leary Friday night, and will return to Charlottetown over the week-end.

Next week the campaign will be brought to a close when they will spend two days at Summerside and a day in Kensington.

"Dr. Thomson intends to visit the Maritimes again in May and, at that time we shall have an opportunity of visiting other centres," the Chief Health officer stated.

"He is a magnetic speaker and his lectures are illustrated with slides. He is preaching the gospel of preventive medicine," concluded Dr. Keppeler.

Over One Million On Direct Relief

(C. P. By Guardian's Special Wire)

OTTAWA, Feb. 25.-At the end of December 1,182,126 persons in Canada were receiving direct relief, according to a return tabled today in the House of Commons by Secretary of State C. H. Cahlan.

Of that number 1,107,326 came within relief plans administered by the labor department, 20,157 were in camps administered by the department of national defence, 31,484 were pensioners of the great war and their dependents granted relief under the provisions of legislation governing their cases, and 23,187 were under the jurisdiction of the department of Indian affairs.

Ontario's relief recipients totalled 360,000; Quebec 327,000; Saskatchewan 201,700; British Columbia, 63,871 in Manitoba, 33,576 in Alberta, 24,547 in Nova Scotia, 9,300 in New Brunswick and 3,792 in Prince Edward Island.

Discussing the government bill increasing to \$90,000,000 the funds available to the Farm Loan Bill, he contended it would have been better if the government reduced tariffs which he blamed for the fall in farm prices.

The loan fund, said Mr. Pouliot, did not represent one-half of one
