

AN OLD LADY'S PERIL

Could Scarcely Walk or Sleep—Dodd's Kidney Pills Cured Her.

BEAR RIVER, Digby Co., N. S. Feb. 16 (Special).—One of the most remarkable cures noted in medical circles is that of Mrs. Elizabeth Berry, of this place. Mrs. Berry who is sixty five years of age, was troubled with Chronic Kidney Complaint, and the disease had reached that stage when she could not sleep. She could scarcely walk from one room to another, and she required assistance to dress herself. "Then," to use her own words, "I resolved to give Dodd's Kidney Pills a thorough trial. I took five boxes, and they proved such a success I took even more. Now I can sleep much better and am completely cured of Kidney Troubles. "When I started taking Dodd's Kidney Pills I could only walk from one room to another, now I can walk a mile."

DENTISTRY BY SPECIALISTS.

As Viewed by Some of Ch'town's Prominent Visitors.

Proud of the fact that in addition to our extensive practice among the people of Prince Edward Island, the quality of our dental work brings to us many patients from outside places, we submit the following letters from men who are well known to the people of this Province. We have received numerous letters from prominent people, cordially praising our work in all its branches. The following coming from large cities in the United States, England, Canada amply prove the extent and quality of reputation enjoyed by the Berlin Dental Parlors of Charlottetown.

Mr. W. H. Tetlow, representative of Rylands & Sons, Manchester, England, one of the largest firms in England, Mr. Tetlow visits Canada twice each year, and is one of the best known of English travellers who come to Charlottetown.

Mr. Frank B. Street of Montreal, representative of the well known firm of Williams, Green & Rome Co. No commercial man in all Canada is more favorably known than Mr. Street.

The Portland Packing Company is known to all P. E. I., the head of this large firm Mr. Clinton L. Baxter is an annual and popular visitor to this Province.

Read what the above gentlemen think of the Berlin Dental Parlors of Charlottetown.

THE WILLIAMS GREEN & ROME CO. OF BERLIN (Limited). Montreal, Quebec. Drs. Maloney & Kennedy, Charlottetown P. E. I. Gentlemen:—It is a pleasure for me to testify to your ability and the scientific work done at your office. I am always sending your praises to my friends and in every case advise them to wait till they go to Charlottetown to have their teeth "fixed" at the "Berlin Dental Parlors."

It is now over five years since I first called at your office to get relief from a troublesome tooth. Having previously had considerable experience with dentists in different cities, I was at once impressed with your system of specialization, and your treatment of me at that time was so successful that on the occasion of my annual visits to the Island my first object is a visit to you for a general overhauling of my teeth. So successful have you been in keeping my teeth in good shape, that my brother, Mr. E. R. Baxter, has also given the care of his teeth into your hands. It is with pleasure I give you permission to use my name. Wishing you all success, I remain Very Truly Yours, CLINTON L. BAXTER.

That you may ascertain for yourself the difference between our practice and all others, and not rely on our statement simply is one reason for furnishing the above letters. We have many others in our office which we will be glad to show anyone who is interested.

We shall be glad to see you personally and talk with you face to face. Drs. Maloney and Kennedy Dental Specialists, Berlin Dental Parlors, Charlottetown.

THE BLUSHING HABIT.

Disease of the Nerves—Unhappy Cases seen by A Doctor.

(The Scotchman)

At Vienna scientist and a doctor who has made an especial study of blushing declares that it is a disease of the nerves. He declares that blushing should be treated like any other nervous disease and that in many cases it is hereditary. One of his patients (a man) told the doctor that the fear of blushing, kept alive by the jocular taunts of his friends had caused him such depression of spirits that he had several times been on the verge of suicide.

Another patient (a society woman) suffered seriously from nervous prostration in consequence of the teasing of her friends, who made her blush just "for the fun of it." A colleague told the doctor of one of his patients who was driven mad by blushing. Her mental condition was greatly improved by her transfer from a chamber papered in red and furnished in mahogany to a green room with oak furniture. This woman is again in society but is subject to occasional attacks of blushing that affect her mentally at the sight of red dresses, red ribbons, or anything in red. He has discovered that those addicted to blushing suffer less in summer than the cold months, and that summer is the best time of the year in which to be treated for the annoying disease.

There are critical times, even in the warm months, for the blusher. "When a thunderstorm is in the air and in the damp of the early morn and late at night persons addicted to the habit blush most often and most violently," says the doctor, who distinguishes between two kinds of blushing—blushing caused by extraordinary sensitiveness, extreme bashfulness or modesty, and blushing because of the blusher's apprehension of the act of blushing. A certain young woman, extremely pretty, was driven to forswear society because of the unfortunate affliction of blushing extended to her beautiful neck and arms, and thus prevented her from appearing in full dress. This young woman suffered not only outwardly, but she loses all self-control when blushing. Her thoughts are "all mixed up," and she cannot speak connectedly. She underwent treatment for nervousness, but the doctor could not help her.

Another singular case was that of a leading actress, who consulted the doctor. "She had ruined her complexion," said he, "by excessive use of white grease paint applied to cover her blushes which marred her performance. She blushed whenever anything went wrong behind the scenes or on the stage and had no control of her emotions. She is a very young woman; I never met with the trouble among actresses of mature years." The doctor says that strong men do not blush except under extraordinary circumstances, that blushing is truly a mark of effeminacy. Blushing men are seldom cured for they are often sufferers from heart disease.

"I have known blushing fits, so called," said he, "to last for hours, accompanied by irregular pulse and excited heart. To blushing men and women with families I say: "If you have a boy or girl who blushes under a reproach, or for fear of being found out, do not tell them of it, for if you do it will arouse in them apprehensions. If the child has any steadiness of mind, you will undermine it: if he has no stamina, you will completely unsettle him. There are foolish people who think their children are innocent so long as they can blush. What nonsense!"

HALIFAX BAKERS MAKING BETTER BREAD.

A few years ago the bread furnished by bakers in the city of Halifax was of a very poor quantity, and only those bought it who, by reason of various circumstances, were unable to make bread at home. But the tables have been turned. Two or three of the bakers who enjoy the best trade make as good bread as most housekeepers are able to do, and people have thus been encouraged to buy baker's bread, so that the making of home-made bread is coming to be a lost art in the provincial capital. The chief reason for this is that the bakers are using better flour. The baker who enjoys the larger trade uses "Ogilvie's flour exclusively."

THE CREW MUTINIED.

LONDON, Feb. 9.—The British steamer West Hall, Captain Morgan, New Orleans January 18, for Glasgow, passed Brown Head yesterday and signalled that the crew of the American schooner Anna L. Mulford were aboard.

Blood Disorders

are simply kidney disorders. The kidneys filter the blood of all that shouldn't be there. The blood passes through the kidneys every three minutes. If the kidneys do their work no impurity or cause of disorder can remain in the circulation longer than that time. Therefore if your blood is out of order your kidneys have failed in their work. They are in need of stimulation, strengthening or doctoring. One medicine will do all three, the finest and most imitated blood medicine there is.

Dodd's Kidney Pills

HONOR MASCAGNI.

LONDON, Feb. 12.—A despatch to a news agency from Rome says: 'King Victor Emmanuel has conferred on Signor Mascagni, the composer, the title of Chevalier of the Order of Savoy.'

COLDS SETTLE ON THE KIDNEYS.

Hence the Backaches, Rheumatism Pains and Lumbago.

DR. CHASE'S KIDNEY-LIVER PILLS.

Prompt to Relieve and of Lasting Benefit.

It is not only the lungs that suffer during the cold, damp season. The kidneys are almost equally susceptible to sudden changes of temperature, and many a serious case of kidney disease has its beginning with a cold, which settles on the kidneys.

Persons working out of doors are most likely to be victims of such trouble, and suffer from headaches, lumbago, rheumatism and crippled, aching limbs, but anyone is liable to set in a draught or expose his back to a current of cold air. Cold setting on the kidneys causes congestion, a clogging of the filtering organs, and consequent derangement of the whole digestive and excretory systems. The liver fails to work; the bowels become constipated, and the stomach gets upset.

Because of their diet and combined action on these organs, Dr. Chase's Kidney-Liver Pills are of most prompt and most lasting benefit for such derangements. They are positive in their effects, and are backed by the experience and integrity of Dr. Chase, the famous receipt book author.

Mrs. J. Larter, 122 Cross Street, Charlottetown, P. E. I., and whose husband is a contractor, states:—"I had suffered a great deal with pains in the small of my back, my digestion was bad and I was frequently troubled with spells of racking headache. I have been entirely cured of these distressing symptoms by the use of Dr. Chase's Kidney-Liver Pills and find that my general health is greatly improved since I have been using this preparation."

"I can also testify to the merit of Dr. Chase's Syrup of Linseed and Turpentine, as I was cured of a severe attack of bronchitis by the use of this remedy."

Dr. Chase's Kidney-Liver Pills. One pill a dose; 25 cents a box; at all dealers. Or Edmanston, Bates & Co, Toronto.

British Troop Oil Liniment is without exception the most effective remedy for Cuts, Wounds, Ulcers, Open Sores, Rheumatism, Bites, Stings of Insects, etc. A large bottle, 25 cents.

"All the older people seemed to like Georgia so much at the children's party." "Any particular reason for it?" "Why, I didn't notice it until after the hostess asked him if he wouldn't recite something, and he replied that he didn't know anything to recite."

Minard's Liniment Cures Rheumatism. "No," said Mr. Cumrox, reflectively, "We had Jesse James and the Biddle boys, but 'we're a little behind Paris in some respects, we haven't as yet equalled the Humberts.—Washington Star."

The breath of the pines is the breath of life to the consumptive. Norway Pine Syrup contains the pine virtues and cures coughs, colds, bronchitis, hoarseness, and all throat and lung troubles, which I not attended to, lead to consumption.

"But really you are getting seedy," persisted Mrs. Naggit. "Just look at your hair. How long is it since you've had it cut?" "I don't know," he answered, "I haven't measured it."

Minard's Liniment Cures LaGrippe. "If you kiss me again sir, I shall call my mother." "What's the use of that?" said Chollie Freshie; you know I'd prefer to kiss you, and, besides, your father might object to me kissing the old lady."

GOOD HEALTH IS IMPOSSIBLE. Without regular action of the bowels Laxa-Liver Pills regulate the bowels, cure constipation, dyspepsia, biliousness, sick headache and all affections of the organs of digestion. Price 25 cents. All druggists.

They were talking about the various methods of celebrating the passing of the old year and the coming of the new. "Did you ever dance the old year out and the new one in?" he asked. "Yes, indeed, scores of times," she replied.

Worms affect a child's health too seriously to neglect. Sometimes they cause convulsions and death. If you suspect them to be present, give Dr. Low's Pleasant Worm Syrup, which destroys the worms without injuring the child. Price 25c.

Minard's Liniment the Best Hair Restorer. Mrs. Unjohn—"What beautiful floors! How do you keep them so nicely polished?" Mrs. Gaswell (giving her the icy glare) "I don't; I leave that to the housemaid."

Used Internally Haggard's Yellow Oil cures Sore Throat, Hoarseness, Quinsey Pain in the Chest, Croup, etc. Used externally cures Rheumatism, Stiff Joints, Contracted Cords, Sprains, Strains, Burns, Scalds, Cuts, and Bites of Insects. Sunday School Teacher—"Tommy, I am glad to hear that you don't read dime novels. Why is it though?" Tommy—"Cos I knows a place where I kin get em' three for a dime."

ISSUE OF \$1,000,000. 7 per cent Preferred Shares of \$100 each, at par. CANADIAN STEEL & COAL COMPANY, LIMITED, INCORPORATED. Preference Stock.

The stock is preferred both as to Capital and Dividends. The shares are entitled to cumulative preferential dividends, from the net earnings of the Company, at the rate of 7 per cent. per annum, payable half-yearly on the first days of April and October.

The total issue of Preferred Stock is only \$1,000,000, the whole of which is now offered and one half of which is already underwritten. Subscriptions for 10,000 Shares of \$100 each of the 7 per cent. Preferred Stock of the CANADIAN STEEL AND COAL COMPANY, Limited, will now be received at par, that is, \$100 for each \$100 share. TERMS:— \$5.00 on application, \$15.00 on allotment, \$20.00 on first January, 1903, \$20.00 on first Feb., 1903, \$20.00 on first March, 1903, \$20.00 on first April, 1903.

The whole of the instalments remaining unpaid at any time may be prepaid in full. A discount of 5 per cent. will be allowed upon the par of each share if prepaid at time of allotment. Forms of application and copies of Prospectus may be obtained on request. Notice of allotment will be sent promptly by ordinary letter. It is intended to apply to the Stock Exchanges in New York, Boston, Montreal and Toronto for the listing of the Stock of the Company.

THE CANADIAN STEEL AND COAL COMPANY Limited, was organized to mine and manufacture iron and coal, coke and steel in Canada, at Atlantic tide water. The raw materials for these manufacturers are:— 1. COAL. 2. IRON. 3. LIMESTONE.

All these materials we have at hand. 2-Iron. The Company has acquired by purchase, immense iron deposits on the North Shore of the Gulf of St. Lawrence, about 350 miles from Sydney. The deposits are estimated to contain 20,000,000 tons of ore above sea level with probably as much more below that line. The iron can be handled for \$1.00 per ton or less. Quantities of this ore have been shipped to Great Britain and United States where it has given great satisfaction, and we can sell large quantities f. o. b. at the properties, netting us a profit of \$2.00 per ton. This ore makes the finest steel.

When in full operation the output is expected to be about as follows: 1. IRON.—200,000 tons iron ore shipped direct from property, showing net profit of \$2.00 per ton, total \$400,000.00 200,000 tons fine iron ore shipped in briquettes, showing net profit of \$4.00 per ton, total \$800,000.00 100,000 tons steel blooms showing net profit of \$3.00 per ton, total \$300,000.00 2. COAL.—600,000 tons coal, showing net profit, at least, \$1.00 per ton, total \$600,000.00 3. AIDS.—Government bounties (averaged) added to above per year for 6 years \$100,000.00

Total year revenue Net Revenue. \$2,200,000.00

Total net annual profits LESS FIXED CHARGES: 5 per cent interest on bonds \$37,500.00 7 " " " on preferred stock 70,000.00 Sinking Fund 67,500.00 Incidentals 25,000.00 \$200,000.00

Equivalent to yearly dividends of 30 per cent., or 15 per cent. half-yearly on total capitalization. If the capitalization was increased to this estimate would still show a dividend-earning capacity of 10 per cent. per annum.

The capitalization of the Dominion Coal Co., is earning fully 12 per cent., and is paying 8 per cent. guaranteed dividends on this enormous sum. The capitalization of the Dominion Iron and Steel Company is on which it is believed 6 per cent dividends will be earned.

The capitalization of the Canadian Steel and Coal Company is only controlling, it is believed, equally valuable properties, and it is reasonable to expect much larger dividends. Within the last few months Dominion Coal shares common rose in market value from \$40 to \$144 per share, and Dominion Iron and Steel Company's shares common rose over \$30 per share in market value.

With such low capitalization The Canadian Steel and Coal Co's shares would show tremendous profits; and it is confidently believed they will. Address all communications originating in United States, to the Canadian Steel and Coal Company, 63-65 Wall Street, New York City. And all communications originating in Canada or elsewhere, to the Canadian Steel and Coal Company, 351-2-3 4 Temple Building Montreal, Canada. P. O. Box 1014.

BOYCE & BLANCHARD. Have removed to their new stand Great George Street in the shop formerly occupied by W. N. Tanton Jeweller. They will be pleased to meet all their old customers and many new ones in their new stand which is centrally located, and more convenient. March 6 ood & w

Do Your Eyes Trouble you? If so we may be able to help you with properly fitted glasses. A visit to our store will convince you. G. H. TAYLOR JEWELER AND OPTICIAN Queen Square, Sunnyside.

The E. B. EDDY COMPANY'S Headlight Parlor Match IS GROWING More and More Popular. Everybody wants them. All grocers keep them in stock. Popular Price 5 Cents for a large box.
