Helpful Silverware

There is a great difference in the character of silverware. Some is of practical value for use, combined with beauty of design and finish, such as this Crumb Set. Every housekeeper knows that a brush wears the table cloth, and that with a scraper or knife wear is much lessened. This is a particularly handsome set, with its ebony handles, and with the good feature of its being an article for daily use makes it desirable for a present or for your own household. Other articles in the same "Meriden" goods just as useful and useful.

Auction Sales

of Jewellery and Fancy Goods

I have instructed Benj. Carter & Co., auctioneers to sell by Public Auction at our store, Sunnyside, Grafton St., every Saturday night until further notice a large stock of jewellery, glassware, silverware and fancy goods. Sales to commence July 4th at 8 o'clock, p.m. On account of poor health for the last twelve months, money is very much needed, therefore bargains may be expected.

The annual practice of No 4 Co., 82nd Regt., was held on York Rifle Range, on Saturday the 24th inst. Thirty members of the Company took part in the competition. The weather was very unfavorable. Uncertain light and a strong wind blowing across the range made high scoring impossible. The prize list, in the absence of the usual Government grant, was a very creditable one. The officers and members of the Company are indebted to the professional and business men of Charlottetown and others, who by their contributions, not only helped to swell the list of prizes, but showed the interest they take in military matters generally. With every able bodied citizen a good marksman we shall in future settle our own international disputes.

EASTERN NOTES.—The last week of October and considerable harvest yet to do, rendered more difficult by broken and unsettled weather. A few are done digging, but the bulk of the potato crop is still in the field. The crop is generally a good one.—No fishing at present, as the few who ventured out between the storms got little but dog fish. Though the last month has been a blustery one we missed the furious gales from the north east that raged with such violence on the granite shores of New England.—A telegram was received by T. S. Robertson on the 21st, announcing the sad intelligence of the death in Boston that morning of his brother-in-law Osgood W. Carney. He and his wife formerly Miss Christiana Robertson visited here three years ago. They subscribed for The Guardian and constantly renewed on account of the news from her native place. The sympathy of her many friends here is extended to her on this sad occasion.—Among our latest exodians are Miss Bessie Fraser, and Mrs. Wm. Brown nee Miss Eunice Baker who spent the summer with friends around North Lake.—Rev. Mr. Gardiner has returned from a trip abroad.—Rev. Mr. Murray is at present sojourning at the hospitable home of William Young.—The intensely wet Sundays of the past weeks have seriously interfered with the attendance at our churches. Deacon Scott officiated during Rev. Mr. Gardiner's absence. His friends were glad to see him once more occupying the sacred place, he occupied at intervals for more than sixty years, though sorry to see that the snows of four score and three winters were making sad inroads on his once vigorous frame.

The talk of the Dominion. The decision of the Alaskan Boundary Commissioners has stirred up an intense interest all over Canada. In one point, however, Canada has outstripped the Yankees. By clever foresight a Canadian firm is the first in America to produce new maps showing the disputed territory and the Commissioners' award. The Family Herald and Weekly Star of Montreal have been waiting for the decision to go ahead with their new map of the Dominion, which shows the territory in dispute; also the new Grand Trunk Pacific line. New Ontario and in fact everything up-to-date. The publishers' price we believe is \$2.50 per copy, but they have decided to send a copy absolutely free to all subscribers to that great family weekly for 1904. As each subscriber will also receive two beautiful coloured pictures, each 22x28 inches, along with the Family Herald for a whole year, for one dollar, it will be a surprise if they can handle the business that is sure to come their way. The publishers adopt the rule of sending premiums in the order in which subscriptions reach them so that it will pay to get on their lists without delay.

FERROZONE

Thousands are kept in perfect health and free from kidney complaints by Ferrozone. Among those who speak in the most laudatory terms of Ferrozone is Mr. Chas. F. Olive, of the Gazette, St. John, N. B.: "For several years I have had kidney trouble," says Mr. Olive, "until quite recently I suffered torture. A few months ago my condition assumed a very serious form. I consulted several city doctors, used different pills, but without the slightest benefit. I suffered from an intense pain in the groin, and the increasing seriousness of my troubles prompted me to try Ferrozone. It gave me quick relief, and half-a-dozen boxes cured. Ferrozone I can recommend as a specific for disordered kidneys."—Chas. F. Olive.

Ferrozone not only cures kidney complaint, but also such maladies as Rheumatism, Gout, Sciatica, Skin Eruptions, Diabetes, Lassitude and Nervousness, which are caused by defective kidneys. It neutralizes and destroys all poisons in the system, cleanses the blood, and invigorates enfeebled energies. It is mild, gentle and certain. Costs 50c. per box, or six for \$2.50. At druggists everywhere, or by mail from the Ferrozone Company, Kingston, Ont. Don't fail to get Ferrozone at once—it will make you well.
